2. Setup

2.1 What's in the Box

- 1*User Manual
- 1*Type C Cable
- 1*Charging Station
- 1* Pair of Wireless earbuds

2.2 Charging the Earbuds

Before first use, fully charge the earbuds and the charging case. Connect the provided USB-C cable to the charging port on the case and a power source. The charging case has a 350 mAh battery capacity and takes approximately 1.5 hours for a full charge. The earbuds offer 5 hours of working time per full charge (ANC off), extended to 28 hours with the charging case.

4. Maintenance

4.1 Water Resistance

The QCY AilyBuds PRO+ are IPX5 waterproof, meaning they are resistant to splashes and sweat. They are suitable for workouts and light rain, but should not be submerged in water.

4.2 Cleaning

Regularly clean the earbuds and charging case with a soft, dry cloth. Avoid using abrasive materials or harsh chemicals. Ensure the charging contacts on both the earbuds and case are clean and dry to maintain proper charging.

5. Troubleshooting

5.1 Reconnection Issues

If the earbuds do not automatically reconnect to your device:

1. Place the earbuds back into the charging case and close the lid.
2. Open the lid again. The earbuds should attempt to reconnect.
3. If issues persist, try manually selecting "QCY AilyBuds Pro+" from your device's Bluetooth settings.

Video: Steps to reconnect your earbuds if they do not automatically connect.

5.2 Factory Reset

If you experience persistent connectivity or performance issues, a factory reset can resolve them. This will remove all connectivity records.

1. Place both earbuds back into the charging case and open the lid.
2. Press and hold the charging case button for 10 seconds. The LEDs will blink red 5 times, indicating a successful reset.
