

FAXÄLVEN

Generic FAXÄLVEN Mirror Cabinet with Integrated Lighting

MODEL: FAXÄLVEN

User Manual

1. Introduction

The Generic FAXÄLVEN mirror cabinet is designed to optimize wall space, providing both concealed storage behind its mirrored doors and an open shelf for frequently used items. This cabinet features integrated lighting for enhanced functionality and aesthetic appeal in your bathroom or living area. This manual provides essential information for safe installation, operation, and maintenance of your new mirror cabinet.

2. Safety Information

Please read all instructions carefully before installation and use. Keep this manual for future reference.

- **Electrical Safety:** The integrated lighting requires electrical connection. Installation should be performed by a qualified electrician to ensure compliance with local electrical codes and safety standards. Always disconnect power at the main circuit breaker before attempting any electrical work.
- **Wall Mounting:** Ensure the wall material is suitable for supporting the weight of the cabinet and its contents. Use appropriate fasteners for your specific wall type (e.g., drywall, concrete, tile). Improper installation can lead to injury or damage.
- **Mirror Handling:** Mirrors are fragile. Handle the cabinet with care to avoid breakage. Do not apply excessive force or impact to the mirror surfaces.
- **Water Exposure:** This cabinet is designed for bathroom environments but should not be directly exposed to splashing water or excessive humidity. Ensure proper ventilation.
- **Children:** Keep children away from the installation area. Do not allow children to hang on the cabinet doors.

3. Package Contents

Verify that all components are present before beginning installation:

- Pre-assembled Mirror Cabinet with Integrated Lighting
- Internal Shelves (quantity: 1)
- Mounting Hardware (screws, wall plugs - specific to general wall types)

4. Installation Instructions

This mirror cabinet comes pre-assembled. The following steps detail the wall-mounting process. It is recommended to have two people for safe installation.

Tools Required:

- Pencil
- Measuring Tape
- Level
- Drill with appropriate drill bits
- Screwdriver (Phillips head)
- Stud finder (recommended for drywall installation)

Installation Steps:

1. **Choose Location:** Select a suitable wall location, ensuring there are no hidden electrical wires or pipes. Consider the desired height and accessibility.
2. **Mark Drilling Points:** Hold the cabinet against the wall at the desired height and use a level to ensure it is straight. Mark the positions for the mounting screws on the wall using a pencil.
3. **Drill Holes:** Using an appropriate drill bit for your wall type, drill holes at the marked positions.
4. **Insert Wall Plugs:** Insert the provided wall plugs (if applicable for your wall type) into the drilled holes. Ensure they are flush with the wall surface.
5. **Mount Cabinet:** Carefully lift the cabinet and align the mounting holes on the cabinet with the drilled holes/wall plugs. Insert the mounting screws and tighten them securely. Do not overtighten.
6. **Electrical Connection:** For the integrated lighting, connect the cabinet's electrical wiring to your household electrical supply. **This step must be performed by a qualified electrician.** Ensure all connections are secure and insulated according to local regulations.
7. **Final Check:** Gently test the cabinet's stability to ensure it is securely mounted to the wall.

5. Operating Instructions

The integrated lighting of your FAXÄLVEN mirror cabinet is designed for ease of use.

- **Lighting Control:** The integrated lighting is typically connected to a wall switch in your bathroom. Simply use the designated wall switch to turn the light on or off.
- **Energy Efficiency:** The integrated lighting is designed to be energy-efficient. Turn off the light

when not in use to conserve energy.

6. Maintenance and Care

Proper care will ensure the longevity and appearance of your mirror cabinet.

- **Cleaning the Cabinet:** Wipe the cabinet surfaces with a soft, damp cloth. For stubborn marks, use a mild, non-abrasive cleaner. Avoid harsh chemicals, abrasive pads, or solvents, as these can damage the finish.
- **Cleaning the Mirror:** Use a standard glass cleaner and a soft, lint-free cloth. Spray the cleaner onto the cloth, not directly onto the mirror, to prevent liquid from seeping into the edges.
- **Wood Care:** The brown oak effect finish is durable but should be protected from excessive moisture. Wipe up any spills immediately.
- **Electrical Components:** Do not attempt to clean or service the electrical components while the power is connected.

7. Troubleshooting

If you encounter issues with your mirror cabinet, refer to the following common troubleshooting steps:

- **Integrated Lighting Not Working:**
 - Check if the wall switch is in the 'ON' position.
 - Verify that the main circuit breaker for the bathroom is not tripped.
 - Ensure the electrical connections to the cabinet are secure (consult a qualified electrician if unsure).
 - If the light source is replaceable (check product specifications), ensure the bulb is correctly installed and not faulty.
- **Cabinet Doors Not Closing Properly:**
 - Check for any obstructions inside the cabinet or along the door's path.
 - Inspect the hinges for any looseness or damage. Tighten screws if necessary.

8. Specifications

Brand	Generic
Model Name	FAXÄLVEN
Color	Brown Oak Effect
Material	Oak
Product Dimensions (D x W x H)	15 cm x 60 cm x 95 cm

Power (Integrated Lighting)	22 W
Special Features	Integrated Lighting
Mounting Type	Wall Mount
Number of Shelves	1
Components Included	Shelves, Mirror
Assembly Required	No (Pre-assembled)
