2. Safety Information

Observe the following safety precautions to prevent damage to your device or injury to yourself:

- Do not expose the device to extreme temperatures, direct sunlight, or moisture.
- Use only KXD-approved chargers and accessories.
- Avoid dropping or subjecting the device to severe impact.
- Do not attempt to disassemble or repair the device yourself.
- Keep the device away from medical devices to avoid interference.

3. Device Overview

Familiarize yourself with the physical components of your KXD A10 smartphone.

Image 3.1: The KXD A10 smartphone highlighting its 90Hz display refresh rate and 12GB RAM + 128GB ROM configuration.

3.1 Physical Components

- **Power Button:** Located on the right side, used to turn the device on/off or wake/sleep the screen.

- **Volume Buttons:** Located above the power button, used to adjust media and call volume.
- **USB Type-C Port:** Located at the bottom, used for charging and data transfer.
- **3.5mm Headphone Jack:** Located at the bottom, for connecting wired headphones.
- **SIM/SD Card Tray:** Located on the left side, for inserting Nano SIM cards and a microSD card.
- **Rear Cameras:** Multiple lenses on the back for various photography modes.
- **Front Camera:** Located at the top of the display for selfies and video calls.

4. Setup

4.1 Inserting SIM and SD Cards

1. Locate the SIM/SD card tray on the left side of the device.
2. Insert the SIM ejector tool into the small hole next to the tray and push gently until the tray pops out.
3. Place your Nano SIM card(s) and/or microSD card into the designated slots on the tray. Ensure the gold contacts face downwards.
4. Carefully push the tray back into the device until it clicks into place.

4.2 Initial Power-On and Setup

1. Press and hold the Power button until the KXD logo appears.
2. Follow the on-screen prompts to select your language, connect to Wi-Fi, and set up your Google account.
3. You will be guided through setting up screen lock, fingerprint, and facial recognition.

4.3 Charging the Device

Connect the USB Type-C cable to the phone's charging port and the other end to the power adapter. Plug the adapter into a wall outlet. The device supports 10W fast charging. A full charge typically takes several hours.

5. Operating Your KXD A10

5.1 Android 13 Operating System

Your KXD A10 runs on Android 13, offering enhanced privacy controls, improved notifications, and a personalized user interface.

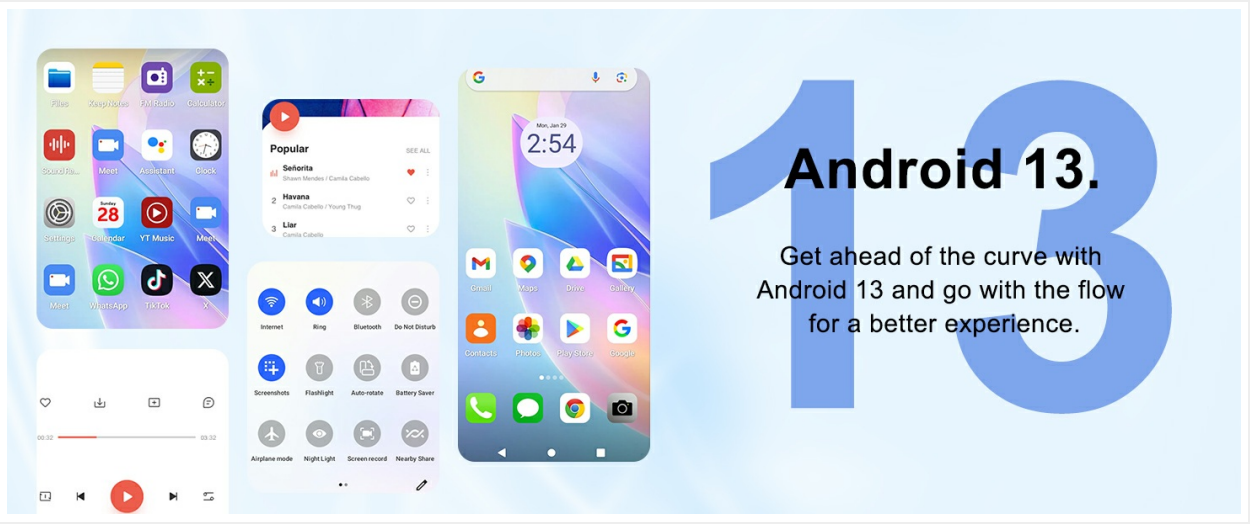

Image 5.1: A visual representation of the Android 13 operating system interface on the KXD A10, showing various app icons and notification panels.

5.2 Basic Navigation

- **Tap:** Touch an icon or option to open or select it.
- **Swipe:** Drag your finger across the screen to scroll through content or switch between screens.
- **Pinch:** Use two fingers to zoom in or out on photos and web pages.

5.3 Calls and Messages

To make a call, open the Phone app and dial the number or select a contact. To send a message, open the Messages app, tap 'Start chat', and enter the recipient and your message.

5.4 Internet Connectivity

- **Wi-Fi:** Go to **Settings > Network & internet > Wi-Fi**, turn Wi-Fi on, and select your desired network.
- **Mobile Data:** Go to **Settings > Network & internet > Mobile network** and ensure Mobile data is enabled.

5.5 Camera Usage

The KXD A10 features a 13MP main camera and an 8MP front camera. Open the Camera app to capture photos and videos. Explore various modes like AI HD, portrait, professional, and night scene for different shooting conditions.

6. Maintenance

6.1 Battery Care

- Avoid fully discharging the battery frequently.
- Do not leave the device charging for extended periods after it's full.
- Keep the device within a moderate temperature range.

6.2 Software Updates

Regularly check for software updates to ensure your device has the latest features and security patches. Go to **Settings > System > System update**

6.3 Cleaning the Device

Use a soft, lint-free cloth to clean the screen and body of the phone. Avoid using harsh chemicals or abrasive materials.

6.4 Storage Management

Your KXD A10 comes with 128GB of internal storage, expandable up to 256GB with a microSD card. Regularly clear unnecessary files and uninstall unused apps to maintain optimal performance. Go to **Settings** > **Storage** to manage your storage.

7. Troubleshooting

This section addresses common issues you might encounter with your KXD A10 smartphone.

Problem	Possible Solution
Device not powering on	Ensure the battery is charged. Connect to a charger for at least 15 minutes. If unresponsive, press and hold the Power button for 10-15 seconds to force a restart.

Problem	Possible Solution
Poor network signal	Check if your SIM card is properly inserted. Move to an area with better network coverage. Restart the device.
Apps crashing or freezing	Clear the app's cache (Settings > Apps > [App Name] > Storage & cache > Clear cache). Update the app. If the issue persists, uninstall and reinstall the app.
Fingerprint sensor not working	Ensure your finger is clean and dry. Re-register your fingerprint in Settings > Security.
Battery drains quickly	Reduce screen brightness. Close unused apps running in the background. Disable Wi-Fi, Bluetooth, or GPS when not in use. Check battery usage in Settings > Battery.
