Package Contents

Please check the package carefully to ensure all items are present:

- 1 x Oraimo BoomPop2S Wireless Headphone
- 1 x 3.5mm AUX Cable
- 1 x Type-C Charging Cable
- 1 x Welcome Guide

Product Features Overview

The Oraimo BoomPop2S headphones come equipped with several advanced features for an enhanced listening

experience:

- **Gesture Control:** Intuitive hand gestures for track skipping, play/pause, and call management.
- **Powerful Deep Bass:** Driven by 40mm drivers and HavyBass™ technology for rich, dynamic sound.
- **Extended Playtime:** Up to 50 hours of playback on a single charge, with AniFast™ technology for quick charging.
- **ENC Technology:** Environmental Noise Cancellation for clearer calls.
- **Dual Device Connection:** Seamlessly switch between two connected devices.
- **Comfortable Design:** Lightweight, foldable, and rotatable with soft PU earpads and a metal headband for ultimate comfort and portability.
- **Low-latency Game Mode:** Ensures synchronized audio and video for an immersive gaming experience.
- **Oraimo Sound APP:** Customize EQ settings and manage features via the dedicated application.

Setup

1. Charging Your Headphones

Before first use, fully charge your Oraimo BoomPop2S headphones.

- Connect the provided Type-C charging cable to the charging port on the headphones.
- Connect the other end of the cable to a USB power adapter (not included) or a computer's USB port.
- The LED indicator will show the charging status. It will typically turn off or change color when fully charged.
- Thanks to AniFast™ technology, a 15-minute charge can provide up to 500 minutes of playtime. A full charge provides up to 50 hours of playtime.

2. Bluetooth Pairing

To connect your headphones to a device:

1. Ensure the headphones are charged and turned off.
2. Press and hold the Power button on the headphones until the LED indicator flashes blue and red, indicating pairing

mode.

3. On your device (smartphone, tablet, computer), enable Bluetooth.
4. Search for "Oraimo BoomPop2S" in the list of available Bluetooth devices.
5. Select "Oraimo BoomPop2S" to connect. Once connected, the LED indicator will typically show a solid blue light or flash slowly.

Operating Instructions

Gesture Control

The BoomPop2S features intuitive gesture controls on the right earcup, allowing you to manage your audio and calls without touching your device. Ensure your hand is 3-15cm away from the earcup for optimal detection.

- **Play/Pause:** Tap the right earcup once.
- **Next Track:** Swipe your hand upwards (from bottom to top) across the right earcup.
- **Previous Track:** Swipe your hand downwards (from top to bottom) across the right earcup.
- **Answer/End Call:** Tap the right earcup once during an incoming call or active call.
- **Reject Call:** Press and hold the right earcup for approximately 2 seconds during an incoming call.

Note: Gesture controls only work on the right side of the headset. Gesture control can be turned off via the Oraimo Sound APP.

Image: Detailed visual guide for gesture controls.

Button Functions

The headphones also feature physical buttons for control:

- **Power Button:** Press and hold to power on/off, or enter pairing mode.
- **Volume Up (+):** Short press to increase volume.
- **Volume Down (-):** Short press to decrease volume.
- **Multi-function Button (often integrated with Power or a separate button):**Refer to the Welcome Guide for specific functions like activating voice assistant or switching modes.

Dual Device Connection

The BoomPop2S can connect to two devices simultaneously, allowing for seamless switching between audio sources.

1. Pair the headphones with your first device (e.g., smartphone) as described in the "Bluetooth Pairing" section.
2. Disable Bluetooth on the first device. The headphones will re-enter pairing mode.

3. Pair the headphones with your second device (e.g., tablet).
4. Re-enable Bluetooth on the first device. The headphones should automatically connect to both devices.

You can now play audio from either device, and the headphones will intelligently switch. For example, you can be watching a video on your tablet and seamlessly answer a call from your phone.

Oraimo Sound APP

Enhance your listening experience by downloading the Oraimo Sound APP. This application allows you to:

- Customize Equalizer (EQ) settings to fine-tune the sound to your preference.
- Activate Low-latency Game Mode for synchronized audio and video.
- Manage other headphone settings, including gesture control activation/deactivation.

Maintenance

To ensure the longevity and optimal performance of your Oraimo BoomPop2S headphones, follow these maintenance guidelines:

- **Cleaning:** Use a soft, dry, lint-free cloth to clean the headphones. Do not use abrasive cleaners, alcohol, or chemical solvents.
- **Storage:** When not in use, store the headphones in a cool, dry place, away from direct sunlight and extreme temperatures. The foldable design allows for compact storage.
- **Avoid Moisture:** Do not expose the headphones to water or excessive moisture.
- **Handle with Care:** Avoid dropping the headphones or subjecting them to strong impacts.
- **Charging:** Only use the provided Type-C cable for charging.

Troubleshooting

If you encounter any issues with your Oraimo BoomPop2S headphones, please refer to the following common problems and solutions:

Problem	Possible Solution
Headphones do not power on.	Ensure the headphones are fully charged. Connect to a power source and check the charging indicator.

Problem	Possible Solution
Cannot pair with device.	• Ensure headphones are in pairing mode (LED flashing blue/red). • Make sure Bluetooth is enabled on your device. • Move headphones closer to your device. • Forget "Oraimo BoomPop2S" from your device's Bluetooth list and try pairing again. • Restart both the headphones and your device.
No sound or low volume.	• Check the volume levels on both the headphones and your connected device. • Ensure the headphones are properly connected to your device. • If using the AUX cable, ensure it is fully inserted into both the headphones and the audio source.
Gesture control not working.	• Ensure your hand is within the 3-15cm detection range. • Verify that gesture control is enabled in the Oraimo Sound APP. • Clean the surface of the right earcup to ensure no obstructions.
Poor call quality.	• Ensure the microphone is not obstructed. • Move to a quieter environment, as ENC technology reduces but does not eliminate all background noise. • Check the connection stability.
