## JanflyHome JCZ-US58

# JanflyHome Vanity Desk with Mirror and Lights

Model: JCZ-US58

## INTRODUCTION

Thank you for choosing the JanflyHome Vanity Desk with Mirror and Lights. This manual provides essential information for the safe assembly, operation, and maintenance of your new vanity desk. Please read these instructions carefully before beginning assembly and retain them for future reference.

## SAFETY INFORMATION

For your safety and to prevent damage to the product, please observe the following:

- Always follow the assembly instructions carefully.
- Keep electrical components away from water.
- Do not overload power outlets.
- Do not use the vanity if any parts are damaged or missing.
- Ensure all screws and fasteners are securely tightened before use.
- Place the vanity on a stable, level surface.

## PACKAGE CONTENTS

Please refer to the product packaging and the included assembly guide for a complete and detailed list of all parts and hardware.

Ensure all components are present before beginning assembly.

## ASSEMBLY INSTRUCTIONS

Assembly of the JanflyHome Vanity Desk is designed to be straightforward. Each part is clearly numbered to facilitate the process. An estimated assembly time for one person is 2-3 hours.

1. Unpack all components and verify against the parts list in your assembly guide.
2. Identify all numbered parts and hardware.
3. Begin by assembling the main desk frame according to the step-by-step diagrams.
4. When installing the dresser and chair legs, align the screw holes with the reserved holes on the panel, then tighten the screws. A power drill can assist with installation if needed.
5. Attach the mirror and connect its power cable to the built-in outlet.
6. Assemble the cushioned stool.
7. Ensure all connections are secure and the vanity is stable before use.

## SETUP AND FEATURES

### Illuminated Mirror

The vanity desk features a round mirror with integrated LED lighting. This mirror offers three distinct color modes and adjustable brightness to suit your needs.

Image: The mirror's touch control allows switching between Cold White, Warm White, and Warm Yellow light settings.

### Built-in Power Outlet

For added convenience, the vanity desk includes a built-in power strip with two standard AC outlets and two USB ports. This allows you to power or charge electronic devices directly at your vanity.

Image: The integrated power outlet provides easy access to charging for phones and other devices.

## Storage Solutions

The vanity desk is equipped with a deep drawer and two open shelves, providing ample space for organizing cosmetics, skincare products, and other beauty essentials. The desktop also features a guardrail design to prevent items from falling.

## Sensitive Touchscreen Button

Waterproof touchscreen button helps to turn on/off the mirror light more conveniently.

## Smooth & Silent Slides

High-quality trinodal slide rail, strong load-bearing capacity, smooth opening and closing

## Thick & Soft Sponge Cushion Stool

The stool in the set comes with a soft foam cushion for your comfort while applying makeup with this vanity.

Image: The vanity offers a deep drawer and open shelves for efficient storage of various items.

## OPERATING INSTRUCTIONS

### Adjusting Mirror Lights

- Short Press:** Tap the touch button on the mirror to cycle through the three color modes: natural light, warm light, and cool light.
- Long Press:** Press and hold the touch button to adjust the brightness level of the selected light mode.
- Turning off the blue light:** After turning off the main mirror light, long press the touch sensor to turn off its blue indicator light, preventing disturbance during sleep.

### Using the Power Outlet

- Plug your devices into the available AC outlets or USB ports.
- Ensure devices are compatible with 125V/12A (AC) and 5V/2A (USB) specifications.
- Do not exceed the maximum power rating of the outlet to prevent electrical hazards.

## MAINTENANCE

Proper care will extend the life and appearance of your vanity desk.

- Cleaning:** Wipe surfaces with a dry cloth for general dusting. For deeper cleaning, use a damp cloth and mild cleaner, then dry immediately. Avoid harsh chemicals or abrasive materials.
- Mirror Care:** Clean the mirror surface with a glass cleaner and a soft, lint-free cloth. Do not spray cleaner directly onto the mirror to avoid liquid seeping into the electrical components.
- Electrical Components:** Ensure all electrical connections are dry and free from dust. Do not attempt to repair electrical components yourself.
- Stool Cushion:** Spot clean the fabric cushion with a mild fabric cleaner as needed.

## TROUBLESHOOTING

Problem	Possible Cause	Solution
Mirror light not working or flickering.	Loose power connection, faulty touch sensor, power outage.	Check if the mirror's power cable is securely plugged into the vanity's outlet. Ensure the vanity's main power cord is plugged into a working wall outlet. If the issue persists, contact customer support.
Drawer is difficult to open or gets stuck.	Misalignment of drawer slides, obstruction, worn slides.	Empty the drawer and check for any items obstructing the slides. Verify that the drawer slides are correctly installed and aligned. Lightly lubricate the slides if necessary.
Power outlets/USB ports not providing power.	Vanity not plugged in, overloaded circuit, faulty outlet.	Ensure the vanity's main power cord is securely plugged into a working wall outlet. Check if the total power draw of connected devices exceeds the outlet's capacity (125V/12A). Try a different device to confirm the outlet's functionality.
Missing or damaged parts during assembly.	Packaging error, shipping damage.	Do not proceed with assembly. Contact JanflyHome customer service immediately with your purchase details and a description of the missing or damaged parts.
