Zinus OLB-MBBF-6TS

ZINUS Joseph Low Profile 6 Inch Twin Platform Bed Frame Instruction Manual

Model: OLB-MBBF-6TS

1. PRODUCT OVERVIEW

The ZINUS Joseph Low Profile Platform Bed Frame provides a sturdy and stylish foundation for your mattress. Featuring a modern steel frame and durable wood slats, this bed frame eliminates the need for a box spring. It is designed for easy assembly and ships in an eco-friendly WonderBox™ packaging.

This specific model is the Twin size with a 6-inch profile height, offering a lower sleeping surface. The robust construction ensures reliable support for your mattress.

2. IMPORTANT SAFETY INFORMATION

- **WARNING:** Do not use this product with children under 5 years old.
- **CAUTION:** Always use with a fitted sheet to prevent entrapment.
- Ensure all bolts and screws are securely tightened before use. Periodically check and re-tighten as necessary.
- Do not stand on the bed frame.
- Keep small parts away from children during assembly.

3. PACKAGE CONTENTS

Your ZINUS Joseph Platform Bed Frame is delivered in a compact WonderBox™ for reduced carbon footprint. Please ensure all components are present before beginning assembly.

Figure 2: All parts and tools included in the WonderBox™ packaging.

Included Components:

- Steel Frame Components
- Wood Slats
- Hardware (bolts, nuts, washers)
- Assembly Tools (ratchet wrench, Allen key)
- Installation Manual

4. SETUP AND ASSEMBLY

Assembly of the ZINUS Joseph Platform Bed Frame is designed to be straightforward and typically requires two people. All necessary tools are included.

Video 1: Official ZINUS Joseph Platform Bed Frame Assembly Guide. This video demonstrates the assembly process for the bed frame, highlighting key steps and features.

Assembly Steps:

1. **Unpack Components:** Carefully remove all parts from the WonderBox™ packaging. Lay them out on a clean, soft surface to prevent scratches. Verify all components listed in Section 3 are present.
2. **Assemble Frame Sides:** Connect the long side rails to the headboard and footboard sections using the provided bolts and the ratchet wrench. Ensure all connections are snug but do not overtighten initially.
3. **Attach Center Support:** Secure the center support beam(s) to the frame. These beams provide crucial stability for the wood slats.
4. **Install Wood Slats:** Unroll the wood slats and place them across the frame. The slats are typically connected by a strap and may have Velcro strips to secure them to the frame, preventing shifting.
5. **Final Tightening:** Once all components are in place, go back and securely tighten all bolts. This ensures the frame is stable and squeak-free.

Original vs. New Box

Original big box

5. OPERATING INSTRUCTIONS

Mattress Placement:

Place your mattress directly onto the assembled wood slats. This bed frame is designed to support your spring, memory foam, or latex mattress without the need for a box spring.

Figure 5: Wooden slats provide direct support for your mattress.

Weight Capacity:

The Twin size bed frame supports up to 350 lbs. For larger sizes (Full, Queen, King), the frame supports up to 700 lbs.

Dimensions & capacity

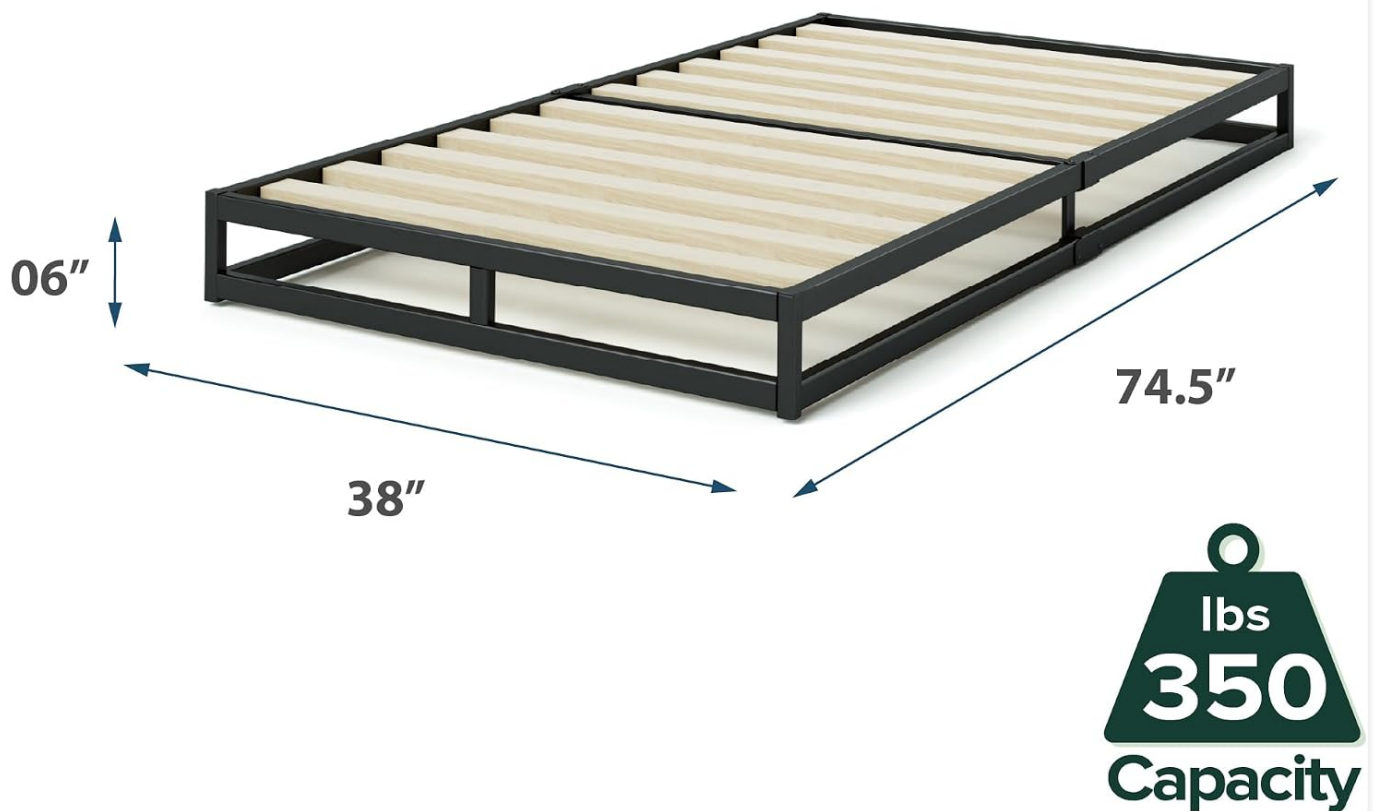

Figure 6: Twin size dimensions and weight capacity.

Under-Bed Storage:

The 6-inch profile offers approximately 5 inches of ground-to-item distance, providing a modest space for under-bed storage. Other available heights (10, 14, 18 inches) offer more clearance for larger storage solutions.

Figure 7: Example of under-bed storage with the ZINUS Joseph frame.

6. MAINTENANCE

Cleaning:

To clean the bed frame, simply wipe it with a dry cloth. Avoid using harsh chemicals or abrasive cleaners that could damage the finish.

Regular Checks:

Periodically inspect all bolts and connections to ensure they remain tight. Re-tighten any loose hardware to maintain the frame's stability and prevent squeaking.

7. TROUBLESHOOTING

Squeaking Noises:

- Ensure all bolts are securely tightened. Loose connections are a common cause of squeaking.
- Check that the wooden slats are properly seated and not rubbing against the metal frame. The included foam pads help prevent this.

Mattress Shifting:

- Verify that the mattress is centered on the frame.
- Some Zinus frames include non-slip tape on the slats to help keep the mattress in place. Ensure these are properly applied if present.

If you encounter any issues not covered here, please refer to the warranty and support section for assistance.

8. SPECIFICATIONS

Feature	Detail
Brand	Zinus
Model Number	OLB-MBBF-6TS
Size	Twin
