EasyKeys C55038

EasyKeys Replacement Key for Arctic Cat C55038 - Instruction Manual

1. PRODUCT OVERVIEW

This document provides instructions for identifying and using your EasyKeys Replacement Key, specifically designed for Arctic Cat vehicles with the C55038 lock code. This key is also compatible with certain Suzuki and Yamaha models within the C50000 - C59999 series.

The replacement key is custom-cut to match your specific lock code, ensuring a precise fit and reliable operation. It is manufactured from durable brass material.

Figure 1: EasyKeys Replacement Key for Arctic Cat C55038. This image displays the brass replacement key, which is custom-cut to fit specific lock codes for Arctic Cat, Suzuki, and Yamaha vehicles.

2. IDENTIFYING YOUR LOCK CODE

To ensure you order and use the correct replacement key, it is crucial to accurately identify your existing lock code. The lock code determines the specific cut of your key. Refer to the image below for common locations where your lock code can be found.

Where to Find Your Lock Code

On the Key

On the Lock Face

**On a Label Inside/
Behind the Lock**

**On the
Cabinet/Door Label**

Important Notes

- Order by Manufacturer → Lock codes are manufacturer-specific.
- Key Cuts Differ → Even if codes look similar, they vary by brand.

Figure 2: Where to Find Your Lock Code. This diagram illustrates four common locations for identifying your lock code: directly on the key (e.g., FR322), on the face of the lock cylinder (e.g., FR322), on a label located inside or behind the lock mechanism (e.g., CODE: G38), or on a cabinet/door label associated with the lock (e.g., HF321).

Common Lock Code Locations:

- **On the Key:** The code may be stamped directly onto the head or shaft of your original key.

- **On the Lock Face:** For some locks, the code is engraved or printed on the visible face of the lock cylinder.
- **On a Label Inside/Behind the Lock:** The code might be found on a sticker or label attached to the lock mechanism itself, often requiring removal of a cover or panel to access.
- **On the Cabinet/Door Label:** In some cases, the lock code is provided on a label affixed to the equipment or furniture the lock is securing.

Once you have located your lock code, verify that it matches the C55038 code for this replacement key. If your code falls within the C50000 - C59999 series, this key is likely compatible.

3. COMPATIBILITY INFORMATION

This EasyKeys replacement key is specifically designed for the Arctic Cat Key Series C50000 - C59999. It is also compatible with specific models from the following manufacturers:

- **Arctic Cat**
- **Suzuki**
- **Yamaha**
- **Hyosung** (GCODE / INSTACODE)

Always verify that your lock code and the manufacturer of your vehicle or equipment match the product specifications to ensure proper functionality.

4. PRODUCT SPECIFICATIONS

Specification	Detail
Brand	EasyKeys
Model Number	C55038-arcticcat-key-1582004
Compatible Manufacturers	Arctic Cat, Suzuki, Yamaha, Hyosung
Key Series	C50000 - C59999
Material	Brass
Item Dimensions (L x W x H)	0.5 x 0.5 x 1 inches
Item Weight	4 ounces
Special Features	Adjustable Fit, Custom Cut Key, Durable

5. IMPORTANT CONSIDERATIONS

Important Notes:

- **Order by Manufacturer:** Lock codes are manufacturer-specific. Always confirm the manufacturer of your lock or vehicle when ordering a replacement key.
- **Key Cuts Differ:** Even if lock codes appear similar across different brands, the actual key cuts

can vary significantly. Ensure the manufacturer and lock code precisely match the product description to guarantee compatibility.

Incorrect key selection can lead to damage to the lock or the key itself. Always double-check your lock code and manufacturer before attempting to use a new key.
