

## RIVA RIVA Concert

# RIVA Concert Smart Hi-Fi Speaker Instruction Manual

Model: RIVA Concert

## 1. INTRODUCTION

Welcome to the RIVA Concert Smart Hi-Fi Speaker user manual. This guide provides detailed instructions for setting up, operating, and maintaining your RIVA Concert speaker. The RIVA Concert is a versatile wireless speaker featuring Wi-Fi, Bluetooth, and Alexa Built-in, designed to deliver high-fidelity audio throughout your home.

## 2. WHAT'S IN THE BOX

Please ensure all items are present before proceeding with setup:

- RIVA Concert Smart Hi-Fi Speaker
- Power Cable
- User Guide (this document)

## 3. PRODUCT OVERVIEW

### 3.1 Top Panel Controls

The top panel of your RIVA Concert speaker features intuitive controls for playback, volume, and voice assistant interaction.

*Image: Top view of the RIVA Concert speaker, highlighting the control buttons for volume, playback, and microphone. Text bubbles indicate example Alexa voice commands like "Alexa, how's the weather today?" and "Alexa, play my favorite music."*

- **Volume Up (+) / Volume Down (-):** Adjusts the speaker's output volume.
- **Play/Pause:** Controls media playback.
- **Previous Track / Next Track:** Navigates through your playlist.
- **Microphone Button:** Activates or mutes the built-in microphone for Alexa voice commands.
- **Wi-Fi / Bluetooth Indicator:** Shows current connectivity status.

### 3.2 Rear Panel Ports

The rear panel provides various connectivity options for your speaker.

Image: Rear view of the RIVA Concert speaker, clearly showing the Aux-in port, Power input, USB Play / USB Charge Out 5V/2.1A port, and the Home / Airplane Mode Switch. A mounting screw thread is also visible.

1. **Aux-in:** 3.5mm audio input for connecting external audio devices.
2. **Power Input:** Connect the provided power cable here.
3. **USB Play / USB Charge Out 5V/2.1A:** Use for playing music from USB storage or charging compatible devices.
4. **Home / Airplane Mode Switch:** Toggles between standard operation and Airplane Mode, which disables wireless connectivity.

## 4. SETUP

### 4.1 Initial Power On

1. Connect the Power Cable to the speaker's Power Input and then to a wall outlet.

2. The speaker will automatically power on. Follow the voice prompts for initial setup.

## 4.2 Wi-Fi and Alexa Setup

To enable smart features and voice control, connect your RIVA Concert to your Wi-Fi network and set up Alexa.

1. Download the RIVA Voice app from your device's app store.
2. Open the RIVA Voice app and follow the on-screen instructions to connect your speaker to your Wi-Fi network.
3. Once connected to Wi-Fi, the app will guide you through linking your Amazon account to enable Alexa.
4. Ensure the microphone is not muted (check the Microphone Button on the top panel).

## 5. OPERATING INSTRUCTIONS

### 5.1 Alexa Voice Control

With Alexa Built-in, you can control your speaker and smart home devices using your voice.

- Say "Alexa" followed by your command (e.g., "Alexa, play jazz music," "Alexa, what's the weather?").
- To mute the microphone for privacy, press the Microphone Button on the top panel. The light ring will change to indicate the microphone is off.

*Image: The RIVA Concert speaker on a kitchen counter, illustrating a user interacting with Alexa by saying, "Alexa, set a timer for 10 minutes."*

### 5.2 Wi-Fi Streaming (AirPlay 2, Spotify, TIDAL)

Connect your speaker to your home Wi-Fi network for high-quality audio streaming and multiroom capabilities.

- **AirPlay 2:** From an Apple device, select the AirPlay icon and choose your RIVA Concert speaker to stream audio.
- **Spotify Connect:** Open the Spotify app, play a song, and select the 'Devices Available' icon. Choose your RIVA Concert speaker.

- **Other Streaming Services:** Use the RIVA Voice app to manage and stream from other supported services like TIDAL.

Image: A graphic illustrating the RIVA Concert speaker's various connectivity options and features, including Wi-Fi, Alexa Built-in, Aux In, 6 Drivers, USB, Bluetooth, Apple Airplay 2, and 50 Watts.

### 5.3 Bluetooth Connectivity

For direct connection from your mobile device, use Bluetooth.

1. Press and hold the Bluetooth button on the top panel until the indicator light flashes, indicating pairing mode.
2. On your device, go to Bluetooth settings and select "RIVA Concert" from the list of available devices.
3. Once paired, the indicator light will turn solid.

### 5.4 Multiroom Audio System

Expand your audio experience by connecting multiple RIVA Concert speakers for synchronized playback across different rooms.

- Use the RIVA Voice app to group multiple RIVA Concert speakers.
- Follow the app's instructions to create speaker groups and manage playback zones.

## 6. MAINTENANCE

To ensure the longevity and optimal performance of your RIVA Concert speaker, follow these maintenance guidelines:

- **Cleaning:** Use a soft, dry cloth to wipe the speaker's exterior. Avoid abrasive cleaners or solvents.
- **Placement:** Place the speaker on a stable, flat surface. Avoid direct sunlight, heat sources, or areas with excessive moisture.
- **Firmware Updates:** Regularly check for and install OTA (Over-The-Air) firmware updates via the RIVA Voice app to ensure your speaker has the latest features and performance enhancements.

## 7. TROUBLESHOOTING

If you encounter issues with your RIVA Concert speaker, refer to the following common solutions:

Problem	Possible Cause	Solution
No power	Power cable not connected or outlet not active.	Ensure the power cable is securely connected to the speaker and a working power outlet.
No sound	Volume too low, incorrect input source, or muted.	Increase volume, check selected input source (Wi-Fi, Bluetooth, Aux), ensure speaker is not muted.
Cannot connect to Wi-Fi	Incorrect Wi-Fi password, weak signal, or router issue.	Verify Wi-Fi password, move speaker closer to router, restart router, or try setup again via RIVA Voice app.
Alexa not responding	Microphone muted, no internet connection, or Alexa account not linked.	Unmute microphone, check Wi-Fi connection, ensure Amazon account is linked in the RIVA Voice app.
Bluetooth pairing issues	Speaker not in pairing mode, device too far, or previous connection interference.	Ensure speaker is in Bluetooth pairing mode, keep devices within range, forget previous Bluetooth connections on your device.
Sound cutting out or intermittent	Weak Wi-Fi/Bluetooth signal, interference, or app issues.	Move speaker closer to router/device, minimize interference from other wireless devices, restart speaker and streaming app.

## 8. SPECIFICATIONS

Key technical details of the RIVA Concert Smart Hi-Fi Speaker:

- **Model Name:** RIVA Concert
- **Speaker Type:** Multi Room
- **Speaker Maximum Output Power:** 50 Watts
- **Audio Driver Type:** Dynamic Driver (6 drivers total)
- **Surround Sound Channel Configuration:** 2.1
- **Wireless Communication Technology:** Wi-Fi, Bluetooth, Airplay 2
