Logitech G 920-012950

Logitech G915 X Wired Mechanical Gaming Keyboard User Manual

Model: 920-012950 | Brand: Logitech G

INTRODUCTION

The Logitech G915 X Wired Mechanical Gaming Keyboard is engineered to deliver advanced gaming technology in a sleek, low-profile design. This manual provides essential information for setting up, operating, maintaining, and troubleshooting your new keyboard.

SETUP

Unboxing and Initial Setup

Upon opening the package, you will find the Logitech G915 X Wired Mechanical Gaming Keyboard and a USB-A to USB-C power and data cable. Ensure all components are present before proceeding.

Connectivity

The G915 X connects to your computer via a wired USB-C connection. Simply plug the USB-A end of the cable into an available USB port on your computer and the USB-C end into the keyboard.

Software Installation (Logitech G HUB)

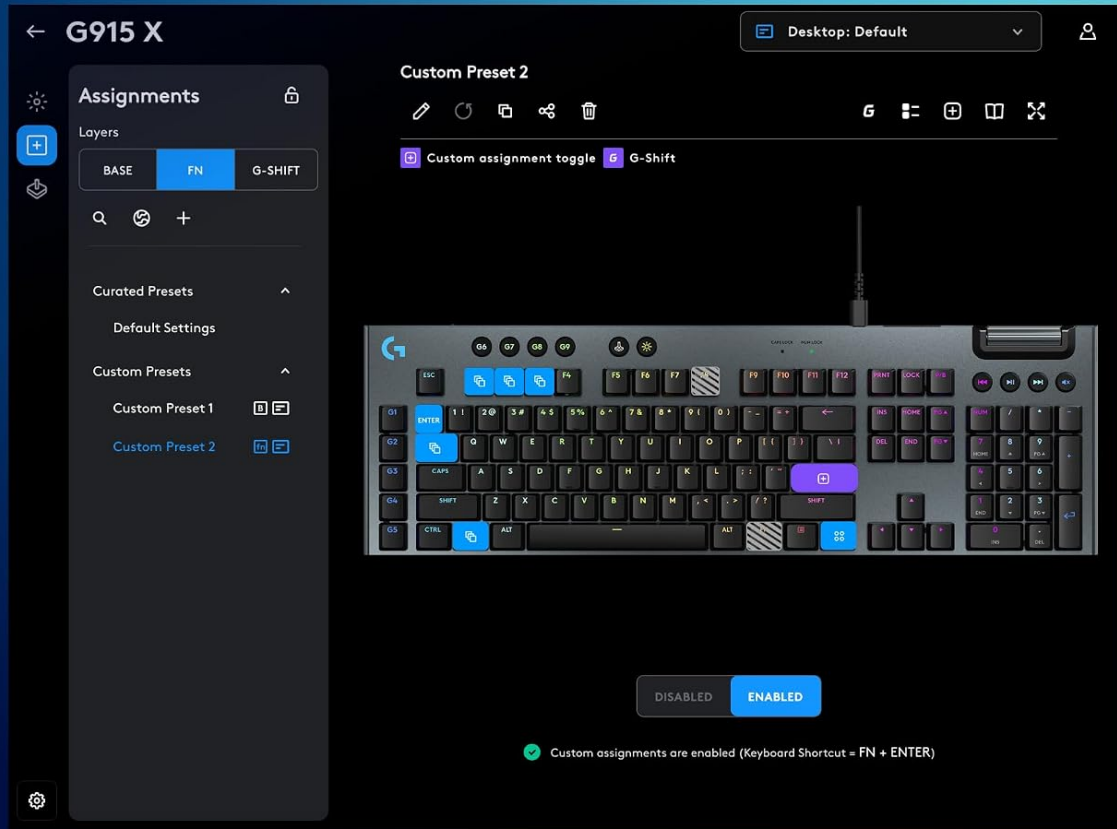

To unlock the full potential of your G915 X keyboard, including customizable RGB lighting, programmable G-keys, and advanced settings, download and install the Logitech G HUB software from the official Logitech G website. This software allows for personalized control and synchronization with other Logitech G devices.

OPERATING THE KEYBOARD

Key Features

- **Low-Profile GL Mechanical Switches:** Experience speed, precision, and comfort with a 1.3mm actuation point and 3.2mm total travel distance.
- **Double-Shot PBT Keycaps:** Enjoy enhanced durability and a premium typing experience with keycaps designed for longevity.
- **Programmable G-Keys:** Utilize KEYCONTROL to set up to 15 functions per key, transforming your keyboard into a personalized command center.
- **Dedicated Media Keys and Volume Roller:** Conveniently control your audio and media playback with soft-touch media keys and a cast iron volume roller.

CUSTOMIZE COMMANDS PER KEY

Game Mode

Activate Game Mode using the dedicated button on the keyboard to disable keys that might interrupt your gameplay, such as the Windows key. This ensures an uninterrupted gaming experience.

MAINTENANCE

Cleaning Your Keyboard

To maintain the appearance and functionality of your keyboard, regularly clean it with a soft, lint-free, damp cloth. Avoid using abrasive cleaners, solvents, or aerosol sprays directly on the keyboard.

Keycap Care

The double-shot PBT keycaps are designed for durability. If you need to remove keycaps for deeper cleaning or

replacement, use a keycap puller to avoid damage. Ensure low-profile keycaps are used if replacing them.

TROUBLESHOOTING

Common Issues and Solutions

- **Keyboard Not Responding:** Ensure the USB-C cable is firmly connected to both the keyboard and your computer. Try connecting to a different USB port.
- **Lighting Issues:** Check that Logitech G HUB software is running and that your lighting profiles are correctly configured. Use the dedicated brightness control key on the keyboard to adjust illumination levels.
- **Key Input Problems (e.g., double-pressing, missed inputs):** Ensure the keycaps and switches are free from debris. If the issue persists after cleaning, it may indicate a hardware problem.

For more detailed troubleshooting steps or persistent issues, refer to the comprehensive support section within the Logitech G HUB software or visit the Logitech G support website.

SPECIFICATIONS

Feature	Detail
Brand	Logitech G
Model Number	920-012950
