## **IMPORTANT SAFETY INFORMATION**

Always follow basic safety precautions when using electrical appliances to reduce the risk of fire, electric shock, and personal injury. This appliance is intended for household use only.

- Do not immerse the towel warmer in water or other liquids.
- Ensure the power supply matches the voltage specified on the product label.
- Do not operate the appliance with a damaged cord or plug.
- Keep the cord away from heated surfaces.
- Unplug from outlet when not in use and before cleaning.
- This product contains chemicals known to the State of California to cause cancer and birth defects or other reproductive harm.

## **SETUP AND INSTALLATION**

The Swiss Madison Claire Towel Warmer is designed for wall-mount installation. Professional installation is recommended for hardwired applications.

### **Installation Steps:**

1. **Prepare the Installation Area:** Choose a suitable wall location in your bathroom, ensuring it is away

from direct water spray and has access to a power source.

2. **Mark Mounting Points:** Hold the towel warmer against the wall at the desired height and use a pencil to mark the positions for the mounting brackets. Ensure the marks are level.
3. **Drill Holes:** Drill pilot holes at the marked locations. Insert wall anchors if necessary, depending on your wall material.
4. **Attach Brackets:** Securely fasten the mounting brackets to the wall using the provided screws.
5. **Connect Wiring (if hardwiring):** For hardwired installations, connect the electrical wires according to local electrical codes. This step should be performed by a qualified electrician.
6. **Mount Towel Warmer:** Carefully align the towel warmer with the installed brackets and secure it in place.
7. **Plug In (if plug-in):** If using the plug-in option, simply plug the towel warmer into a grounded electrical outlet.

*Video: Plug-in installation video for a golden heated towel rack, showing steps for securing the unit to the wall.*

## OPERATING INSTRUCTIONS

Your Swiss Madison Claire Towel Warmer features an intuitive control panel for easy operation.

### Power On/Off:

Locate the power button on the side of the towel warmer. Press once to turn the unit on, and press again to turn it off.

*Image: Close-up of the on/off switch integrated into the towel warmer's design.*

### Temperature Control:

The towel warmer has a temperature range of 120°F - 140°F. Use the temperature adjustment button to select your desired heat level. The unit typically warms up in approximately 15 minutes.

*Image: Display showing the adjustable temperature range and settings for the towel warmer.*

#### **Timer Function:**

Utilize the timer function to set the operating duration. Consult the product's specific controls for setting the timer, typically allowing for automatic shut-off after a set period.

*Video: Demonstration of the temperature and time controller for a luxury heated towel rack, showing how to adjust settings.*

## **CARE AND MAINTENANCE**

Proper care ensures the longevity and optimal performance of your towel warmer.

- **Cleaning:** Disconnect the power before cleaning. Wipe the surface with a soft, damp cloth. Do not use abrasive cleaners, solvents, or harsh chemicals as they may damage the finish.
- **Regular Inspection:** Periodically check the power cord and plug for any signs of damage. Ensure all mounting screws are tight.
- **Storage:** If storing the towel warmer for an extended period, ensure it is clean, dry, and stored in a safe, dry place.

## TROUBLESHOOTING

If you encounter issues with your towel warmer, refer to the following common solutions:

- **No Power:** Check if the unit is properly plugged into a working outlet. Verify the circuit breaker has not tripped.
- **Not Heating:** Ensure the power is on and the temperature setting is active. Allow up to 15 minutes for the unit to reach its operating temperature.
- **Uneven Heating:** Ensure towels are draped evenly over the bars, allowing for proper heat distribution.

If problems persist, contact Swiss Madison customer support for assistance.

## SPECIFICATIONS

Feature	Detail
Model Number	SM-TW0901BG
Brand	Swiss Madison
Color	Brushed Gold
Material	Stainless Steel
Product Dimensions	19.69" L x 40.94" W x 4.45" H
Item Weight	7.63 pounds
Installation Type	Wall Mount
Warm Up Time	15 Minutes
Temperature Range	120°F - 140°F
UPC	810082338355
