Aoodor 12 x 14 ft Outdoor Pergola

Aoodor 12 x 14 ft Outdoor Pergola with Retractable Shade Canopy

Model: 12 x 14 ft Outdoor Pergola

Brand: Aoodor

INTRODUCTION

This manual provides instructions for the assembly, operation, and maintenance of your Aoodor 12 x 14 ft Outdoor Pergola with Retractable Shade Canopy. Please read all instructions carefully before beginning assembly and retain this manual for future reference.

The Aoodor pergola is designed to enhance your outdoor living space, offering adjustable shade with its retractable canopy and two roller shade curtains. It features a robust dark gray matte aluminum frame, built for durability and resistance to outdoor elements.

SAFETY INFORMATION

- Always inspect the product for any damages before assembly. Do not proceed with assembly if any parts are damaged.
- Assemble and disassemble with care to avoid injuries. It is recommended that two people complete the installation.
- Secure the pergola to a stable foundation to prevent it from tipping over in strong winds or during heavy use. Anchoring hardware may be required depending on your surface.
- Regularly inspect the product for any signs of wear or damage, and perform necessary maintenance to ensure its safety and longevity.
- Keep children and pets away from the assembly area.

SETUP AND ASSEMBLY

Assembly of the Aoodor pergola typically requires two people and can be completed in approximately 2 hours. All parts are clearly labeled with letters, and a step-by-step instruction guide is included with your product to make assembly straightforward.

Components Overview

Familiarize yourself with all components before starting assembly. Refer to the included parts list for identification.

PRODUCT DIMENSIONS

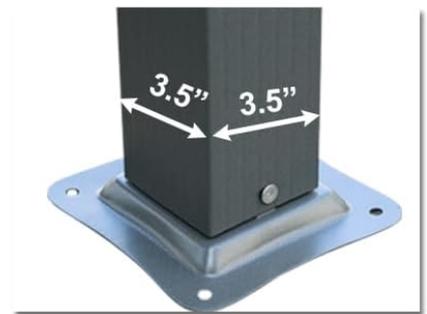

Image: Product dimensions of the Aoodor pergola, including overall length (13.8 ft), width (11.9 ft), height (8.2 ft), and internal measurements. A detailed view of the 3.5" x 3.5" post base with pre-drilled holes is also shown.

Anchoring the Pergola

The pergola features a stable anchoring stand with four pre-drilled holes on each base plate to enhance stability and firmness. It is crucial to anchor the pergola securely to your patio, deck, or backyard surface to prevent movement, especially in windy conditions.

Stable Anchoring Stand

4 pre-drilled holes on the stand can enhance stability and firmness

Image: A close-up view of the pergola's base plate, showing a screw being inserted into one of the pre-drilled holes for secure anchoring. This ensures the structure remains stable on various outdoor surfaces.

Structural Design

The pergola incorporates a unique crisscross trellis design that improves overall frame stability and adds an elegant style. The frame is constructed from sturdy, powder-coated aluminum, providing water, rust, and fade resistance for long-term outdoor use.

OPERATING THE RETRACTABLE CANOPY AND ROLLER SHADES

The Aoodor pergola features an easily adjustable canopy and two roller shade curtains, allowing you to control the amount of shade and privacy for optimal comfort.

Adjustable Canopy

The main canopy can be easily adjusted for optimal shade using a smooth pulley operation. A locking system is integrated to secure the canopy in your desired position.

Roller Shade Curtains

The pergola is equipped with two blackout rolling curtains that can be used on one side or both sides for additional shade and privacy. These curtains can be rolled up when not needed, and a locking system keeps them securely in place.

The Elaborate Design

MAINTENANCE

Proper maintenance will ensure the longevity and optimal performance of your Aoodor pergola.

- **Frame Care:** The robust aluminum frame features a high-quality powder coating that protects against peeling, rust, and corrosion. Clean the frame periodically with mild soap and water, then rinse thoroughly and dry. Avoid abrasive cleaners or tools that could damage the finish.
- **Canopy and Curtain Care:** The pergola canopy and rolling curtains are crafted from premium polyester fiber, which is UV and fade resistant, and coated with PA for waterproof performance. Clean the fabric with a soft brush or cloth, mild soap, and water. Allow to air dry completely before retracting or storing to prevent mildew.
- **Seasonal Care:** In areas with heavy snow or extreme weather conditions, it is recommended to remove the canopy and curtains during the off-season to prevent damage and extend their lifespan.
- **Hardware Inspection:** Periodically check all bolts, screws, and connections to ensure they are tight and secure. Tighten any loose hardware as needed.

Image: A close-up view of the upgraded fabric material, detailing its key properties such as fade resistance, UV resistance (UPF 50+), long-lasting durability, wear resistance, breathability, and ease of cleaning.

TROUBLESHOOTING

If you encounter any issues with your Aoodor pergola, please refer to the following common solutions:

- **Canopy not retracting/extending smoothly:** Check for any obstructions in the tracks or mechanism. Ensure the pulley system is free of debris and properly aligned. Lubricate moving parts if necessary with a silicone-based spray.
- **Pergola feels unstable:** Verify that all anchoring points are securely fastened to the ground. Ensure all frame connections are tightened. If installed on an uneven surface, consider shimming the base plates for better stability.
- **Water pooling on canopy:** Ensure the canopy is properly tensioned and angled to allow for water runoff. While the fabric is water-resistant, prolonged pooling can occur if not correctly positioned.
- **Missing parts during assembly:** Double-check all packaging. If parts are genuinely missing, contact Aoodor customer support with your product model and a description of the missing components.

SPECIFICATIONS

Brand	Aoodor
Model	12 x 14 ft Outdoor Pergola
Material	Aluminum (Frame), Polyester Fiber (Canopy/Curtains)
Style	Modern

Product Dimensions (L x W x H)	165.6" x 142.8" x 98.4" (approximately 13.8 ft x 11.9 ft x 8.2 ft)
Frame Material	Aluminum
Water Resistance Level	Water Resistant (Canopy/Curtains with PA coating)
Shape	Rectangular
Ultraviolet Light Protection	Yes (UV and fade resistant fabric)
Assembly Required	Yes
Color	Gray

WARRANTY INFORMATION

Aoodor products are manufactured to high-quality standards. For specific warranty details regarding your 12 x 14 ft Outdoor Pergola, please refer to the warranty card included in your product packaging or contact Aoodor customer support. Keep your proof of purchase for any warranty claims.

CUSTOMER SUPPORT

If you have any questions, require assistance with assembly, or need to report missing or damaged parts, please contact Aoodor customer support. Contact information can typically be found on the product packaging or on the official Aoodor website.
