TDLOL X23

Rechargeable Portable Camping Fan with LED Light

Model: X23 | Brand: TDLOL

Introduction

Thank you for choosing the TDLOL X23 Portable Camping Fan. This user manual provides essential information for the safe and efficient operation of your new device. Designed for versatility, this fan combines powerful airflow with adjustable LED lighting and a convenient power bank function, making it an indispensable companion for camping, travel, and everyday use.

Product Features

- **Rechargeable & Long-lasting:** Equipped with a built-in battery, rechargeable via Type-C (5V/2A), offering 8-38 hours of continuous use depending on speed setting. Supports charging while operating.
- **Powerful & Quiet Airflow:** Features the latest brushless motor technology and ultra-thin fan blades for strong airflow with noise levels below 28 dB. Offers 4 adjustable wind speeds.
- **Integrated LED Light:** Includes a 3-level brightness LED light, suitable for night reading or illuminating an entire space for outdoor activities.
- **Flexible Design:** The fan head manually rotates 270° for directional airflow. A 360° rotating hook allows for easy hanging in tents or other locations.
- **Compact & Portable:** Sleek, lightweight design for easy transport, making it perfect for camping, travel, and various outdoor adventures.

Package Contents

- 1 x TDLOL X23 Portable Camping Fan
- 1 x USB Cable
- 1 x User Manual

Safety Instructions

- Do not disassemble or attempt to repair the device.
- Keep away from water and excessive moisture.
- Ensure proper ventilation when operating.
- Use only the provided USB cable for charging.
- Keep out of reach of small children.

Setup

Initial Charging

Before first use, fully charge the fan using the provided USB Type-C cable. Connect the cable to the fan's Type-C input port and a compatible 5V/2A USB power adapter (not included). The battery indicator lights will show the charging progress. A full charge can provide 8-38 hours of continuous operation depending on the fan speed.

Operating Instructions

Fan Operation

Press the fan button to cycle through the 4 available wind speeds: Low, Medium, High, and Super High. The fan operates quietly, ensuring minimal disturbance.

Image: The fan showcasing its four distinct speed levels, from low to super high, indicating powerful and adjustable airflow.

LED Light Operation

Press the light button to cycle through the 3 brightness levels of the integrated LED light. The lowest brightness is suitable for reading, while the highest can illuminate a larger area.

Image: The fan's LED light in action, illustrating its three brightness settings for various lighting needs.

Power Bank Function

The fan can act as a power bank. Connect your device to the USB output port using your device's charging cable to charge it on the go.

Maintenance

- Clean the fan grille and blades periodically with a soft, dry cloth to remove dust.
- Do not use abrasive cleaners or solvents.
- Store the fan in a cool, dry place when not in use.

Troubleshooting

- **Fan not turning on:** Ensure the battery is charged. Connect to a power source and try again.
- **LED light not working:** Check the battery level. Recharge the fan if necessary.
- **Device not charging from fan:** Ensure the fan has sufficient battery charge. Check the USB cable connection.
- **Weak airflow:** Adjust the fan speed setting to a higher level.

Specifications

Feature	Detail
Brand	TDLOL
Model Name	X23 Green
Power Source	Rechargeable, Battery Powered
Product Dimensions	1"D x 1"W x 1"H
Item Weight	2.05 pounds
Noise Level	30 dB
Wattage	6 watts
Voltage	5 Volts (DC)
Number of Fan Speeds	4
Number of Light Levels	3
Connector Type	USB (Type-C input, Type-A output)
Indoor/Outdoor Usage	Outdoor

Warranty & Support

For warranty information or technical support, please refer to the contact details provided on the product packaging or contact the manufacturer directly. Keep your purchase receipt for any warranty claims.
