## 2. SAFETY INFORMATION

---

Please read all safety instructions carefully before installation and use. Keep this manual for future reference.

- **Electrical Safety:** Always disconnect power at the main circuit breaker before installing, cleaning, or servicing the lamp. Installation should be performed by a qualified electrician if you are unsure.
- **Voltage:** Ensure the supply voltage matches the lamp's requirements (230V).
- **Bulbs:** Use only E27 bulbs that do not exceed the maximum wattage specified for the lamp.
- **Environment:** This lamp is designed for indoor use only. Do not expose it to moisture or extreme temperatures.
- **Handling:** Handle the lamp with care to avoid damage. Do not modify the product in any way.

## 3. PACKAGE CONTENTS

---

Verify that all components are present before beginning installation:

- Brilagi Clare Ceiling Lamp unit
- Integrated Motion Sensor
- Mounting hardware (screws, wall plugs)

- User Manual

*Note: E27 light bulbs are not included and must be purchased separately.*

## 4. SETUP AND INSTALLATION

---

Follow these steps for safe and proper installation of your Brilagi Clare Ceiling Lamp.

### 4.1 Tools Required

- Screwdriver
- Drill (if required for wall plugs)
- Pencil
- Wire strippers (if necessary)

### 4.2 Installation Steps

1. **Disconnect Power:** Turn off the electricity supply at the main circuit breaker before starting any electrical work.
2. **Prepare Mounting Surface:** Choose a suitable location on the ceiling. Mark the drilling points for the mounting bracket using the lamp's base as a template.
3. **Install Mounting Bracket:** Drill holes if necessary and secure the mounting bracket to the ceiling using the provided screws and wall plugs.

Image 4.1: Internal view of the lamp, showing the mounting points and wiring area.

4. **Wire Connection:** Connect the household electrical wires to the lamp's terminal block. Ensure correct polarity (Live, Neutral, Earth) according to local electrical codes. Secure all connections tightly.
5. **Install Bulbs:** Screw three E27 light bulbs (not included) into the lamp fittings. Ensure they are securely tightened.
6. **Attach Lamp Body:** Carefully align the lamp body with the mounting bracket and secure it in place. Follow the specific locking mechanism (e.g., twist-lock or screw-in) as indicated by the product design.
7. **Restore Power:** Once the lamp is securely installed and all connections are checked, restore power at

the main circuit breaker.

## 5. OPERATING INSTRUCTIONS

---

The Brilagi Clare Ceiling Lamp is designed for simple operation with its integrated motion sensor.

### 5.1 Motion Sensor Functionality

The lamp is equipped with a motion sensor that automatically activates the light when movement is detected within its range. The light will remain on for a set duration and turn off automatically after no further motion is detected.

- **Automatic Activation:** The light will turn on when motion is detected.
- **Automatic Deactivation:** The light will turn off after a period of no detected motion.
- **Energy Saving:** The motion sensor helps conserve energy by ensuring the light is only on when needed.

### 5.2 General Operation

Once installed and powered, the lamp will operate automatically based on the motion sensor. There are no manual switches on the lamp itself. Control is typically managed via the room's main light switch, which can be used to cut power to the lamp if desired.

## 6. MAINTENANCE

---

### 6.1 Cleaning

- Always disconnect power before cleaning.
- Wipe the lamp with a soft, dry, or slightly damp cloth.
- Do not use abrasive cleaners, solvents, or harsh chemicals, as these can damage the finish.

### 6.2 Bulb Replacement

- Disconnect power at the main circuit breaker.
- Carefully remove the lamp's diffuser or cover to access the E27 sockets.
- Unscrew the old E27 bulb counter-clockwise.
- Screw in a new E27 bulb clockwise, ensuring it is securely seated.
- Replace the diffuser/cover.
- Restore power.

## 7. TROUBLESHOOTING

---

If you encounter issues with your Brilagi Clare Ceiling Lamp, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Lamp does not turn on.	No power supply. Faulty bulb(s). Incorrect wiring.	Check circuit breaker. Replace bulb(s). Verify wiring connections (consult an electrician if unsure).
Motion sensor not activating light.	Sensor obstructed. Insufficient motion. Sensor malfunction.	Ensure clear line of sight for the sensor. Test with more pronounced movement. Contact customer support if problem persists.
Light flickers.	Loose bulb connection. Incompatible bulb type. Electrical issue.	Tighten bulbs. Ensure bulbs are suitable for the lamp. Consult an electrician.
