ZINUS FGPP-KS

ZINUS Judy Upholstered Platform Bed Frame Instruction Manual

Model: FGPP-KS
Brand: ZINUS

Product Overview

The ZINUS Judy Upholstered Platform Bed Frame offers a modern and stylish addition to any bedroom. Featuring an asymmetrical upholstered headboard with cozy foam padding and a muted grey tone, this bed frame is designed for comfort and durability. Its sturdy steel and wood body, combined with wood slats, provide comprehensive support for your mattress without the need for a box spring. This model is shipped in a compact WonderBox™ designed for a smaller carbon footprint and includes all necessary tools and instructions for easy assembly.

Safety Information

Please read and understand all safety information before assembly and use. Failure to follow these instructions may result in injury or damage to the product.

- Do not load more than 700 lbs (317.5 kg) on the bed frame.
- Follow assembly instructions carefully to prevent instability.
- Allow proper ventilation for upholstered and foam components.
- Keep all small parts and packaging materials away from children.
- Ensure all bolts and screws are securely tightened before use. Periodically check and re-tighten as needed.

Package Contents

Your ZINUS Judy Upholstered Platform Bed Frame is shipped in a single compact box (WonderBox™). All components, including

tools and instructions, are conveniently packed inside the headboard's zippered compartment.

Figure 2: All components for assembly, including clear instructions, clearly-labeled parts, and a ratcheting hex wrench.

Please verify that all parts are present before beginning assembly. If any parts are missing or damaged, please contact ZINUS customer support.

Setup and Assembly

Assembly is designed to be straightforward and typically requires two people. All necessary tools are included.

1. **Unpack Components:** Carefully open the WonderBox™ and locate the zippered compartment on the back of the headboard. Remove all parts, hardware, and the instruction manual.
2. **Assemble Frame:** Connect the main steel frame components as per the visual instructions provided in the manual. Ensure all pre-threaded screws are loosened before sliding parts together, then tighten securely using the included ratcheting hex wrench.
3. **Attach Legs:** Secure the four wooden legs to the baseboard and headboard by threading them into the designated holes.

4. **Connect Headboard and Footboard:** Attach the headboard and footboard to the assembled frame.
5. **Install Wood Slats:** The wood slats come in rolls and are secured with a Velcro system. Lay the slat rolls across the frame, aligning the Velcro strips, and press down firmly to secure them. This system ensures proper spacing and prevents shifting.

For a visual guide, refer to the official installation manual (PDF) linked on the product page or scan any QR codes provided in your physical manual for video instructions.

Operating Instructions

The ZINUS Judy Upholstered Platform Bed Frame is designed to support your mattress directly, eliminating the need for a box spring. Simply place your spring, memory foam, or latex mattress directly onto the wood slats. The sturdy construction ensures stable and quiet support for a comfortable sleep experience.

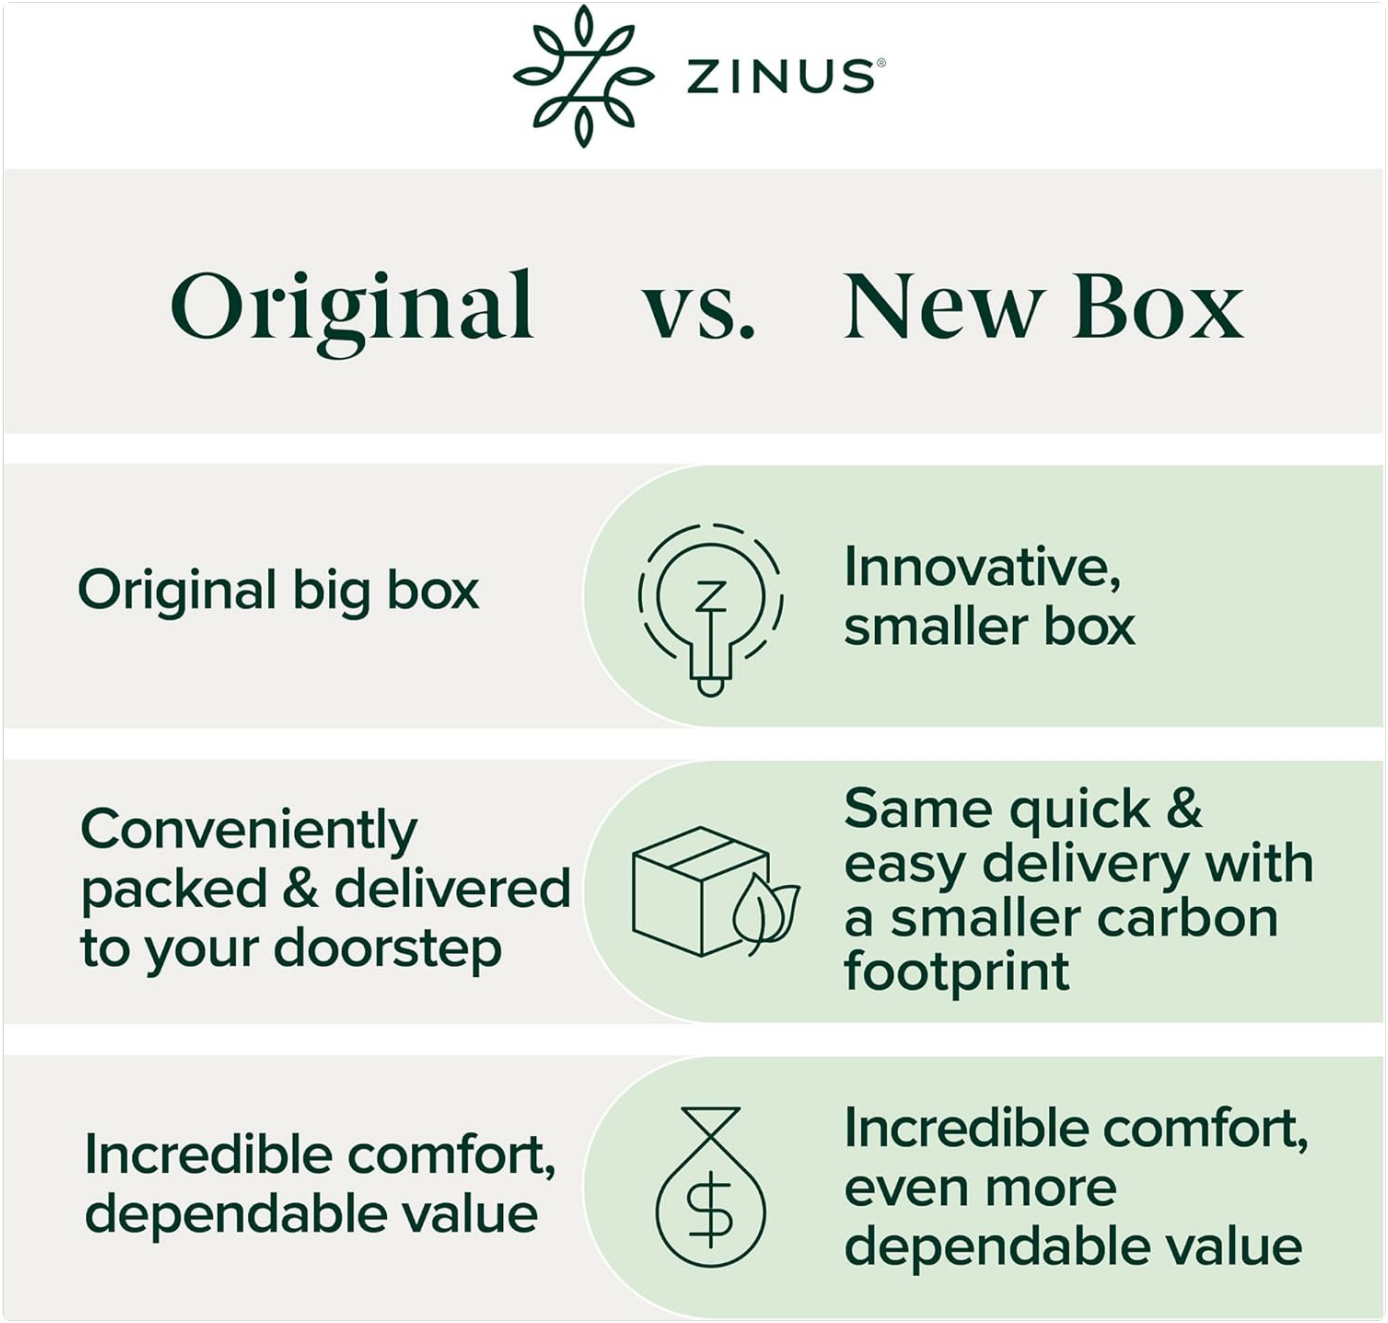

Figure 4: The padded headboard provides a comfortable backrest for reading or relaxing.

Maintenance

To maintain the appearance and longevity of your ZINUS Judy Upholstered Platform Bed Frame, follow these care instructions:

- **Cleaning:** Spot clean only. Use a mild detergent and a damp cloth for spills or stains on the upholstered fabric. Blot gently; do not rub.
- **Dusting:** Regularly dust the frame and headboard with a soft, dry cloth.
- **Inspection:** Periodically check all bolts and screws to ensure they remain tight. Re-tighten if necessary to maintain stability and prevent squeaking.
- **Ventilation:** Ensure adequate air circulation around the mattress and frame to prevent moisture buildup.

Troubleshooting

If you encounter any issues with your bed frame, please refer to the following common solutions:

Problem	Possible Cause	Solution
Squeaking noises	Loose connections or uneven floor.	Check and tighten all bolts and screws. Ensure the bed is on a level surface.
Mattress sliding	Lack of friction between mattress and slats.	Ensure slats are properly secured with Velcro. Consider using a non-slip mattress pad.
Instability/Wobbling	Improper assembly or loose parts.	Review assembly instructions and re-assemble if necessary, ensuring all connections are secure.

If the issue persists, please contact ZINUS customer support for further assistance.

Specifications

Size: King
