SANOTO DG08

SANOTO Bone Conduction Headphones DG08 User Manual

Model: DG08

1. INTRODUCTION

This manual provides essential instructions for the proper use and maintenance of your SANOTO DG08 Bone Conduction Headphones. Please read this manual thoroughly before using the product to ensure optimal performance and longevity.

2. WHAT'S INCLUDED

Carefully unpack your new SANOTO DG08 Bone Conduction Headphones. The package should contain the following items:

- 1 x SANOTO Bone Conduction Headphones (DG08)
- 1 x User Manual
- 2 x Earplugs
- 1 x Magnetic Charging Cable

Image: Contents of the SANOTO DG08 headphone package, including the headphones, charging cable, and earplugs.

3. PRODUCT OVERVIEW

The SANOTO DG08 headphones utilize bone conduction technology, delivering sound through vibrations to your cheekbones, leaving your ears open to ambient sounds. This design enhances situational awareness during activities.

Key Features:

- **Open-Ear Design:** Allows awareness of surroundings.
- **Lightweight:** Weighs approximately 29 grams for comfortable wear.
- **Bluetooth 5.3:** For stable and fast wireless connectivity.
- **IPX7 Waterproof:** Resistant to sweat and water splashes (not for swimming).
- **8-Hour Battery Life:** Extended listening and call time.
- **Magnetic Charging:** Convenient and secure charging connection.
- **CVC Microphone Noise Reduction:** Enhances call clarity.

4. SETUP

4.1. Charging the Headphones

1. Connect the magnetic charging cable to a USB power source (e.g., computer USB port, wall adapter).
2. Align the magnetic end of the cable with the charging contacts on the headphones. The magnets will snap into place.
3. The LED indicator on the headphones will illuminate during charging.
4. A full charge typically takes approximately 1.5 to 2 hours. The LED indicator will change or turn off once charging is complete.

Note: Ensure the charging contacts are dry before connecting the cable to prevent damage.

4.2. Bluetooth Pairing

1. **Power On:** Press and hold the power button on the headphones for approximately 3 seconds until you hear a voice prompt indicating "Power On" and the LED indicator flashes.
2. **Pairing Mode:** The headphones will automatically enter pairing mode, indicated by the LED flashing alternately (e.g., red and blue).
3. **Enable Bluetooth:** On your smartphone, tablet, or other Bluetooth-enabled device, go to the Bluetooth settings and ensure Bluetooth is turned on.
4. **Select Device:** Look for "DG08" (or similar name) in the list of available devices and select it to connect.
5. **Confirmation:** Once successfully paired, you will hear a voice prompt "Connected" and the LED indicator will stop flashing or flash slowly.

The headphones can also support pairing with two devices simultaneously. Refer to your device's Bluetooth settings for managing multiple connections.

# 5. OPERATING INSTRUCTIONS

5.1. Wearing the Headphones

Place the headphones over your ears so that the transducers rest comfortably on your cheekbones, just in front of your ears. The band should wrap around the back of your head. Adjust for a secure yet comfortable fit.

COMFORTABLE FIT

Wraparound titanium frame bends to the angle you need to fit your head and stay stable even during intense workouts

5.2. Basic Controls

The headphones feature a multifunctional button for various operations:

- **Power On/Off:** Press and hold the power button for 3 seconds.
- **Play/Pause:** Single press the multifunctional button.
- **Answer/End Call:** Single press the multifunctional button during an incoming call or active call.
- **Reject Call:** Press and hold the multifunctional button for 2 seconds during an incoming call.
- **Volume Up/Down:** Use the dedicated volume buttons (if present, otherwise typically integrated with the multi-function button or side controls).
- **Next Track:** Double press the multifunctional button.

- **Previous Track:** Triple press the multifunctional button.
- **Activate Voice Assistant:** Press and hold the multifunctional button for 2 seconds (when not on a call).

5.3. Waterproof Functionality (IPX7)

The SANOTO DG08 headphones are rated IPX7 waterproof, meaning they are protected against immersion in water up to 1 meter for up to 30 minutes. This makes them suitable for use during sweaty workouts, in rain, or near splashes. They are not designed for swimming or prolonged underwater use.

IPX7 WATERPROOF
Enjoy sports without fear of sweat and rain

6. MAINTENANCE

6.1. Cleaning

- Wipe the headphones with a soft, damp cloth after each use, especially after intense workouts, to remove sweat and dirt.
- Ensure the charging contacts are clean and dry before charging.
- Do not use abrasive cleaners or harsh chemicals, as these can damage the product.

6.2. Storage

- Store the headphones in a cool, dry place away from direct sunlight and extreme temperatures.
- Avoid placing heavy objects on the headphones.

7. TROUBLESHOOTING

If you encounter issues with your SANOTO DG08 headphones, refer to the following common solutions:

Problem	Possible Solution
Headphones do not power on.	Ensure the headphones are fully charged. Press and hold the power button for at least 3 seconds.
Cannot pair with device.	Ensure Bluetooth is enabled on your device. Make sure the headphones are in pairing mode (LED flashing). Forget previous pairings on your device and try again. Move closer to your device.
No sound or low volume.	Adjust the volume on both the headphones and your connected device. Ensure the headphones are properly positioned on your cheekbones. Check if the headphones are connected to the correct audio output on your device.
Charging LED is dim or not visible.	Ensure the magnetic charging cable is securely connected and the contacts are clean. Try a different USB power source.
Intermittent connection.	Reduce the distance between the headphones and your device. Avoid obstacles that may interfere with the Bluetooth signal. Ensure no other devices are causing interference.

8. SPECIFICATIONS

Feature	Detail
Model Name	DG08
Connectivity Technology	Wireless (Bluetooth 5.3)
Water Resistance Level	IPX7 Waterproof
Battery Average Life	8 Hours
Charging Time	1.5 - 2 Hours

Feature	Detail
Item Weight	29 Grams
Material	Plastic, Silicone
Frequency Range	20 Hz - 20,000 Hz
Control Type	Button Control
Ear Placement	Open Ear

9. SAFETY INFORMATION

- Do not disassemble, repair, or modify the product. This may cause fire, electric shock, or complete damage to the product.
- Keep the product away from extreme temperatures, direct sunlight, and open flames.
- Avoid using the headphones at excessively high volumes for prolonged periods to prevent hearing damage.
- While the open-ear design enhances awareness, always exercise caution in environments requiring full attention, such as heavy traffic.
- Keep out of reach of children and pets.
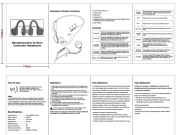

10. WARRANTY AND SUPPORT

SANOTO products are designed for reliability and performance. For warranty information or technical support, please refer to the contact details provided with your purchase documentation or visit the official SANOTO website.
If you experience any issues not covered in this manual, please contact customer support for assistance.
