## STANI DBQG2023314B

# STANI Metal Wall Storage Cabinet with Adjustable Shelf (Model DBQG2023314B) - User Manual

Model: DBQG2023314B

## INTRODUCTION

This manual provides essential instructions for the safe assembly, operation, and maintenance of your STANI Metal Wall Storage Cabinet. Please read this manual thoroughly before installation and use, and retain it for future reference.

## IMPORTANT SAFETY INFORMATION

- Do not exceed a weight limit of 130 lbs (59 kg) per shelf.
- Ensure proper wall mounting techniques are used. Consult a professional if unsure about wall type or mounting hardware.
- Follow all assembly instructions carefully to prevent injury or damage.
- Keep children and pets away from the assembly area.
- Wear appropriate safety gear, such as gloves and eye protection, during assembly.

## COMPONENTS LIST

Before beginning assembly, verify that all parts are present and undamaged. Refer to the included packing list for specific component identification codes.

- Cabinet Panels (Top, Bottom, Sides, Back)
- Front Door with Locking Mechanism
- Adjustable Interior Shelf
- Assembly Hardware (Screws, Wall Anchors, Keys)
- Screwdriver (provided)

## SETUP AND ASSEMBLY

Assembly is required for this product. It is recommended to assemble the cabinet on a soft, clean surface to prevent scratches.

### Step-by-Step Assembly

1. **Unpack and Identify Parts:** Carefully remove all components from the packaging. Lay them out on a protected surface. Identify each panel (e.g., side panels, top, bottom, back, door, shelf) and hardware.

2. **Assemble the Cabinet Frame:** Connect the side panels to the bottom panel using the provided screws. Ensure the panels are aligned correctly.
3. **Attach the Back Panel:** Secure the back panel to the assembled sides and bottom.
4. **Install the Top Panel:** Attach the top panel to complete the main cabinet structure.
5. **Install the Door:** Carefully attach the front door, ensuring the rolling mechanism operates smoothly.
6. **Insert the Adjustable Shelf:** Place the adjustable shelf into the desired height slots within the cabinet.
7. **Wall Mounting:** Choose a suitable location on a sturdy wall. Use the appropriate mounting hardware (included for concrete/block walls; additional hardware may be needed for wood studs). Ensure the cabinet is level and securely fastened to the wall.

**Figure 1: Product Dimensions.** This image provides a visual representation of the cabinet's overall dimensions and load capacity per shelf.

# A Solid Locking System With Key Lock

Secure any your precious tools and pricey items

Figure 2: Cabinet in a Garage Setting. The cabinet is shown installed in a garage environment, demonstrating its practical application for tool organization.

**Figure 3: Integrated Storage Solution.** This image illustrates how the cabinet can be integrated into a larger garage storage system.

## Assembly Video Guide

**Video 1: Assembly Instructions.** This video provides a step-by-step guide for assembling the STANI Metal Wall Storage Cabinet, demonstrating how to connect the panels, install the door, and position the adjustable shelf.

## OPERATING INSTRUCTIONS

### Opening and Closing the Door

The cabinet features a smooth-gliding door that opens upwards. To open, gently lift the door. It will slide up and remain open at a 90-degree angle, providing full access to the cabinet's interior. To close, pull the door down until it is fully shut.

**Figure 4: Door Operation.** The cabinet door smoothly slides upwards and stays open, providing unobstructed access to the interior.

### Using the Locking System

The cabinet is equipped with a key lock for securing your stored items. Insert the key into the lock, turn it to lock or unlock the door, and remove the key when not in use.

Figure 5: Secure Locking System. The cabinet is equipped with a secure key lock to protect stored items.

## Adjusting the Shelf

The interior shelf is adjustable and removable. To adjust, remove any items from the shelf. Lift the shelf slightly and slide it out of its current position. Reinsert the shelf into the desired height slots. Ensure it is securely seated before placing items back on it.

# PRODUCT DIMENSION

EASY TO ASSEMBLE 30 min

**LOAD CAPACITY OF EACH SHELF**

**130 LBS/ 59 KG**

Thickened: **24Ga**

Figure 6: Adjustable Shelf. The interior shelf can be adjusted to different heights or removed entirely to accommodate various item sizes.

## MAINTENANCE

- **Cleaning:** Wipe the cabinet surfaces with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals that could damage the powder-coated finish.
- **Rust Prevention:** The steel is powder-coated to resist rust. However, avoid prolonged exposure to moisture or corrosive substances. If scratches occur, touch up with appropriate paint to prevent rust.
- **Hardware Check:** Periodically check all screws and mounting hardware to ensure they remain tight. Tighten as necessary.

## TROUBLESHOOTING

- **Door not sliding smoothly:** Check the tracks for any obstructions or debris. Ensure all screws on the door mechanism are properly tightened.
- **Cabinet feels unstable:** Verify that the cabinet is securely mounted to the wall and all mounting hardware is

tightened. Ensure the wall structure is adequate to support the cabinet's weight and contents.

- **Shelf not fitting:** Ensure the shelf is oriented correctly and aligned with the adjustment slots.
