Bingguz DEWW/DWS

Bingguz 48" Tall x 95" Wide Ret retractable Baby/Pet Gate Instruction Manual

Brand: Bingguz | Model: DEWW/DWS

INTRODUCTION

This manual provides comprehensive instructions for the installation, operation, and maintenance of your Bingguz 48-inch Tall x 95-inch Wide Ret retractable Baby/Pet Gate. Designed for safety and convenience, this gate effectively creates a secure barrier for infants and pets in various indoor and outdoor environments. Please read all instructions carefully before installation and use to ensure proper function and safety.

Figure 1: General view of the Bingguz retractable gate in use, providing a safe barrier.

SAFETY INFORMATION

- Always ensure the gate is securely installed according to the instructions before use.
- Never leave children or pets unattended near the gate.
- Regularly check all hardware and mounting points to ensure they remain tight and secure.
- Do not use the gate if any components are damaged or missing.
- This gate is designed for use with children aged 6-24 months and various pets.
- Ensure the mesh is fully retracted or extended and locked when in use to prevent accidental opening.

PRODUCT FEATURES

- **48" Extra Tall Design:** Effectively prevents cats and large dogs from jumping over the mesh.
- **Retractable & Adjustable Width:** Extends to fit openings from 0 to 95 inches. Mesh retracts completely when not in use, saving space and eliminating tripping hazards.
- **One-Handed Operation:** Double locking feature allows adults to easily open and close the gate with one hand, enhancing convenience and security.
- **Versatile Use:** Suitable for both children and pets, creating a safe, contained environment.
- **Adjustable Baseboard Fit:** Bottom hardware can be adjusted vertically to accommodate any baseboard, eliminating

the need for extra spacers.

- **Indoor and Outdoor Application:** Can be installed in various locations such as doorways, hallways, stairs, living rooms, kitchens, decks, patios, and porches.

Figure 2: The 48-inch height of the Bingguz gate provides enhanced security compared to standard gates.

Applicable Scenes

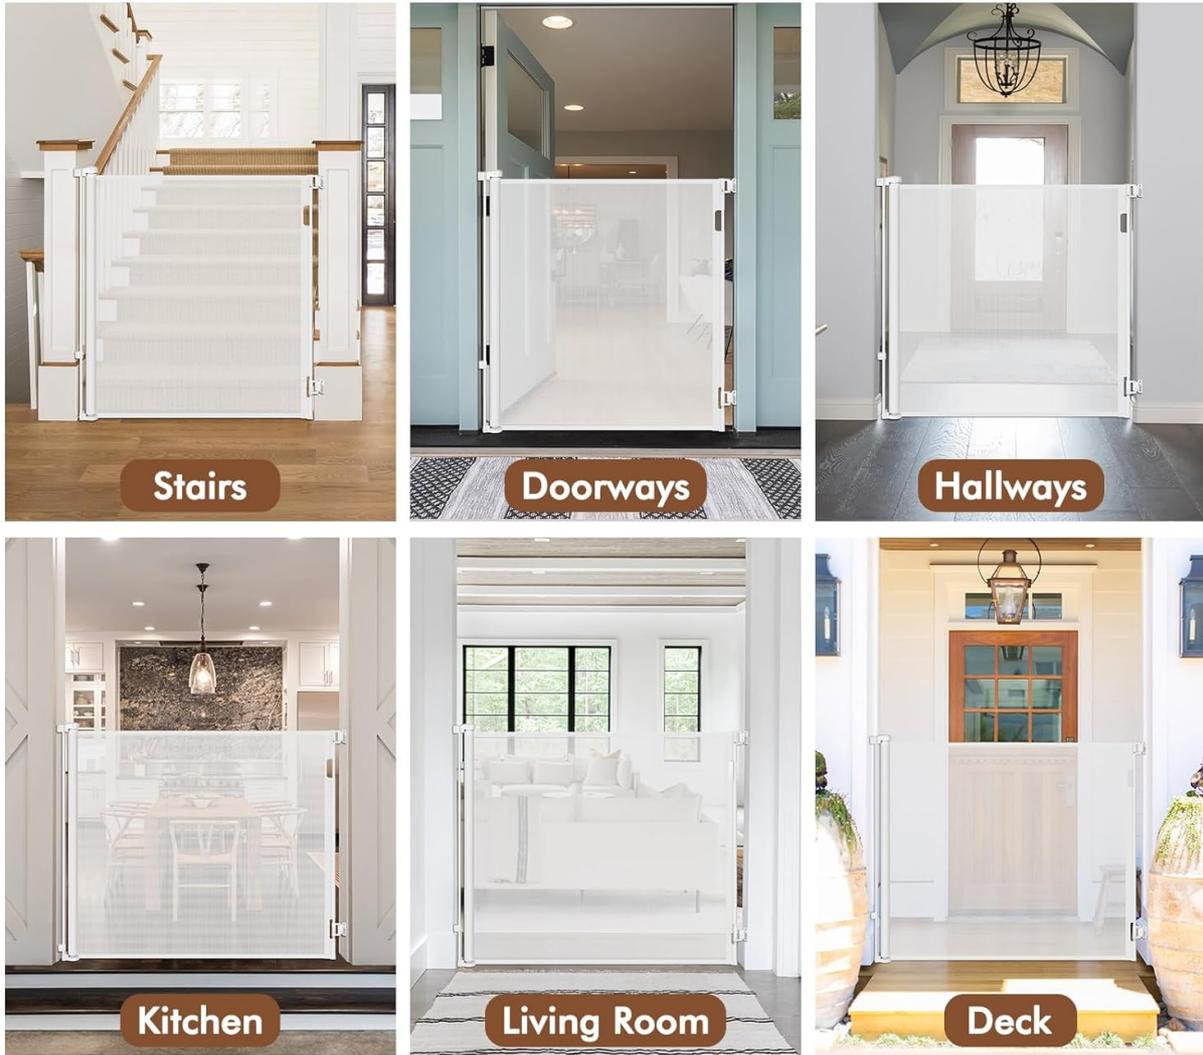

Figure 3: The gate's versatility allows installation in multiple indoor and outdoor settings.

SETUP AND INSTALLATION

Proper installation is crucial for the safety and functionality of your retractable gate. Follow these steps carefully:

1. **Prepare the Mounting Surface:** Choose a flat, stable surface for installation. Ensure there are no obstructions.
2. **Mark Drill Holes:** Hold the mounting brackets in the desired position and use a pencil to mark the drill holes. Ensure the gate mechanism is positioned correctly for your opening.
3. **Drill Pilot Holes:** Using an appropriate drill bit for your wall type (wood or hard wall), drill pilot holes at the marked locations.
4. **Install Brackets:** Securely attach the mounting brackets to the wall using the provided screws.
5. **Attach Gate Mechanism:** Slide the main gate mechanism onto the installed brackets. Ensure it clicks firmly into place.
6. **Adjust Baseboard Fit:** If necessary, adjust the bottom hardware of the gate mechanism up or down to fit flush with your baseboard.
7. **Install Catch Brackets:** On the opposite side of the opening, install the catch brackets at the appropriate height, ensuring the mesh can extend fully and latch securely.

Video 1: This official seller video demonstrates the installation process and how to operate the 48-inch extra tall retractable gate.

OPERATING INSTRUCTIONS

The Bingguz retractable gate is designed for easy, one-handed operation.

1. **To Open the Gate:** Push down and twist the top button on the main mechanism. While holding the button, pull the mesh handle towards the catch brackets.
2. **To Close and Lock the Gate:** Extend the mesh handle across the opening until it hooks into the catch brackets. Release the top button on the main mechanism to lock the mesh in place. Ensure both the top and bottom latches are securely engaged.
3. **To Retract the Gate:** Push down and twist the top button on the main mechanism. While holding the button, unhook the mesh handle from the catch brackets and guide the mesh back into the main mechanism. The mesh will retract smoothly.

One Handed Operation

Convenient to use when holding your baby

Figure 6: The gate can be operated with one hand, ideal when carrying a child or pet.

Figure 7: The retractable design allows for easy access and saves space when the gate is not needed.

MAINTENANCE

- **Cleaning:** Wipe the mesh and plastic components with a damp cloth and mild soap. Do not use abrasive cleaners or harsh chemicals.
- **Inspection:** Periodically inspect the gate for any signs of wear, damage, or loose parts. Ensure the retraction mechanism operates smoothly.
- **Storage:** If storing the gate for an extended period, ensure it is clean and dry. Store in a cool, dry place away from direct sunlight.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Gate does not retract smoothly.	Debris in mechanism; mesh twisted.	Clean the mechanism. Ensure mesh is not twisted when retracting.
Gate does not lock securely.	Mesh not fully extended; locking button not released.	Ensure mesh is fully extended and hooked. Release the top locking button completely.

Problem	Possible Cause	Solution
Gate feels loose after installation.	Mounting screws are loose.	Tighten all mounting screws. Re-check installation points.

SPECIFICATIONS

Feature	Detail
Age Range (Description)	Infants 6-24 months
Manufacturer	Bingguz
UPC	794300087815
Product Dimensions	95 x 95 x 48 inches (W x D x H)
Item Model Number	DEWW/DWS
Material Type	Mesh
Number Of Items	1
Batteries Required	No
Item Weight	8.13 pounds
Color	White
Mounting Type	Hardware Mount
