ACCOHOHO King Bed Frame with Storage Headboard, LED Light, and Charging Station - Instruction Manual

Model: LM042-SERIES

INTRODUCTION

This manual provides detailed instructions for the assembly, operation, and maintenance of your ACCOHOHO King Bed Frame. Please read all instructions carefully before beginning assembly and retain this manual for future reference.

SAFETY INFORMATION

Warning: Do not exceed the maximum weight capacity of 1000 pounds. Be cautious when opening and closing drawers and the storage headboard to avoid pinched fingers. Follow assembly instructions carefully to prevent instability or collapse. Handle the product with care during assembly and use, as it has a distressed finish that may have rough or sharp edges.

PARTS LIST

Before assembly, ensure all parts are present and undamaged. Refer to the included parts diagram for identification.

The bed frame is delivered in two packages. Ensure both packages have arrived before starting assembly.

USAGE INSTRUCTIONS

Operating LED Lights

Use the provided remote control to turn the LED lights on/off, change colors, select from 4 flashing modes,

and adjust brightness/speed. Ensure the power adapter is plugged into a wall outlet.

Using the Charging Station

Plug the bed frame's power cord into a standard wall outlet. You can then use the 2 AC outlets and 2 USB ports in the headboard to charge your devices. The charging station is for indoor use only.

MAINTENANCE

To clean the bed frame, wipe with a dry cloth. Avoid using harsh chemicals or abrasive cleaners, as these may damage the distressed finish.

TROUBLESHOOTING

- **Assembly Difficulty:** If you encounter issues during assembly, double-check the instructions and ensure all parts are correctly oriented. Some steps may require extra force or alignment.
- **Wobbly Frame:** Ensure all screws are tightened securely. If the frame still feels wobbly, disassemble and reassemble the affected sections, paying close attention to alignment.
- **Drawers Not Sliding Smoothly:** Check that the drawer wheels are properly installed and free of obstructions. Ensure the bed frame is on a level surface.
- **LED Lights Not Working:** Verify that the LED light strip's power adapter is securely plugged into both the headboard and a functional wall outlet. Check the remote control battery.
- **Charging Station Not Functioning:** Confirm the bed frame's main power cord is plugged into a live wall outlet. Test with different devices and cables.
