Setup Guide

1. Charging the Headphones

1. Locate the USB charging port on the headphone.
2. Connect the provided USB charging cable to the headphone's charging port.
3. Connect the other end of the USB cable to a standard USB power adapter (not included) or a computer's USB port.
4. The LED indicator light will illuminate during charging. Charging typically takes about 3 hours.
5. Once fully charged, the LED indicator light will typically turn off or change color.

2. Powering On/Off

- **To Power On:** Press and hold the "ON/OFF" button until the LED indicator light flashes.
- **To Power Off:** Press and hold the "ON/OFF" button again until the LED indicator light turns off.

3. Bluetooth Pairing

1. Ensure the headphones are powered off.
2. Press and hold the "ON/OFF" button for approximately 5-7 seconds until the LED indicator light flashes red and blue alternately, indicating pairing mode.
3. On your smartphone or Bluetooth-enabled device, enable Bluetooth and search for available devices.
4. Select "Jectse Headphones" (or similar name) from the list of found devices.
5. Once paired, the LED indicator light will typically flash blue slowly or remain solid blue.

4. Memory Card Playback

- Insert a compatible memory card (e.g., microSD) into the memory card slot on the headphone.
- The headphones should automatically switch to memory card playback mode. If not, use the "M/EQ" button to cycle through modes.

OPERATING INSTRUCTIONS

Music Playback

- **Play/Pause:** Press the **Play/Pause** button (often marked with a triangle/two vertical bars) to start or pause music.
- **Next Song:** Press the **Next Song** button (often marked with ≫|) to skip to the next track.
- **Previous Song:** Press the **Previous Song** button (often marked with |≪) to go to the previous track.
- **Volume Up:** Press and hold the **Volume Up** button (often marked with V+ or +) to increase volume.
- **Volume Down:** Press and hold the **Volume Down** button (often marked with V- or -) to decrease volume.

Call Management

- **Answer Call:** When an incoming call rings, press the **Answer/Hang Up** button (often the Play/Pause button) once to answer.
- **End Call:** During a call, press the **Answer/Hang Up** button once to end the call.
- **Reject Call:** When an incoming call rings, press and hold the **Answer/Hang Up** button for 2 seconds to reject the call.
- **Redial Last Number:** Double-press the **Answer/Hang Up** button to redial the last dialed number.

Mode Switching (M/EQ Button)

- Press the **M/EQ** button to cycle through available modes, such as Bluetooth mode, Memory Card mode, and potentially FM radio mode (if supported by your specific model).

MAINTENANCE

- **Cleaning:** Use a soft, dry cloth to clean the headphones. Do not use abrasive cleaners or solvents.
- **Storage:** When not in use, store the headphones in a cool, dry place, away from direct sunlight and extreme temperatures. The foldable design allows for compact storage.

- **Water Exposure:** These headphones are not waterproof. Avoid exposure to water or excessive moisture.
- **Charging:** Charge the headphones regularly, even if not used frequently, to maintain battery health.

Portable:

Compact design, easy to carry

Works well when making calls and listening to music on a smartphone.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Headphones do not power on.	Low battery.	Charge the headphones for at least 3 hours.
Cannot pair with device.	Headphones not in pairing mode; Bluetooth off on device; device too far.	Ensure headphones are in pairing mode (flashing red/blue). Turn on Bluetooth on your device. Keep devices within 10 meters.
No sound or low volume.	Volume too low on headphones or device; incorrect audio source; connection issue.	Increase volume on both headphones and connected device. Ensure the correct audio output is selected on your device. Re-pair the headphones.
Volume buttons not working.	Temporary software glitch; specific mode limitation.	Try restarting the headphones. Ensure you are pressing and holding the volume buttons, not just tapping them. If the issue persists, adjust volume directly on the connected device.

Problem	Possible Cause	Solution
Memory card not playing.	Card not inserted correctly; unsupported file format; headphones not in memory card mode.	Reinsert the memory card. Ensure music files are in a supported format (e.g., MP3). Press the M/EQ button to switch to memory card mode.

SPECIFICATIONS

Model Name	Jectsei4yu1whg9b
Bluetooth Version	5.0
Supported BT Modes	A2DP 1.2, AVRCP 1.0, HSP, HSF 1.5
Frequency Range	2.402 to 2.480GHz, 2.4G ISM band
RF Performance	Receiving Sensitivity -84dBm; Transmitting Power ≤4dBm
Frequency Response	20 Hz to 20 KHz
Signal-to-Noise Ratio (SNR)	95 dB
Total Harmonic Distortion (THD)	0.1%
Battery Type	Rechargeable Lithium Battery (Integrated)
Battery Capacity	400 mAh
Normal Charging Time	Approximately 3 hours
Operating Temperature	-20 °C to 55 °C
Memory Card Support	Yes (Card not included)
Dimensions (Package)	18 x 13 x 9 cm
Product Weight	500 g
