3. SETUP

3.1 Charging the Smartwatch

Before first use, fully charge your smartwatch. Connect the charging cable to the charging port on the back of the watch and plug the USB end into a power adapter (not included) or a computer's USB port. The watch display will indicate charging status.

3.2 App Download and Installation

To unlock the full potential of your HK39 Smartwatch, download and install the **FitCloudPro** application on your smartphone. You can find it on the App Store (iOS) or Google Play Store (Android).

3.3 Pairing with Your Smartphone

1. Ensure Bluetooth is enabled on your smartphone.
2. Open the FitCloudPro app.
3. Follow the on-screen instructions in the app to search for and connect to your HK39 Smartwatch. The watch's name should appear in the list of available devices.

4. Confirm the pairing request on both your smartphone and the smartwatch if prompted.

4. OPERATING INSTRUCTIONS

4.1 Basic Navigation

- **Touch Screen:** Tap to select, swipe left/right/up/down to navigate menus and screens.
- **Side Buttons:** The smartwatch features physical buttons on the side for quick access to functions or to return to the home screen.

4.2 Bluetooth Calling

Once paired, your smartwatch can make and receive Bluetooth calls directly. Ensure the Bluetooth connection is stable for optimal call quality.

4.3 Music Control

Control music playback on your smartphone directly from your smartwatch. You can play, pause, skip tracks, and adjust volume.

4.4 Custom Dials

Personalize your smartwatch with a variety of watch faces. You can download mass dials or upload your own photos through the FitCloudPro app.

Mass dial

Built-in digital dial and other different styles of dial, you can switch freely. In addition, the dial market there are 100+ exquisite dial, a variety of options to meet your varied style

- **Alarm Setting:** Set alarms for reminders.
- **Water Consumption Reminder:** Get reminders to drink water.
- **Intelligent Gesture Control:** Control certain functions with gestures.
- **Do Not Disturb Mode:** Silence notifications during specific times.

7. MAINTENANCE

7.1 Water Resistance

The HK39 Smartwatch is rated **IP68 waterproof and dust-proof**. This means it is resistant to dust ingress and can withstand immersion in water up to 1.5 meters for 30 minutes. It is suitable for daily use, such as hand washing, rain, and shallow swimming. However, it is not recommended for hot showers, saunas, or diving, as steam and high water pressure may compromise the seal.

IP68 waterproof and dust-proof

With excellent sealing performance, safe and reliable

7.2 Cleaning and Care

- Clean the watch and strap regularly with a soft, damp cloth.
- Avoid using harsh chemicals or abrasive materials.
- Ensure the charging contacts are clean and dry before charging.

8. TROUBLESHOOTING

- **Watch not turning on:** Ensure the watch is fully charged. Connect it to the charger for at least 30 minutes.
- **Cannot pair with phone:**

- Ensure Bluetooth is enabled on your phone and the watch.
- Make sure the watch is within the Bluetooth range of your phone.
- Restart both the watch and your phone.
- Try unpairing and re-pairing the device through the FitCloudPro app.

- **Notifications not received:**

- Check notification settings in the FitCloudPro app.
- Ensure app notifications are enabled in your phone's system settings.
- Verify that the watch is connected to the phone via Bluetooth.

- **Inaccurate health data:**

- Ensure the watch is worn snugly on your wrist, not too loose or too tight.
- Clean the sensor on the back of the watch.
- Avoid extreme movements during measurements.
