## 1. INTRODUCTION

The MEICHYUN 3-in-1 Bedside Bassinet is designed for newborns aged 0-6 months, offering versatility as a standalone bassinet, a bedside sleeper, and a rolling bassinet. Its multifunctional design adapts to your baby's changing needs, ensuring comfort and convenience.

This product meets all safety standards set by the US Consumer Product Safety Commission (CPSC) and ASTM International, ensuring a secure environment for your baby.

## 2. SAFETY INFORMATION

Always prioritize your baby's safety. Please read and follow all instructions carefully before assembly and use.

- **Breathable Mesh Design:** The bassinet features 4-sided breathable mesh, providing optimal ventilation and visibility. This design helps prevent suffocation and allows you to monitor your baby easily.
- **Sturdy Construction:** The frame is constructed from painted aluminum alloy pipes, ensuring durability. A sturdy triangular structure enhances stability and protects your baby.
- **Mattress Safety:** Use only the mattress provided by the manufacturer. Do not add extra padding or

mattresses, as this can create a suffocation hazard.

- **Secure Attachment:** When used as a bedside sleeper, always use the provided straps to securely attach the bassinet to the adult bed frame.
- **Weight Limit:** This bassinet is suitable for infants from 0 to 6 months or until they can push up on their hands and knees, whichever comes first.

### 3. SETUP

The MEICHYUN bassinet is designed for quick and tool-free installation, typically taking around 10 minutes. Follow the included installation instructions for detailed steps.

#### 3.1 Assembly Steps

1. Unfold the main frame of the bassinet. Ensure all locking mechanisms click into place.
2. Attach the support legs and wheels to the main frame. Verify that the wheels are securely locked if stationary use is desired.
3. Insert the mattress into the bassinet.
4. Install the large storage basket underneath the bassinet by attaching it to the designated hooks or clips on the frame.
5. Attach the hanging toy bar if desired.

## 4. OPERATING INSTRUCTIONS

### 4.1 3-in-1 Functionality

- **Standalone Bassinet:** Use the bassinet independently in any room. Ensure all four wheels are locked for stability.
- **Bedside Sleeper:** Unzip one side of the bassinet to lower the mesh wall. Position the bassinet next to your adult bed and use the provided attachment straps to secure it to your bed frame. This allows for easy access to your baby for feeding and comforting during the night.

- **Rolling Bassinet:** Unlock the universal wheels to easily move the bassinet between rooms. This feature allows your baby to stay close to you throughout the day.

## 4.2 Height Adjustment

The bassinet offers 6-level flexible height adjustment to match the height of most adult beds. This feature also allows you to adjust one side higher than the other to create a slight incline, which can be beneficial for babies with reflux.

## 4.3 Storage Basket

Utilize the large storage basket located beneath the bassinet to keep essential baby items such as diapers, wipes, blankets, and toys within easy reach.

## 4.4 Wheels with Locks

The bassinet is equipped with four quiet and non-slip universal wheels. Each wheel has a locking mechanism to ensure the bassinet remains stationary when needed.

## 5. MAINTENANCE

### 5.1 Cleaning Instructions

- **Fabric Components:** The fabric parts of the bassinet are machine washable. Use a gentle cycle with cold water and mild detergent. Do not bleach. Air dry or tumble dry on low heat.
- **Frame:** Wipe the aluminum frame with a damp cloth and mild soap. Dry thoroughly.
- **Mattress:** The mattress cover can be removed and machine washed. The foam insert can be spot cleaned with a damp cloth and mild soap. Ensure it is completely dry before reinserting.

### 5.2 Storage

When not in use, the bassinet can be disassembled and folded for compact storage. Store in a cool, dry place away from direct sunlight.

## 6. TROUBLESHOOTING

- **Bassinet feels unstable:** Ensure all frame components are fully extended and locked into place. Check that the wheels are properly engaged if you intend for the bassinet to be stationary.
- **Difficulty adjusting height:** Verify that the adjustment buttons on both sides are fully pressed before attempting to change the height. Ensure no fabric or debris is obstructing the mechanism.
- **Side panel not lowering/raising smoothly:** Check the zippers for any obstructions. Ensure the side panel's support bars are correctly aligned with their tracks.

If you encounter any issues not listed here, please refer to the detailed instruction manual included with your product or contact customer support.
