SETUP AND INSTALLATION

The VOXNAN shower shelf is designed for simple installation, typically by hanging it over a shower pipe or similar fixture. No complex tools are usually required.

1. **Unpack:** Carefully remove all components from the packaging. Ensure no parts are missing or damaged.
2. **Identify Mounting Point:** Locate a suitable vertical shower pipe or rod within your shower area where the shelf can securely hang.
3. **Position Shelf:** Place the central hook of the shelf over the chosen shower pipe. Ensure the shelf hangs level and is stable.
4. **Secure (if applicable):** Some installations may benefit from additional securing mechanisms (e.g., suction cups, clips) if provided or desired for extra stability.

- **Placement of Items:** Place shower essentials such as shampoo bottles, soap bars, sponges, and other toiletries within the shelf compartments.

MAINTENANCE AND CARE

To ensure the longevity and appearance of your chrome-plated shower shelf, follow these maintenance guidelines:

- **Regular Cleaning:** Clean the shelf regularly with a soft cloth and mild soap or a non-abrasive bathroom cleaner.
- **Avoid Harsh Chemicals:** Do not use abrasive cleaners, scouring pads, or strong chemical solutions, as these can damage the chrome finish.
- **Rinse and Dry:** After cleaning, rinse the shelf thoroughly with clean water and dry it immediately with a soft, dry cloth to prevent water spots and mineral buildup.
- **Prevent Rust:** While chrome-plated, prolonged exposure to standing water or harsh chemicals can lead to corrosion. Ensure good ventilation in the shower area.
