

SEALIGHT X2 Pro Max

SEALIGHT Mini Wireless Car Vacuum

Model: X2 Pro Max

User Instruction Manual

1. INTRODUCTION

Thank you for choosing the SEALIGHT Mini Wireless Car Vacuum. This powerful and compact device is designed to provide efficient cleaning for your car, home, office, and even outdoor activities. With its 4-in-1 functionality, including vacuuming, blowing, inflating, and air pumping, it offers unparalleled versatility. This manual will guide you through the setup, operation, and maintenance of your new vacuum to ensure optimal performance and longevity.

2. KEY FEATURES

- **13000Pa Powerful Suction:** Equipped with a high-power brushless motor for strong vacuuming capabilities.
- **4-in-1 Functionality:** Seamlessly switches between vacuuming, blowing, inflating, and air pumping modes.
- **Compact & Lightweight Design:** Easy to carry and store, ideal for on-the-go cleaning.
- **Upgraded Accessories:** Includes a variety of nozzles and brushes for diverse cleaning needs, such as flat suction nozzle, multi-surface nozzle, long/short blow nozzles, and air suction nozzle.
- **Increased Dust Cup Capacity:** Features a 180ML dust cup, 50% larger than previous models, for extended cleaning sessions.
- **HEPA Filtration:** Ensures efficient capture of fine dust and allergens.

- **Cordless Operation:** Powered by a Lithium-Ion battery for maximum portability.

3. WHAT'S IN THE BOX

Upon unboxing your SEALIGHT Mini Wireless Car Vacuum, you should find the following components:

- 1 x SEALIGHT Mini Car Vacuum (Model X2 Pro Max)
- 1 x User Manual
- 1 x USB Charging Cable (Type-C)
- 2 x Washable HEPA Filters
- 1 x Multi-surface Nozzle
- 1 x Long Blowing Nozzle
- 1 x Flat Suction Nozzle
- 1 x Short Blowing Nozzle
- 1 x Flat Brush
- 1 x Round Brush
- 1 x Air Suction Nozzle
- 1 x Portable Storage Box

4. SETUP

4.1 Initial Charging

Before first use, fully charge the vacuum. Connect the USB charging cable to the vacuum's charging port and plug the other end into a compatible USB power adapter (not included). The charging indicator light will show the charging status. A full charge typically takes approximately 3 hours.

4.2 Attaching Accessories

The SEALIGHT vacuum supports various attachments for different functions. To attach a nozzle or brush, align it with the vacuum's intake or exhaust port and push firmly until it clicks into place. Ensure a secure fit to prevent air leakage and maximize performance.

5. OPERATING INSTRUCTIONS

5.1 Power On/Off

To power on the vacuum, press and hold the power button. Press again to switch between modes (if applicable) or to power off. The device features a simple push-button control for ease of use.

5.2 Vacuuming Mode

Attach the desired suction nozzle (e.g., Flat suction nozzle for crevices, Multi-surface nozzle for larger areas). Point the nozzle towards the debris and activate the vacuum. Move the vacuum slowly over the surface to effectively pick up dirt, dust, and pet hair.

Spotless Car Cleaning

5.3 Blowing Mode

To use as an air duster, attach a blowing nozzle (e.g., Long Blowing Nozzle for hard-to-reach areas, Short Blowing Nozzle for inflating). The air blows from the rear exhaust port of the vacuum. This mode is ideal for clearing dust from keyboards, vents, or igniting BBQ fires.

Every Corner Covered

5.4 Inflating & Air Pumping Modes

Use the appropriate short blowing nozzle for inflating items like air mattresses or swimming rings. For air pumping (e.g., deflating storage bags), attach the Air Suction Nozzle to the intake port and place the vacuum over the bag's valve.

6. MAINTENANCE

6.1 Emptying the Dust Cup

Regularly empty the dust cup to maintain optimal suction power. Twist the dust cup counter-clockwise to detach it from the main unit. Dispose of the collected debris and reattach the cup by twisting clockwise until secure.

6.2 Cleaning the HEPA Filter

The HEPA filter should be cleaned after every few uses or when suction power decreases. Remove the filter from the dust cup. Tap it gently to remove loose dust. For a more thorough cleaning, rinse the filter under running water. Ensure the filter is completely dry before reinserting it into the vacuum. Do not use detergents or hot water.

Image: Cleaning the washable HEPA filter.

6.3 Storing the Vacuum

When not in use, store the vacuum and its accessories in the provided portable storage box. Store in a cool, dry place away from direct sunlight and extreme temperatures.

7. TROUBLESHOOTING

Problem	Possible Cause	Solution
Vacuum does not turn on.	Battery is depleted.	Charge the vacuum fully.
Low suction power.	Dust cup is full.	Empty the dust cup.
	Filter is clogged.	Clean or replace the HEPA filter.
	Nozzle/hose is blocked.	Remove any obstructions from the nozzle or hose.
Blower function is weak.	Exhaust port is blocked.	Ensure the exhaust port is clear of debris.
Battery life is short.	Battery not fully charged.	Ensure a full 3-hour charge before use.
	Operating in Max-Mode continuously.	Utilize Eco-Mode for longer runtime (up to 30 minutes).

8. SPECIFICATIONS

Attribute	Detail
-----------	--------

Attribute	Detail
Brand	SEALIGHT
Model Name	X2 Pro Max Handheld Car Vacuum
Special Feature	Portable, Wet/Dry, Lightweight, HEPA
Filter Type	HEPA Filter
Is Cordless?	Yes
Capacity	200 Milliliters
Wattage	150 watts
Runtime	15 minutes (Max-Mode), 30 minutes (Eco-Mode)
Charging Time	3 Hours
Recommended Uses	Car, Home, Office, Outdoor
Form Factor	Handheld
Color	Black
Product Dimensions	2"L x 1"W x 1"H
Battery Type	Lithium-Ion
Noise Level	70 dB
Item Weight	1 pounds

9. WARRANTY AND SUPPORT

SEALIGHT products are manufactured with high-quality materials and undergo rigorous testing. This product comes with a standard manufacturer's warranty against defects in materials and workmanship. Please refer to the warranty card included in your package for specific terms and conditions.

For technical support, troubleshooting assistance, or warranty claims, please contact SEALIGHT customer service through the contact information provided on the product packaging or the official SEALIGHT website. Our dedicated support team is available to assist you with any inquiries.

Ask about setup, troubleshooting, compatibility, parts, safety, or missing instructions. Manuals+ will review the question and use this page's manual context to help answer it.
