

## PAX 100x60x236 Bergsbo

# PAX Wardrobe User Manual

MODEL: 100x60x236 CM, WHITE/BERGSBO FROSTED GLASS

## Introduction

---

This manual provides essential information for the assembly, operation, maintenance, and troubleshooting of your new PAX wardrobe. Please read these instructions carefully before beginning assembly or use to ensure safe and proper functionality. This wardrobe is designed for organizing clothes, files, and folders, featuring two doors with frosted glass panels and built-in organizational features.

## Setup and Assembly

---

The PAX wardrobe requires assembly. It is recommended that two people assemble this unit. Ensure you have adequate space and all components before starting. Refer to the included assembly diagrams for detailed steps.

1. **Unpack Components:** Carefully unpack all parts and hardware. Verify all components are present against the packing list.
2. **Assemble Frame:** Begin by assembling the main frame of the wardrobe according to the provided diagrams. Ensure all connections are secure.
3. **Install Shelves and Interior Organizers:** Insert the included shelves into the designated slots. If using additional KOMPLEMENT interior organizers (sold separately), install them at this stage.
4. **Attach Doors:** Mount the two doors to the frame using the provided hinges. Adjust hinges as necessary to ensure proper alignment and smooth operation of the frosted glass doors.
5. **Secure to Wall (Recommended):** For safety, it is highly recommended to secure the wardrobe to a wall using the anti-tip hardware provided. This prevents tipping hazards.

Image 2: The PAX wardrobe with one door open, showcasing the interior layout, including adjustable shelving and ample

storage space for clothes or other items.

## Operation

---

The PAX wardrobe is designed for straightforward use. To open the doors, gently pull the handles. To close, push the doors until they are fully shut. The interior shelves can be adjusted to different heights to accommodate various items. For enhanced organization, consider integrating interior organizers from the KOMPLEMENT series, which are compatible with this wardrobe system.

## Care and Maintenance

---

- **Cleaning:** Wipe surfaces clean with a damp cloth and a mild cleaner. Dry thoroughly with a clean cloth. Avoid abrasive cleaners or harsh chemicals that may damage the finish or glass.
- **Glass Care:** For the frosted glass panels, use a glass cleaner and a soft, lint-free cloth.
- **Hardware:** Periodically check all screws and fittings to ensure they are tight. Retighten if necessary.
- **Weight Distribution:** Distribute weight evenly across shelves to prevent warping or damage. Do not overload the wardrobe.

## Troubleshooting

---

Problem	Possible Cause	Solution
Doors do not close properly or are misaligned.	Hinges are loose or improperly adjusted.	Adjust the screws on the hinges to align the doors. Ensure the wardrobe is level.
Wardrobe feels unstable or wobbly.	Not properly secured to the wall or uneven floor.	Ensure the wardrobe is secured to the wall using anti-tip hardware. Adjust leveling feet if present, or place shims under the base on uneven floors.
Shelves sag or bow.	Overloaded or uneven weight distribution.	Reduce the weight on the shelves and redistribute items evenly.

## Product Specifications

---
