SAFETY INFORMATION

Observe the following safety precautions to prevent injury or damage to the product:

- Ensure all components are securely fastened before use.
- Do not exceed the maximum load capacity of **70 kg**.
- Keep children and pets away from the desk during operation.
- Ensure there are no obstructions in the desk's path during height adjustment.
- Disconnect power before cleaning or maintenance.
- Use only the provided power adapter.

I Reliable Support Up To 70kg

PACKAGE CONTENTS

Verify that all components are present before beginning assembly. If any parts are missing or damaged, contact customer support.

- Desktop sections (Brown)
- Desk frame (Black)
- Control panel with memory function
- Motor and power adapter
- Assembly hardware (screws, bolts, etc.)
- Cable management accessories (e.g., metal hooks)
- Instruction manual

SETUP AND ASSEMBLY

Follow these steps to assemble your SANODESK +2080 Electric Standing Desk. It is recommended to have two people for assembly.

1. **Unpack Components:** Carefully remove all parts from the packaging and lay them out on a clean, soft surface to prevent scratches.
2. **Assemble Frame:** Attach the crossbar to the lifting columns. Ensure all screws are tightened securely. The frame is designed for straightforward assembly with pre-drilled holes and alignment notches.
3. **Attach Feet:** Secure the desk feet to the bottom of the lifting columns.
4. **Mount Desktop:** Place the desktop sections onto the assembled frame. Align the pre-drilled holes in the desktop with the mounting points on the frame. Secure the desktop using the provided screws.
5. **Install Control Panel:** Attach the control panel to the underside of the desktop in a convenient location using the provided screws.
6. **Connect Motor and Power:** Connect the motor cable to the control box and the control panel cable to the control box. Plug the power adapter into the control box and then into a wall outlet.
7. **Attach Accessories:** Install the metal hooks on the side of the desk as desired for hanging headphones or bags.

OPERATING INSTRUCTIONS

The SANODESK +2080 features an intuitive control panel for easy height adjustment and memory functions.

Height Adjustment

- Press and hold the **UP** arrow button to raise the desk.
- Press and hold the **DOWN** arrow button to lower the desk.
- The desk height can be adjusted smoothly between **73 cm** and **122 cm**.

Memory Presets

The control panel allows you to save up to four preferred height settings.

1. Set a Memory Position:

- Adjust the desk to your desired height using the UP/DOWN buttons.
- Press the **"M"** button. The display will show "S-".
- Within 3 seconds, press one of the number buttons **(1, 2, 3, or 4)** to save the current height to that preset. The display will show "S-1", "S-2", etc., to confirm.

2. Recall a Memory Position:

- Simply press the corresponding number button **(1, 2, 3, or 4)**. The desk will automatically move to the saved height.

Image: Visual representation of the SANODESK +2080 Electric Standing Desk's adjustable height range, illustrating its lowest position at 73 cm and highest at 122 cm.

Quiet Operation

The desk is equipped with an ultra-quiet motor, operating at less than 50 dB, ensuring minimal disturbance in your workspace during height adjustments.

MAINTENANCE

Regular maintenance helps prolong the life and performance of your desk.

- **Cleaning:** Wipe the desktop and frame with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals.
- **Inspection:** Periodically check all screws and bolts to ensure they are tight. Re-tighten if necessary.
- **Cable Management:** Ensure all cables are neatly managed and not pinched or tangled, especially during height adjustments.

TROUBLESHOOTING

If you encounter issues with your desk, refer to the following common problems and solutions:

- **Desk Not Moving:**
 - Check if the power cable is securely connected to both the desk and the wall outlet.
 - Ensure no objects are obstructing the desk's movement.
 - Try resetting the desk by unplugging it for 30 seconds and then plugging it back in.
- **Uneven Height:**
 - Perform a reset procedure (refer to the control panel instructions, usually involves holding down a specific button or lowering to the minimum height and holding).
 - Ensure the desk is on a level surface.
- **Error Codes on Display:**
 - Refer to the specific error code in the full manual (if available) or contact customer support.
