MAINTENANCE AND CARE

To ensure the longevity and appearance of your VASAGLE BBK032W01 cabinet, follow these maintenance guidelines:

- **Cleaning the Surface:** The cabinet is made of chipboard with a lacquered surface, which is easy to clean. Use a soft, damp cloth with a mild, non-abrasive cleaner. Wipe dry immediately to prevent water spots.
- **Cleaning the Mirrors:** Use a standard glass cleaner and a lint-free cloth to clean the mirrored surfaces. Avoid spraying cleaner directly onto the mirror to prevent liquid from seeping into the edges.
- **Avoid Harsh Chemicals:** Do not use abrasive cleaners, solvents, or harsh chemicals, as these can damage

the finish and mirror coating.

- **Check Fittings:** Periodically check all screws and fittings to ensure they remain tight. Tighten if necessary to maintain stability.

TROUBLESHOOTING

If you encounter any issues with your cabinet, please refer to the following common solutions:

- **Loose Doors/Hinges:** If the doors feel loose or misaligned, check the hinge screws and tighten them with a screwdriver. Adjusting the hinge screws can also help align the doors.
- **Unstable Cabinet:** Ensure the wall mounting hardware is securely fastened to the wall and the cabinet. If the cabinet feels wobbly, re-check all assembly screws and wall anchors.
- **Difficulty Adjusting Shelves:** Ensure the shelf pins are fully inserted into the desired holes. Do not force shelves into place.
