## BoxWave ClearTouch Crystal for JOYING Car Stereo JY-UQD10N4G-GT

# BoxWave ClearTouch Crystal Screen Protector Instruction Manual

For JOYING Car Stereo JY-UQD10N4G-GT

## 1. PRODUCT OVERVIEW

---

The BoxWave ClearTouch Crystal Screen Protector is designed to provide a protective layer for your JOYING Car Stereo JY-UQD10N4G-GT screen. This product offers high transparency, maintaining the visual clarity and vibrant colors of your device's display while shielding it from scratches, dust, and minor impacts. Each package includes two screen protectors along with essential application tools.

# High Definition Clarity

Provides 99% visual transparency that preserves crystal clear optical clarity with vibrant colors

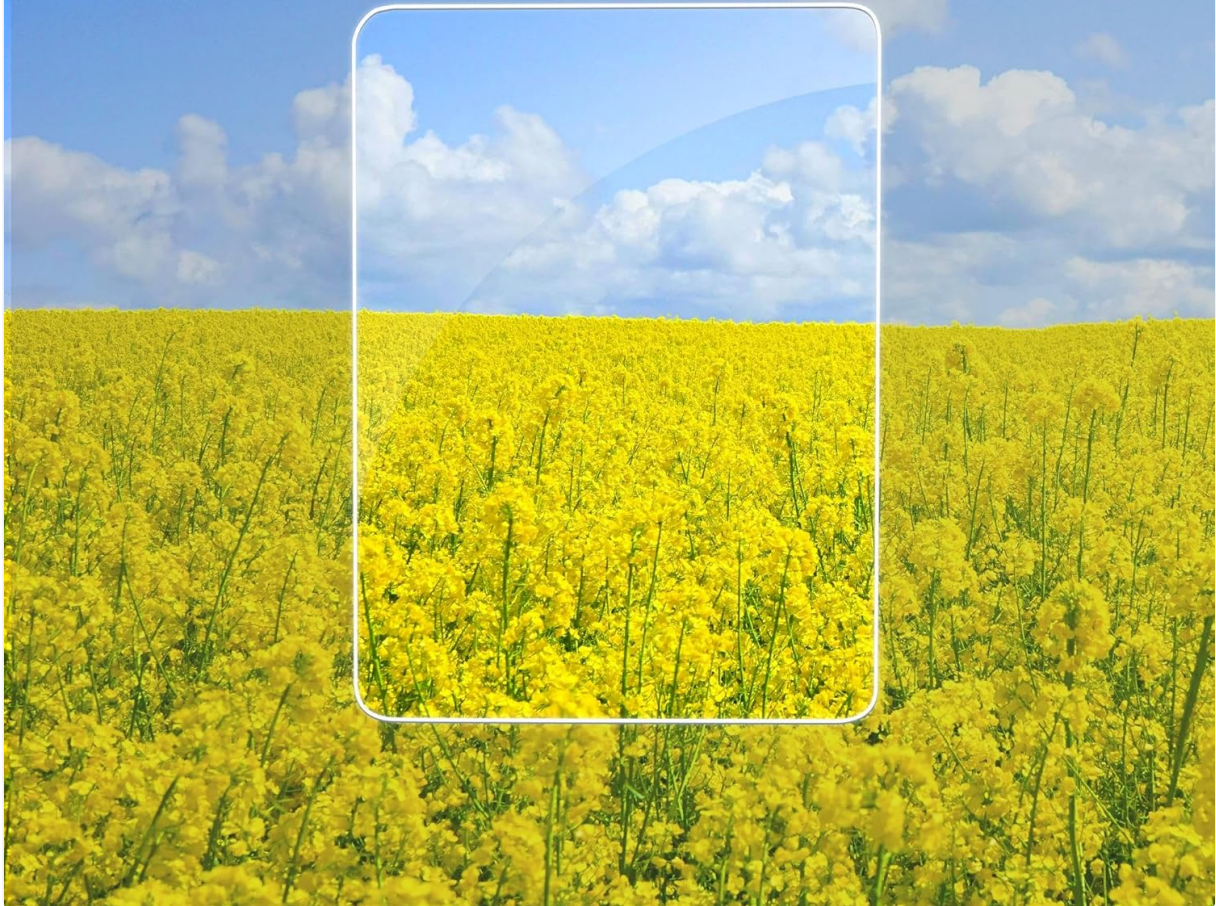

Image: Contents of the BoxWave ClearTouch Crystal Screen Protector package.

- **High Transparency:** Provides up to 99% visual clarity for a clear, vibrant viewing experience.
- **Durable Protection:** Made from high-quality thermoplastics to protect against scratches, dust, and minor impacts.
- **Precision Cut:** Custom designed and precision-cut to fit the screen dimensions of the JOYING Car Stereo JY-UQD10N4G-GT.
- **Residue-Free Application:** Features a glueless adhesive for smooth application and clean removal.

## 2. SETUP AND INSTALLATION

---

Proper installation is key to achieving optimal results. Follow these steps carefully for a bubble-free application.

# *ClearTouch screen protector*

## *included accessories*

**Applicator  
Card**

**Microfiber  
Cleaning Cloth**

**Dust Removing  
Sticker**

Image: The application kit includes an applicator card, microfiber cleaning cloth, and dust removing sticker.

1. **Prepare Your Workspace:** Choose a clean, dust-free environment. Wash your hands thoroughly to avoid transferring oils or dirt to the screen or protector.
2. **Clean the Screen:** Use the provided microfiber cleaning cloth to thoroughly clean the screen of your JOYING Car Stereo. Ensure all dust, fingerprints, and smudges are removed. For stubborn marks, a screen cleaner (not included) can be used, followed by drying with the microfiber cloth.
3. **Remove Dust:** Use the dust-removing sticker (if provided) to lift any remaining dust particles from the screen surface. Lightly dab the sticker across the screen.
4. **Peel Back Layer 1:** Carefully peel back a small portion of the protective film labeled 'Layer 1' from one end of the screen protector. Avoid touching the adhesive side.
5. **Align the Protector:** Align the exposed adhesive edge of the screen protector with one edge of your device's screen. Take care to match all cutouts (if any) for speakers, cameras, or buttons.
6. **Apply Gradually:** Slowly and steadily lower the screen protector onto the screen, peeling back 'Layer 1' as you go. Use the applicator card to gently smooth out any air bubbles as the protector adheres. Work from the aligned edge towards the opposite side.
7. **Remove Air Bubbles:** If air bubbles appear, use the applicator card to push them towards the nearest edge. For persistent bubbles, you may gently lift a corner of the protector and reapply, smoothing it down again.
8. **Remove Layer 2:** Once the screen protector is fully applied and smoothed, carefully peel off the top protective film labeled 'Layer 2'.

9. **Final Polish:** Use the microfiber cloth to gently wipe the newly installed screen protector, removing any smudges or fingerprints from the application process.

*Note: The low-tack adhesive may take up to 48 hours to fully settle along the edges. Any initial small air bubbles typically clear with regular use.*

### 3. OPERATING AND USAGE

---

Once installed, the ClearTouch Crystal screen protector functions seamlessly with your JOYING Car Stereo. It is designed to maintain the original touch sensitivity and display clarity, allowing for normal operation of your device's touchscreen features.

- The screen protector provides an invisible layer of protection without interfering with screen responsiveness.
- Enjoy full color vibrancy and uninhibited clarity for your viewing experience.

### 4. MAINTENANCE

---

To ensure the longevity and continued clarity of your screen protector, follow these simple maintenance guidelines:

- **Cleaning:** Use a soft, lint-free cloth, such as the provided microfiber cloth, to gently wipe the screen protector. For smudges or fingerprints, lightly dampen the cloth with water or a screen-safe cleaning solution. Avoid harsh chemicals or abrasive materials.
- **Avoid Sharp Objects:** While the protector offers scratch resistance, extreme pressure or sharp objects can still damage it.
- **Reusability:** The ClearTouch Crystal screen protector is designed with installation forgiveness, meaning it can be carefully removed, cleaned, and reinstalled if needed. Ensure the adhesive side remains clean during this process.

### 5. TROUBLESHOOTING

---

If you encounter issues during or after installation, consider the following:

- **Persistent Air Bubbles:** Ensure the screen was thoroughly cleaned before application. Small bubbles often dissipate over 24-48 hours. For larger bubbles, gently lift the nearest edge of the protector and reapply, using the applicator card to push the air out.
- **Dust Under Protector:** If dust particles are trapped, carefully lift the nearest edge of the protector. Use a dust-removing sticker or a piece of tape to gently dab and lift the dust from both the screen and the adhesive side of the protector. Reapply slowly.
- **Misalignment:** If the protector is significantly misaligned, gently peel it off completely, clean both the screen and the adhesive side (if necessary), and attempt reapplication from the beginning.
- **Reduced Touch Sensitivity:** This is rare with ClearTouch Crystal protectors. Ensure the protector is fully adhered without any gaps or large bubbles. If the issue persists, contact customer support.

### 6. SPECIFICATIONS

---

<b>Product Name</b>	ClearTouch Crystal Screen Protector
<b>Compatibility</b>	JOYING Car Stereo JY-UQD10N4G-GT
<b>Material</b>	High-quality Thermoplastics (PET)
