Damipow L39

Damipow Wireless Sleep Earbuds L39 User Manual

Model: L39

INTRODUCTION

Thank you for choosing Damipow Wireless Sleep Earbuds, Model L39. These earbuds are designed for comfort and noise blocking, particularly for side sleepers. This manual provides essential information for setting up, operating, and maintaining your earbuds to ensure optimal performance and longevity.

SETUP

1. Charging the Earbuds and Case

Before first use, fully charge the earbuds and the charging case. Connect the provided USB-C cable to the charging case and a compatible USB power source. The LED indicators on the case will show the charging status.

- **Charging Time:** Approximately 2 hours for a full charge.
- **Earbud Playtime:** Up to 4.5 hours on a single charge.
- **Total Playtime with Charging Case:** Up to 27 hours.

SECURE FIT

Contain 3-sizes L/M/S Earbuds tips and Earbuds Caps

L/M/S Earbuds tips

L/M/S Earbuds Caps

Image: A circular diagram showing the battery life: 4.5 hours playtime for earbuds, 3.0 hours to recharge the case, 1.5 hours to recharge earbuds, and 22.5 hours from the charging case, totaling 27 hours.

2. Wearing the Earbuds

For optimal comfort and noise blocking, select the ear tips and earbud caps that best fit your ears. The earbuds are designed to be lightweight and comfortable, even for side sleepers.

- **Insert:** Gently place the earbud into your ear canal.
- **Rotate:** Rotate the earbud slightly to find a snug and secure fit.
- **Tuck:** Ensure the earbud cap (if used) is tucked securely into your ear ridge.

27Hours | **5Hours** | **2Hours**
Playtime with charging case | Playtime | Charging Time

Image: A three-step diagram illustrating the correct method for wearing the earbuds: 'Insert' into the ear canal, 'Rotate' for a secure fit, and 'Tuck' the eartip wing into the ear ridge.

3. Pairing with Your Device

The Damipow L39 earbuds use Bluetooth 5.3 for a stable and low-latency connection. They can be easily paired with both iOS and Android devices.

1. Open the charging case. The earbuds will automatically enter pairing mode.
2. On your device (smartphone, tablet, etc.), go to Bluetooth settings.
3. Select "L39" from the list of available devices.
4. Once connected, you will hear an audio prompt, and the device will show "Connected".

INVISIBLE EARBUDS

OPERATING THE EARBUDS

Smart Touch Controls

The Damipow L39 earbuds feature smart touch controls for easy management of music and calls:

- **Play/Pause Music:** Double-tap either earbud.
- **Volume Up:** 3 taps on the Right earbud.
- **Volume Down:** 3 taps on the Left earbud.
- **Next Song:** 4 taps on the Right earbud.

- **Previous Song:** 4 taps on the Left earbud.
- **Answer/End Call:** Short press either earbud.
- **Reject Call:** Long press either earbud.

Image: A detailed diagram outlining the touch controls for the left and right earbuds, including gestures for volume adjustment, track navigation, and answering/rejecting calls.

Noise Blocking Functionality

The earbuds are ergonomically designed to fit snugly in your ear, providing effective passive noise blocking. This design helps to prevent sound leakage and reduce external noise by up to 27 dB, making them suitable for sleeping or environments where noise reduction is desired.

Image: A person sleeping, demonstrating the use of Damipow L39 earbuds for noise reduction, highlighting their design for comfortable sleep.

EFFECTIVE NOISE BLOCKING

We prefer to use it while lying down to sleep, and it is also suitable for side sleepers

Image: Two people sleeping comfortably, illustrating the effective noise blocking of the earbuds, with a graphic indicating a Noise Reduction Rating (NRR) of 27 dB.

MAINTENANCE

Proper maintenance ensures the longevity and performance of your Damipow L39 earbuds.

- **Cleaning:** Regularly clean the earbuds and charging case with a soft, dry, lint-free cloth. Do not use harsh chemicals or abrasive materials.
- **Ear Tips:** Remove and clean the ear tips periodically with mild soap and water. Ensure they are completely dry before reattaching.
- **Storage:** When not in use, store the earbuds in their charging case to protect them from dust and damage.
- **Avoid Moisture:** Keep the earbuds and charging case away from water and excessive moisture.

TROUBLESHOOTING

If you encounter issues with your Damipow L39 earbuds, please refer to the following common solutions:

Issue	Possible Solution
Earbuds not pairing	Ensure earbuds are charged. Place them back in the case, close, then reopen. Delete "L39" from your device's Bluetooth list and try pairing again.
Low volume output	Increase volume on both your connected device and using the earbud touch controls (3 taps on Right earbud). Ensure ear tips are properly sealed in your ear canal.
Earbuds not charging	Check the USB-C cable and power source. Ensure the charging contacts on the earbuds and inside the case are clean and free of debris.
"Low Charge" alert during sleep	Ensure earbuds are fully charged before use, especially for extended periods. The alert indicates the battery is critically low.
Uncomfortable fit	Try different sizes of ear tips and earbud caps provided in the package to find the best fit for your ears.

If the issue persists, please contact Damipow customer support for further assistance.
