Neodrain BAY3-2090

Neodrain Stainless Steel Triple Shower Niche Instruction Manual

Model: BAY3-2090

1. PRODUCT OVERVIEW

The Neodrain Stainless Steel Triple Shower Niche is designed to provide integrated storage within your bathroom or other living spaces. Constructed from durable stainless steel, this wall-mounted niche offers a rust-proof and waterproof solution for organizing shower essentials or decorative items. Its seamless welding and sloped interior design prevent water accumulation, ensuring easy cleaning and long-term durability.

This model features three integrated shelves, allowing for efficient organization. It can be installed vertically or horizontally and can be combined with multiple niches for expanded storage solutions.

2. PACKAGE CONTENTS

- 1 x Neodrain Stainless Steel Triple Shower Niche (90 x 20 x 10 cm) with two internal dividers
- 1 x Installation Manual
- 1 x Cleaning Sponge

3. SAFETY INFORMATION

Important: Ensure the shower niche is securely mounted to the wall to prevent it from falling. Do not exceed the recommended weight capacity to avoid damage to the product or injury. Consult the detailed installation manual provided in the package for specific weight limits and mounting instructions.

4. SPECIFICATIONS

Feature	Detail
---------	--------

Brand	Neodrain
Model Number	BAY3-2090-BR / BAY3-2090-MB
Color	Silver
Product Dimensions (External)	10D x 20W x 90H cm (approx. 4 kg)
Material	Stainless Steel V2A
Special Features	Rust-resistant, Space-saving, Moisture-resistant
Mounting Type	Wall Mount (Built-in)
Number of Shelves	3
Shape	Rectangular
Style	Modern
Finish Type	Polished

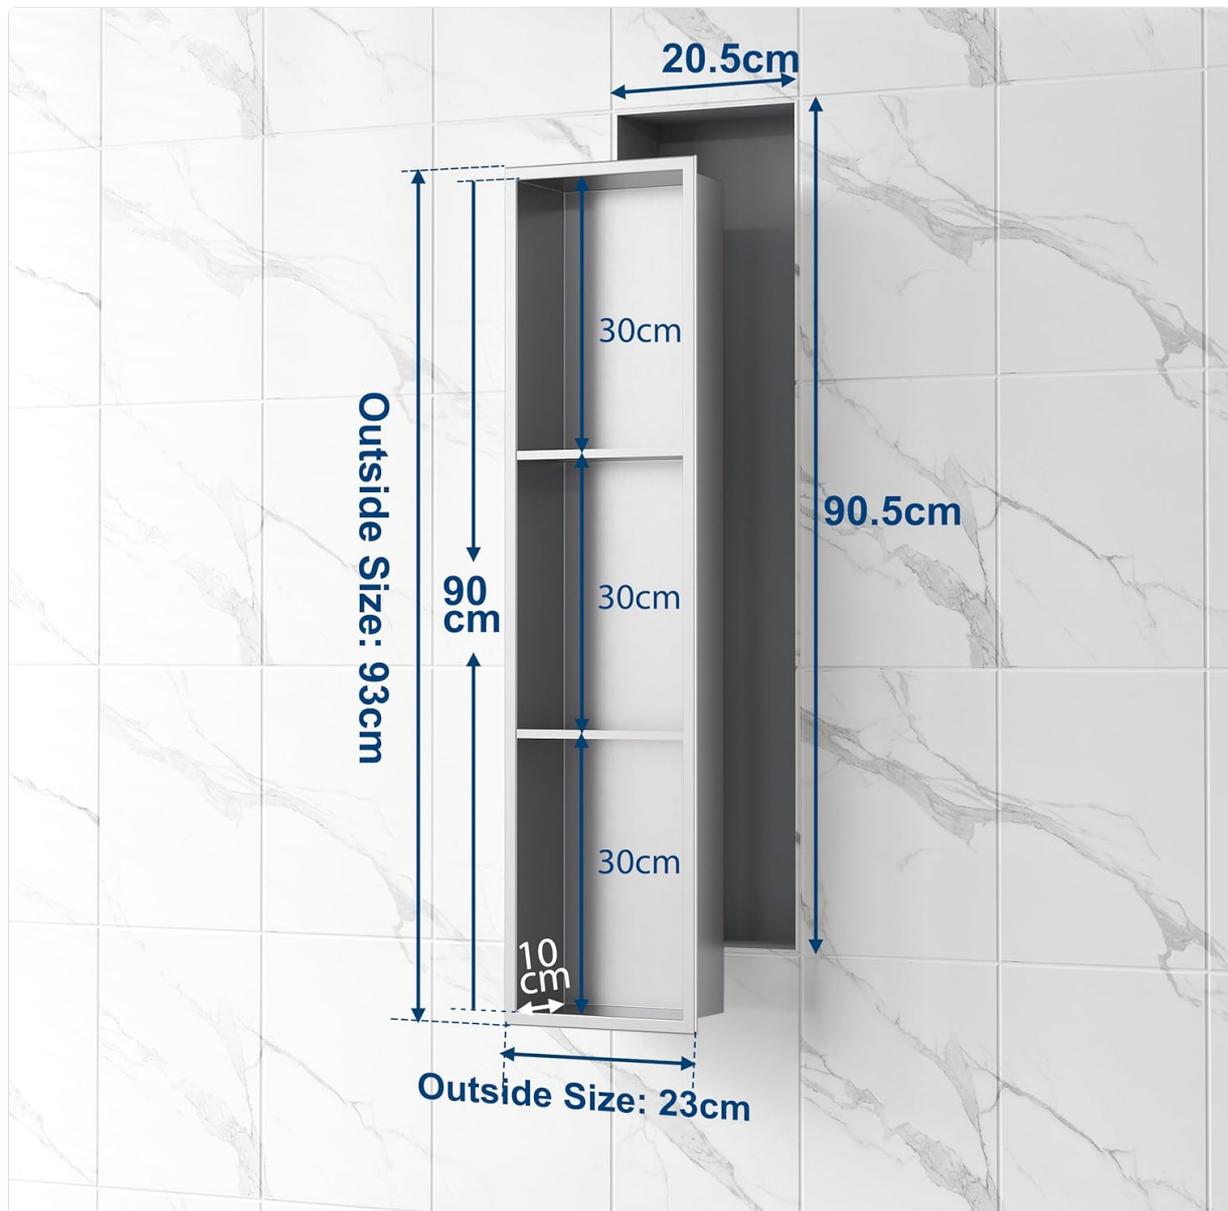

Image 4.1: External and internal dimensions of the shower niche. Outside size: 93cm (height), 23cm (width), 10cm (depth). Internal shelf height: 30cm.

5. SETUP AND INSTALLATION

The Neodrain shower niche is designed for easy installation into a wall cavity. It can be mounted either vertically or horizontally to suit your design preferences and space requirements. Multiple niches can be combined for larger storage solutions.

General Installation Steps (Refer to the included manual for detailed instructions):

1. **Prepare the Wall Opening:** Carefully measure and cut an opening in your wall according to the niche's external dimensions (refer to Image 4.1). Ensure the opening is slightly larger than the niche for a snug fit.
2. **Ensure Structural Support:** Verify that the wall structure can support the niche and its contents. Reinforce if necessary.
3. **Insert the Niche:** Carefully slide the stainless steel niche into the prepared wall opening.
4. **Secure the Niche:** Use appropriate fasteners to secure the niche firmly to the wall studs or framing. Ensure it is level and flush with the wall surface.
5. **Waterproofing and Finishing:** Apply waterproofing membranes and tile around the niche, ensuring a watertight seal. The flange of the niche should be covered by the tiling for a seamless finish.

Image 5.1: Illustrative diagram of a typical shower niche installation, showing integration with wall framing and tiling.

6. USAGE

The Neodrain shower niche provides convenient and discreet storage for various items. Its three shelves are ideal for:

- Shampoo, conditioner, and body wash bottles
- Soaps, sponges, and loofahs
- Decorative items in living rooms or lounges
- Small towels or toiletries in guest bathrooms

The baffle design helps prevent items from slipping, and the integrated plughole ensures fast drainage, keeping your items dry and clean.

Baffle Design

7. MAINTENANCE

Maintaining your Neodrain shower niche is simple due to its stainless steel construction and thoughtful design:

- **Regular Cleaning:** Wipe down the niche regularly with a soft cloth and mild soap or a non-abrasive stainless steel cleaner. The included cleaning sponge can be used for this purpose.
- **Prevent Water Spots:** To prevent water spots, dry the niche after cleaning or showering.
- **Avoid Abrasive Cleaners:** Do not use abrasive cleaners, scouring pads, or harsh chemicals, as these can scratch the stainless steel surface.
- **Sloped Design:** The interior walls are horizontally sloped at 92 degrees to prevent water accumulation, facilitating easy cleaning and hygiene.

Rust-proof

304 Stainless Steel

Seamless Welding

100% waterproof

Image 7.1: Features contributing to easy maintenance: rust-proof stainless steel, seamless welding for waterproofing, and a sloped interior for drainage.

8. TROUBLESHOOTING

This product is designed for durability and ease of use. Should you encounter any issues, please consider the following:

- **Water Accumulation:** Ensure the niche was installed correctly and is level. The sloped design should prevent significant water pooling. Check for any obstructions in the plughole.
- **Loose Mounting:** If the niche feels loose, it may not have been securely fastened during installation. Re-check the mounting points and reinforce if necessary, ensuring safety.
- **Rust Spots:** While made of rust-resistant stainless steel, prolonged exposure to certain chemicals or abrasive materials can affect the finish. Clean with appropriate stainless steel cleaners.

For further assistance, please contact Neodrain customer support.

9. WARRANTY AND SUPPORT

For information regarding the product warranty, please refer to the documentation included with your purchase or contact Neodrain directly through their official website or customer service channels. Keep

your proof of purchase for warranty claims.
