## SAFETY INSTRUCTIONS

- **Maximum Load Capacity:** Do not exceed the maximum weight capacity of 120 kg (264 lbs).
- **Stable Surface:** Always place the lounger on a flat, stable, and non-slippery surface to prevent tipping.
- **Children:** Keep children away from moving parts during adjustment or folding to prevent injury. Adult supervision is recommended when children are near the lounger.
- **Folding Mechanism:** Exercise caution when folding and unfolding the lounger to avoid pinching fingers or hands.
- **Weather Conditions:** While the lounger is weather-resistant, it is recommended to store it indoors or cover it during extreme weather conditions (heavy rain, strong winds, frost) to prolong its lifespan.
- **Cleaning:** Use only mild cleaning agents and a soft cloth. Avoid abrasive cleaners or harsh chemicals.
- **Inspection:** Regularly inspect all parts for wear, damage, or loose connections. Do not use the lounger if any

part is damaged.

## OPERATING INSTRUCTIONS

### Adjusting the Backrest

The lounger features a 6-position adjustable backrest for customized comfort.

1. To adjust the backrest, slightly lift the backrest section.
2. Locate the adjustment brackets on the side of the frame.
3. Select one of the six available positions by guiding the backrest support into the desired notch.
4. Ensure the backrest is securely locked into place before use.

### **Adjusting the Sun Canopy**

The sun canopy offers continuous adjustment to provide optimal shade.

1. Loosen the two adjustment knobs located on the sides of the canopy frame.
2. Move the canopy to your desired angle to block the sun.
3. Tighten the adjustment knobs firmly to secure the canopy in position.

### Using the Side Pocket

The integrated side pocket provides convenient storage for small items.

- The side pocket is located on the left side of the lounge when lying down.
- Use it to store items such as books, magazines, sunscreen, or a mobile phone.

### Folding for Storage and Transport

To fold the lounger for compact storage or easy transport:

1. Ensure the backrest is in its lowest, flat position.
2. If the sun canopy is extended, fold it down completely.
3. Grasp the frame and carefully bring the two ends together, allowing the lounger to fold in half.
4. Secure any locking mechanisms if present.
5. Use the integrated carrying handles for convenient transport.

### MAINTENANCE AND CARE

- **Cleaning the Fabric:** The synthetic fiber fabric is easy to clean. Wipe it with a damp cloth and a mild soap solution. Rinse thoroughly with clean water and allow it to air dry completely before folding or storing. Do not use harsh detergents or bleach.
- **Cleaning the Frame:** The aluminum frame can be wiped clean with a damp cloth. Avoid abrasive materials that could scratch the finish.
- **Storage:** When not in use, especially during off-season or adverse weather, store the lounger in a dry, protected area. Its foldable design allows for compact storage.
- **Rust Prevention:** The aluminum frame is corrosion-resistant. However, regular cleaning and proper drying will help maintain its appearance and integrity over time.

## TROUBLESHOOTING

- **Difficulty Folding/Unfolding:** Ensure no obstructions are present in the folding mechanism. Check that the backrest is fully lowered before attempting to fold. Apply gentle, even pressure.
- **Backrest Not Locking:** Verify that the backrest support is correctly seated in one of the six notches. If it slips, inspect the notches and support for any damage or debris.
- **Canopy Not Staying in Position:** Ensure the adjustment knobs on the canopy frame are tightened sufficiently. If the canopy still slips, check for wear on the friction surfaces.
- **Instability:** Confirm the lounger is placed on a flat, even surface. Check all frame connections for tightness. The plastic floor protectors should be intact and evenly supporting the lounger.
