# KBS Automatic Smart Fruit and Nut Dispenser Instruction Manual

Models: MBF-010, MBF-011

## INTRODUCTION

This manual provides detailed instructions for the installation, operation, and maintenance of your KBS Automatic Smart Fruit and Nut Dispenser, compatible with KBS bread maker models MBF-010 and MBF-011. This accessory is designed to automatically dispense ingredients like fruits and nuts into your bread at the optimal time during the baking process, ensuring perfect texture and distribution.

## PRODUCT OVERVIEW

The KBS Automatic Smart Fruit and Nut Dispenser is a stainless steel accessory designed to integrate seamlessly with compatible KBS bread makers. Its primary function is to automatically release ingredients into the bread pan at the precise moment in the kneading cycle, preventing premature mixing and ensuring ingredients remain intact until needed.

Image: The KBS Automatic Smart Fruit and Nut Dispenser. This compact, rectangular device features a silver-colored top with horizontal ridges, resembling a small tray, and a black base. It is designed to fit into a bread maker to automatically dispense ingredients.

## SETUP

---

1. **Unpacking:** Carefully remove the dispenser from its packaging. Inspect for any damage.
2. **Initial Cleaning:** Before first use, wash the dispenser with warm, soapy water. Rinse thoroughly and dry completely. Refer to the "Maintenance" section for detailed cleaning instructions.
3. **Installation:** Locate the designated slot for the fruit and nut dispenser on your KBS bread maker (models MBF-010 or MBF-011). Gently slide the dispenser into place until it is securely seated. Ensure it is properly aligned and does not wobble.
4. **Loading Ingredients:** Open the lid of the dispenser. Add your desired fruits, nuts, or other mix-ins into the dispenser compartment. Do not overfill; refer to your bread maker's recipe book for recommended quantities. Close the dispenser lid securely.

## OPERATING INSTRUCTIONS

---

The automatic fruit and nut dispenser operates in conjunction with your KBS bread maker's programmed cycles. Once installed and loaded, no manual intervention is required during the baking process.

1. **Prepare Bread Maker:** Follow the instructions in your KBS bread maker manual to add all other ingredients (flour, water, yeast, etc.) to the bread pan.
2. **Select Program:** Choose the desired bread program on your KBS bread maker. Many programs are designed to include an automatic ingredient dispensing phase. Consult your bread maker's manual for programs that utilize the dispenser.
3. **Start Baking:** Start the selected program. The bread maker will automatically activate the dispenser at the appropriate time during the kneading cycle, typically after the initial mixing, to ensure even distribution of ingredients without crushing them.
4. **Completion:** Once the baking cycle is complete, carefully remove the bread pan and the dispenser from the bread maker.

**Note:** The exact timing of the dispenser's operation is pre-programmed into your bread maker's cycles. Do not attempt to manually open the dispenser during operation as this may interfere with the baking process or cause injury.

## MAINTENANCE

Proper cleaning and maintenance will ensure the longevity and optimal performance of your fruit and nut dispenser.

- **Cleaning After Each Use:** After each use, allow the dispenser to cool completely. Remove any remaining food particles.
- **Washing:** The dispenser is both **Dishwasher Safe** and suitable for **Hand Wash**.
- **Hand Washing:** Wash with warm water and a mild dish soap. Use a soft sponge or cloth to clean all surfaces. For stubborn residue, a non-abrasive brush can be used.
- **Dishwasher Washing:** Place the dispenser on the top rack of your dishwasher. Use a standard dishwasher cycle.
- **Drying:** Ensure the dispenser is thoroughly dried before storing. Air drying is recommended, or use a clean, dry cloth.
- **Storage:** Store the dispenser in a clean, dry place, away from direct sunlight and extreme temperatures.

## TROUBLESHOOTING

Problem	Possible Cause	Solution
Dispenser not opening.	1. Dispenser not properly seated. 2. Incorrect bread maker program selected. 3. Obstruction in dispenser mechanism.	1. Ensure dispenser is securely installed in its slot. 2. Select a bread program that supports automatic ingredient dispensing. 3. Check for any large or sticky ingredients blocking the opening mechanism. Clean thoroughly.
Ingredients not fully dispensed.	1. Overfilling the dispenser. 2. Ingredients are too large or sticky.	1. Do not overfill the dispenser. Refer to recipe guidelines. 2. Ensure ingredients are appropriately sized. For sticky ingredients, consider lightly coating them with flour before adding to the dispenser.

Problem	Possible Cause	Solution
Dispenser is noisy during operation.	Normal operation sound.	A slight mechanical sound during dispensing is normal. If the noise is excessive or unusual, ensure the dispenser is correctly installed and free of obstructions.

If you encounter issues not listed here, please contact KBS customer support for assistance.

## SPECIFICATIONS

- **Product Dimensions:** 2.76 x 5.12 x 1.38 inches (7.01 cm D x 13.00 cm W x 3.51 cm H)
- **Item Weight:** 5.3 ounces (150.25 grams)
- **Material:** Stainless Steel
- **Color:** Silver
- **Compatibility:** KBS Bread Maker Models MBF-010, MBF-011
- **Care Instructions:** Dishwasher Safe & Hand Wash
- **Manufacturer:** KBS
- **Country of Origin:** China
