1. **Unpack and Identify Parts:** Lay out all components on a clean, soft surface. Refer to the parts list in the accessory pack and the diagram to identify each piece (e.g., panels A, B, C, D, E, F, shelves G, H).
2. **Assemble Frame:** Begin by attaching the side panels to the base and top panels using the provided hardware. Ensure all screws are tightened securely but do not overtighten.
3. **Install Fixed Shelves:** Insert the fixed shelves (H) into their designated slots within the frame.
4. **Install Adjustable Shelves:** The bookcase features 4 adjustable shelves. Determine your desired shelf height. Insert the shelf support pins into the pre-drilled holes at the chosen height. Carefully place the adjustable shelves (G) onto these pins.
