

UPBRIGHT ZEALOT S32 Pro Power Supply

UpBright USB-C 5V AC/DC Adapter User Manual

For ZEALOT S32, S49, S53, S61 Series Portable Bluetooth Speakers

1. INTRODUCTION

This manual provides essential information for the safe and effective use of your UpBright USB-C 5V AC/DC Adapter. This adapter is designed to provide reliable power for charging compatible ZEALOT S32, S49, S53, and S61 series portable Bluetooth speakers. Please read this manual thoroughly before use and retain it for future reference.

2. SAFETY INSTRUCTIONS

- Do not expose the adapter to liquids, moisture, or extreme temperatures.
- Do not disassemble or modify the adapter. Unauthorized modifications can lead to electric shock, fire, or damage to the product.
- Ensure the adapter is used with devices that match its voltage and current specifications.
- Keep the adapter away from children.
- Unplug the adapter from the power outlet when not in use or during electrical storms.
- If the adapter or cable appears damaged, discontinue use immediately.

3. PRODUCT OVERVIEW

The UpBright USB-C 5V AC/DC Adapter is a compact and efficient power supply designed for various portable electronic devices, specifically compatible with ZEALOT S32, S49, S53, and S61 series speakers. It features a USB-C connector for modern device compatibility and incorporates multiple protection mechanisms to ensure safe charging.

A black UpBright AC/DC adapter with a USB-C cable. The adapter clearly displays 'UpBright® AC / DC Adapter INPUT: 100-240V ~0.3A 50-60HZ'.

Key Features:

- **Universal Input Voltage:** Supports 100-240VAC, 50/60Hz, allowing for worldwide use with appropriate plug adapters.
- **Safety Protections:** Includes Over Voltage Output Protection (OVP), Over Current Output Protection (OCP), and Short Circuit Output Protection (SCP) to safeguard your devices.
- **USB-C Connectivity:** Equipped with a USB Type C connector for broad compatibility with modern portable devices.

Compatible Devices:

This adapter is compatible with the following ZEALOT portable Bluetooth speaker models:

- ZEALOT S32 / S32Pro
- ZEALOT S49 / S49Pro
- ZEALOT S53
- ZEALOT S61

Compatible With:

(Machine not Included)

A black cylindrical ZEALOT S32 portable Bluetooth speaker, shown as an example of a compatible device. The image is labeled 'Compatible With: (Machine not Included)' for clarity.

Compatible With:

(Machine not Included)

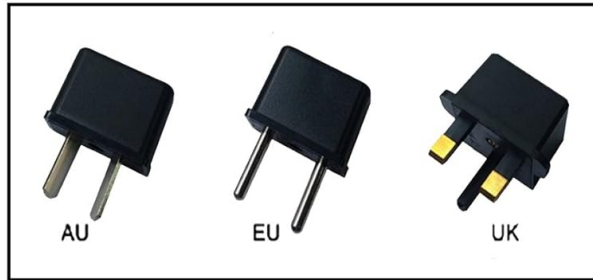

A black oval-shaped ZEALOT S49 portable Bluetooth speaker with RGB lighting, shown with water splashes, indicating its waterproof feature. This is another example of a compatible device. The image is labeled 'Compatible With: (Machine not Included)' for clarity.

4. SETUP

1. **Verify Compatibility:** Ensure your device requires a 5V DC input and has a USB-C charging port. Refer to your device's manual for specific power requirements.
2. **Connect to Device:** Insert the USB-C connector of the UpBright adapter into the charging port of your ZEALOT speaker.
3. **Connect to Power Outlet:** Plug the AC adapter into a standard wall power outlet (100-240VAC). For international use, ensure you have the correct regional plug adapter.

Come With A Suitable Outlet Adapter (Only One) to Fit
Your Country/Area For International Order

THIS PRODUCT COMES WITH A UPBRIGHT®

LIMITED WARRANTY CERTIFICATE
+ UPBRIGHT® LIMITED WARRANTY

An image displaying three types of international outlet adapters (AU, EU, UK) for use in different regions. Note: Only one suitable adapter is provided for international orders.

5. OPERATING INSTRUCTIONS

Once connected, the adapter will automatically begin charging your compatible device. Most devices will indicate charging status via an LED indicator. No further user interaction is required during the charging process.

6. MAINTENANCE

- Keep the adapter clean and dry. Use a soft, dry cloth to wipe the surface.
- Avoid wrapping the cable too tightly around the adapter to prevent damage to the cable or connectors.
- Store the adapter in a cool, dry place when not in use.

7. TROUBLESHOOTING

Device Not Charging:

- **Check Connections:** Ensure the USB-C cable is securely connected to both the adapter and the device, and the adapter is firmly plugged into the wall outlet.
- **Verify Power Outlet:** Test the wall outlet with another device to confirm it is supplying power.
- **Inspect Adapter and Cable:** Check for any visible damage to the adapter or cable. If damaged, discontinue use.
- **Device Battery Condition:** Rechargeable batteries have a limited lifespan (typically 1 to 3 years). If your device's battery is old or depleted, it may no longer accept a charge, which is not an issue with the charger. A voltmeter can be used to test if the charger is functioning correctly.
- **Device Compatibility:** Confirm that your device's power requirements match the adapter's output specifications (5V DC, 20W).

8. SPECIFICATIONS

A close-up view of the UpBright AC/DC adapter, showing the label with detailed specifications including model number, input (100-240V), and output (5VDC).

Model Number	ZEALOT S32 Pro Power Supply
Input Voltage	100-240VAC, 50/60Hz
