3. SAFETY INFORMATION

To ensure safe operation and prevent injury or damage, please adhere to the following safety guidelines:

- Always use with caution. Keep all components away from children.
- Do not ingest small parts.
- Keep blades clean and dry when not in use.
- Avoid using near the face or eyes without proper guard combs attached to prevent injury.
- Do not immerse the main body of the clippers or trimmers in water. The foil shaver and nose trimmer may have water-resistant components, but always refer to specific cleaning instructions.
- Do not operate if the device or charging cable is damaged.
- Use only the provided charging cables.

4. SETUP AND CHARGING

4.1 Initial Charge

Before first use, fully charge each device. Connect the appropriate USB charging cable to the device and a

compatible USB power adapter (not included). The LED display on each device will indicate charging status and battery level.

- **Professional Hair Clipper:** Approximately 3 hours for a full charge, providing up to 180 minutes of cordless use.
- **Precision Trimmer:** Approximately 2 hours for a full charge, providing up to 120 minutes of cordless use.
- **Electric Foil Shaver:** Approximately 2 hours for a full charge, providing up to 60 minutes of cordless use.
- **Nose & Ear Hair Trimmer:** Approximately 1.5 hours for a full charge, providing up to 150 minutes of cordless use.

5. OPERATING INSTRUCTIONS

5.1 Professional Hair Clipper

Attach the desired guide comb. Turn on the clipper using the power button. Gently move the clipper against the direction of hair growth, ensuring even strokes. The adjustable taper lever allows for fine-tuning cutting lengths without changing combs.

5.2 Precision Trimmer (T-Blade)

The T-blade trimmer is ideal for detailing, outlining, and creating sharp lines around the neckline, beard, and sideburns. It can also be used for zero-gapped trimming. Turn on the trimmer and carefully guide the blade along the desired areas. Use without a comb for closest results.

5.3 Electric Foil Shaver

For a smooth, close shave on the face or head, use the electric foil shaver. Turn on the shaver and move it in small, circular motions or straight strokes against the direction of hair growth. The shaver features multiple speed settings for different shaving needs.

6. MAINTENANCE AND CLEANING

Regular cleaning and maintenance will prolong the life and performance of your grooming kit.

6.1 Blade Cleaning

After each use, turn off the device and detach the blade head (where applicable). Use the provided cleaning brush to remove any trapped hair from the blades and inside the device. For the foil shaver, the foil mesh can be detached for cleaning. The nose trimmer head is also detachable for easy cleaning.

6.2 Lubrication

Periodically, apply a small drop of clipper oil (not included) to the blades of the hair clipper and precision trimmer. Turn on the device for a few seconds to distribute the oil evenly. This helps maintain blade sharpness and smooth operation.

7. TROUBLESHOOTING

If you encounter issues with your Roziapro grooming kit, consider the following:

- **Device not turning on:** Ensure the device is fully charged. Check the charging cable and adapter for damage.
- **Poor cutting performance:** Clean the blades thoroughly to remove any hair buildup. Lubricate the blades if they feel stiff. Ensure the guide comb is correctly attached.
- **Excessive noise or vibration:** Clean and lubricate the blades. If the issue persists, discontinue use and contact customer support.
- **LED display not working:** Try charging the device. If the display remains unresponsive after charging, contact customer support.
