

Snlrntin X87

Snlrntin X87 Wireless Earbuds Bluetooth 5.3 Headphones User Manual

INTRODUCTION

This manual provides detailed instructions for the Snlrntin X87 Wireless Earbuds. Please read this manual carefully before using the product to ensure proper operation and to maximize your listening experience. Keep this manual for future reference.

PRODUCT OVERVIEW

The Snlrntin X87 Wireless Earbuds feature Bluetooth 5.3 technology, offering stable connectivity and low power consumption. Designed for comfort and durability, these earbuds are waterproof and include a built-in microphone for clear calls. The charging case features an LED power display to monitor battery status, and the earbuds deliver superior Hi-Fi stereo sound.

Key Features:

- **Bluetooth 5.3:** Ensures stable transmission, lower power consumption, and extended range.
- **Superior Hi-Fi Stereo Sound:** Delivers powerful bass, clear mids, and bright treble.
- **Long Battery Life:** Up to 8 hours of playtime on a single charge, with the charging case providing up to 40 hours total.
- **LED Power Display:** Dual LED display on the charging case shows remaining power and earbud charging status.
- **Clear Calls:** Built-in microphone with call noise cancellation for high-quality conversations.

- **Touch Control:** Sensitive touch panels for music playback, call management, volume adjustment, and voice assistant activation.
- **Ergonomic Design:** Semi-in-ear design for comfort and stability.
- **Waterproof:** Designed to withstand water exposure, suitable for sports and workouts.

SETUP GUIDE

1. Unboxing and Initial Charge

Upon opening the package, ensure all components are present:

- Snlrntin X87 Wireless Earbuds (Left and Right)
- Wireless Charging Case
- USB Type-C Charging Cable
- User Manual (this document)

Before first use, fully charge the charging case and earbuds.

Image: The charging case with a USB-C cable connected, illustrating the fast charging capability and the LED power display showing "100" for full charge.

Charging the Case: Connect the provided USB Type-C cable to the charging port on the case and to a USB power source. The LED display will show the charging progress. A full charge typically takes approximately 1.5 hours.

Charging the Earbuds: Place the earbuds into the charging case. They will automatically begin charging. The LED display on the case will indicate the charging status of each earbud (L for left, R for right).

Super Battery Life

Image: An infographic showing the battery life: 1.5 hours for full charge, 8 hours music time, and 40 hours with the charging case.

2. Bluetooth Pairing

The earbuds are designed for automatic pairing once removed from the charging case after the initial setup.

1. First-Time Pairing:

- Ensure the earbuds are charged.
- Open the charging case and remove both earbuds. They will automatically power on and enter pairing mode.
- On your device (smartphone, tablet, computer), go to the Bluetooth settings.

- Search for available devices and select "X87" from the list.
- Once connected, you will hear a confirmation prompt, and the earbuds will be ready for use.

2. **Automatic Reconnection:** After the initial pairing, the earbuds will automatically connect to the last paired device when removed from the charging case, provided Bluetooth is enabled on your device.

***Note:** If the earbuds do not connect automatically, ensure they are charged and that Bluetooth is active on your device. You may need to manually select "X87" from your device's Bluetooth list.*

OPERATING INSTRUCTIONS

1. Wearing the Earbuds

The X87 earbuds feature an ergonomic semi-in-ear design for a comfortable and secure fit.

- Identify the Left (L) and Right (R) earbuds.
- Gently insert each earbud into the corresponding ear canal.
- Adjust the earbud until it feels snug and comfortable. A proper fit enhances sound quality and noise isolation.

Ergonomic Design and Clear Call

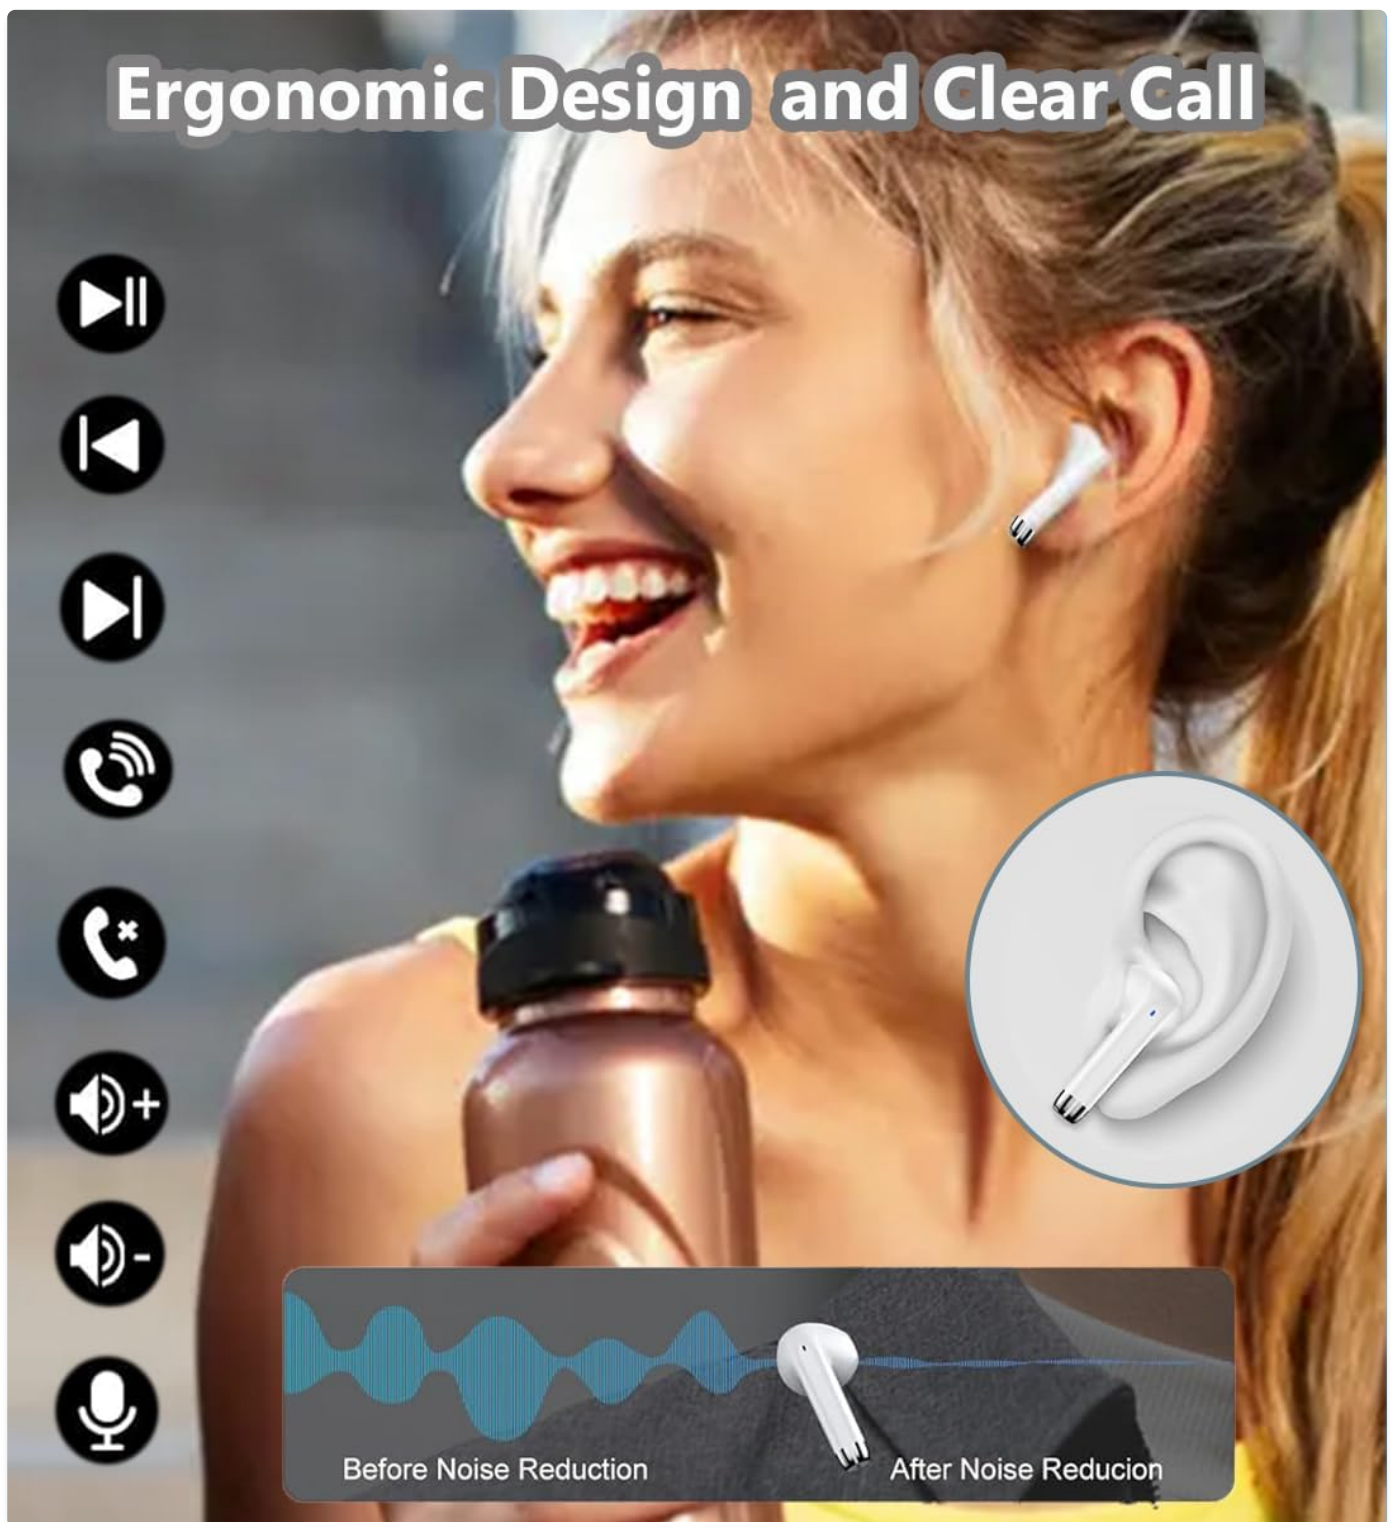

Image: A person wearing the earbuds, demonstrating the ergonomic fit. Icons for touch controls are displayed alongside.

2. Touch Controls

The X87 earbuds are equipped with sensitive touch control panels on both the left and right earbuds. The functions are as follows:

Action	Function
Single Tap (L/R)	Play/Pause music, Answer/End call
Double Tap (Left Earbud)	Previous Track
Double Tap (Right Earbud)	Next Track

Action	Function
Triple Tap (Left Earbud)	Volume Down
Triple Tap (Right Earbud)	Volume Up
Long Press (2 seconds) (L/R)	Reject Incoming Call, Activate Voice Assistant

3. Single and Binaural Mode

The X87 earbuds support both single earbud (mono) and dual earbud (stereo) usage.

- **Binaural Mode (Stereo):** Use both earbuds for a full stereo audio experience. This is the default mode when both earbuds are removed from the case.
- **Single Mode (Mono):** You can use either the left or right earbud independently. Simply remove one earbud from the case, and it will connect to your device. The other earbud can remain in the case or be used later.

MAINTENANCE

Proper maintenance ensures the longevity and optimal performance of your earbuds.

- **Cleaning:**
 - Regularly clean the earbuds and charging case with a soft, dry, lint-free cloth.
 - Use a cotton swab or a small, soft brush to gently remove any earwax or debris from the earbud mesh and charging contacts.
 - Do not use abrasive cleaners, alcohol, or chemical solvents.
- **Storage:**
 - When not in use, always store the earbuds in their charging case to protect them and keep them charged.
 - Store in a cool, dry place, away from extreme temperatures and direct sunlight.
- **Water Resistance:** The earbuds are waterproof, but the charging case is not. Avoid exposing the charging case to water. Ensure earbuds are dry before placing them back into the charging case.

TROUBLESHOOTING

If you encounter issues with your Snlrntin X87 Wireless Earbuds, refer to the following common solutions:

Problem	Possible Solution
Earbuds not pairing/connecting	◦ Ensure earbuds and charging case are fully charged. ◦ Turn off and on Bluetooth on your device. ◦ Forget "X87" from your device's Bluetooth list and re-pair. ◦ Place both earbuds back into the case, close it, wait a few seconds, then open and remove them again.

Problem	Possible Solution
Only one earbud working	◦ Ensure both earbuds are charged. ◦ Place both earbuds back into the charging case, close the lid, and then open it again to allow them to re-sync. ◦ If the issue persists, try resetting the earbuds (refer to specific reset instructions if available, otherwise, re-pair).
Low volume or poor sound quality	◦ Adjust the volume on both your device and using the earbud touch controls. ◦ Ensure the earbuds are properly seated in your ears for a good seal. ◦ Clean any debris from the earbud mesh. ◦ Try playing audio from a different source or device to rule out source issues.
Earbuds not charging	◦ Ensure the charging cable is securely connected to both the case and the power source. ◦ Check if the charging case itself has power. ◦ Clean the charging contacts on both the earbuds and inside the case. ◦ Try a different USB Type-C cable or power adapter.
