## Brookstone BK11-PD20

# Brookstone 3-in-1 Wireless Charging Station User Manual

Model: BK11-PD20

Brand: Brookstone

---

## 1. INTRODUCTION

Welcome to the user manual for your Brookstone 3-in-1 Wireless Charging Station. This device is designed to efficiently charge your compatible iPhone (12 series and newer), Apple Watch, and AirPods simultaneously, reducing cable clutter and simplifying your charging routine. Please read these instructions carefully before use to ensure optimal performance and safety.

## 2. PACKAGE CONTENTS

Verify that all items listed below are included in your package:

- 1 x 3-in-1 Wireless Charging Station
- 1 x Rapid Charging 18W Wall Charger
- 1 x USB-C Cable
- 1 x User Guide

### 3. PRODUCT OVERVIEW

The Brookstone 3-in-1 Wireless Charging Station features a compact and foldable design, allowing for easy portability and space-saving. It includes dedicated charging areas for your iPhone, Apple Watch, and AirPods.

#### Key Features:

- **3-in-1 Charging:** Simultaneously charges iPhone (MagSafe compatible), Apple Watch, and AirPods.
- **Fast Wireless Charging:** Up to 15W for iPhone, 5W for Apple Watch, and 5W for AirPods.
- **Dual Charging Coil:** Supports charging iPhone in both portrait and landscape modes for convenient viewing.
- **Safety Protections:** Built-in intelligent chip provides protection against overcurrent, overvoltage, overheating, short circuits, and foreign object detection.
- **Compact Design:** Foldable for easy storage and travel.

# STRONG MAGNETIC, SNAP-CHARGER-USE

## 4. SETUP INSTRUCTIONS

1. **Unpack:** Carefully remove all components from the packaging.
2. **Connect Power:** Insert the USB-C end of the provided cable into the USB-C port on the back of the charging station. Connect the USB-A end of the cable to the 18W Wall Charger, then plug the wall charger into a power outlet.
3. **Positioning:** Place the charging station on a flat, stable surface. The phone charging pad can be adjusted to an upright position for optimal viewing.

## 5. OPERATING INSTRUCTIONS

### Charging Your iPhone:

Place your MagSafe-compatible iPhone (iPhone 12 series or newer) directly onto the upright magnetic charging pad. The phone will snap into place and begin charging. You can position your iPhone in either portrait or landscape mode.

### Charging Your Apple Watch:

Place your Apple Watch onto the circular charging module located at the top of the stand. Ensure the watch is properly aligned for charging.

### Charging Your AirPods:

Place your AirPods charging case onto the flat wireless charging pad located at the base of the station. A blue LED indicator light on the base will illuminate when a device is actively charging.

## MAGNETIC MASTERY, SECURELY ATTACHED!

Strength without compromise! Our magnetic case guarantees a rock-solid connection, ensuring your phone and accessories stay securely attached.

## 6. SAFETY FEATURES

Your Brookstone 3-in-1 Wireless Charging Station is equipped with multiple safety features to protect your devices and ensure safe operation:

- Overcurrent Protection
- Overvoltage Protection
- Overheating Protection
- Short Circuit Protection
- Magnetic Field Interference Protection
- Foreign Object Detection (FOD)

## 7. SPECIFICATIONS

Feature	Specification
Product Dimensions	4.5 x 4.5 x 3.2 inches
Item Weight	7.5 ounces
Item Model Number	BK11-PD20-WT
Brand	Brookstone
Connector Type	USB Type C
Compatible Devices	Headphones, Smartphones, Smartwatches (iPhone 12/13/14/15 Pro Max, iWatch Series, AirPods 2/3/Pro)
Input Voltage	12 Volts

Total USB Ports	2 (on wall charger)
Wattage	18 watts (Wall Charger), up to 15W (iPhone), 5W (Apple Watch), 5W (AirPods)

## 8. MAINTENANCE AND CARE

- Keep the charging station clean and free from dust. Use a soft, dry cloth for cleaning.
- Avoid exposing the device to extreme temperatures, humidity, or direct sunlight.
- Do not disassemble or attempt to repair the device yourself. Contact customer support if issues arise.
- Ensure proper ventilation around the charging station during use.

## 9. TROUBLESHOOTING

### Device not charging:

- Ensure the charging station is properly connected to the 18W wall charger and a live power outlet.
- Verify that your device is correctly aligned on its respective charging pad. The magnetic phone charger requires proper alignment for MagSafe compatibility.
- Check if your phone case is compatible with wireless charging. Thick cases or cases with metal attachments may interfere.
- Remove any foreign objects (coins, keys, etc.) from the charging pads.
- Try restarting your device.

### Slow charging:

- Ensure you are using the provided 18W wall charger and USB-C cable for optimal charging speed.
- Charging multiple devices simultaneously may slightly reduce individual charging speeds.
- High background app usage on your device can affect charging time.

### LED indicator flashing/not working:

- A flashing LED may indicate a foreign object on the charging pad or improper device placement. Re-position your device or clear the pad.
- If the LED does not light up, ensure the power connection is secure.
