Key Features:

- **Solid & Sturdy Construction:** Made from MDF and Plywood for durable support up to 600 lbs.
- **LED Bed Frame with USB Power Strips:** Headboard features 2 USB ports for charging devices. LED lights on the headboard and footboard are controllable via remote or mobile app, offering various colors and light modes, including a Music Sync mode.
- **Smart & Modern Design:** Upholstered in skin-friendly, breathable, and wear-resistant fabric for comfort and a contemporary aesthetic.
- **Space-Saving Hydraulic Storage:** A hydraulic system beneath the mattress provides ample storage for bedding and other items.

Setup and Assembly

Assembly is required for this product. Please ensure all components are present before beginning. It is recommended to assemble the bed frame with two people.

Before You Begin:

- Unpack all components and lay them out on a clean, soft surface (e.g., carpet or blanket) to prevent scratches.
- Verify that all parts listed in the packing list (not provided in this manual, refer to your product packaging) are present.
- Gather necessary tools (typically a Phillips head screwdriver and Allen wrench, often included).

Assembly Steps (General Guidance):

1. **Assemble the Headboard:** Attach the LED light strips and USB charging module to the headboard according to the specific instructions provided in your assembly guide.
2. **Construct the Side Rails and Footboard:** Connect the side rails to the headboard and footboard using the provided hardware. Ensure all connections are secure.
3. **Install the Hydraulic Lift Mechanism:** Carefully attach the hydraulic lift system to the bed frame. Follow the directional arrows and ensure proper alignment.
4. **Place the Slat Support System:** Position the plywood slats onto the bed frame. Ensure they are evenly spaced and securely fastened to provide adequate mattress support.
5. **Connect Electrical Components:** Plug in the LED light power cord and USB cord. Ensure they are routed safely and not pinched.

Operating Instructions

LED Lighting System:

The integrated LED lights can be controlled via a remote control or a dedicated mobile application. Refer to the separate LED light instruction sheet for detailed pairing and operation instructions.

- **Power On/Off:** Use the designated button on the remote or app.
- **Color Selection:** Choose from a variety of colors.
- **Light Modes:** Select different lighting effects (e.g., static, fade, flash).
- **Music Sync Mode:** Activate this mode to synchronize the LED lights with music rhythms.

USB Charging Ports:

Two USB ports are located on the headboard for convenient charging of electronic devices.

- Connect your device's USB charging cable to one of the ports.
- Ensure the bed frame's power cord is plugged into a functional wall outlet for the USB ports to operate.

Hydraulic Lift Storage:

The bed features a hydraulic lift mechanism to access the under-bed storage compartment.

- To open, gently lift the mattress frame from the foot end. The hydraulic system will assist in raising and holding the frame in an open position.
- To close, gently push the mattress frame down from the foot end until it fully lowers. Ensure no items or body parts are obstructing the closing mechanism.
- Do not force the mechanism. If it feels stiff, check for obstructions.

Maintenance and Care

- **Upholstery Cleaning:** For general cleaning, wipe the upholstered surfaces with a soft, damp cloth. For spills, blot immediately with a clean, dry cloth. Avoid harsh chemicals or abrasive cleaners.
- **Frame Maintenance:** Periodically check all bolts and screws to ensure they remain tight. Re-tighten as necessary to maintain stability.
- **Electrical Components:** Keep the LED lights and USB ports free from dust. Do not immerse any electrical

components in water.

- **Hydraulic System:** The hydraulic system is generally maintenance-free. If you notice any issues with lifting or lowering, ensure there are no obstructions. Do not attempt to lubricate or disassemble the hydraulic cylinders.

Troubleshooting

- **Bed Frame Wobbles:** Check all assembly bolts and screws. Re-tighten any loose connections. Ensure the bed is on a level surface.
- **LED Lights Not Working:** Verify the power cord is securely plugged into a functional outlet. Check the remote control battery. Ensure the LED controller is properly connected.
- **USB Ports Not Charging:** Confirm the bed frame's power cord is plugged in. Try a different USB cable or device to rule out cable/device issues.
- **Hydraulic Lift Difficult to Operate:** Ensure no items are obstructing the mechanism. Check that the mattress is properly seated and not excessively heavy. The system is designed to lift a mattress, not additional heavy objects.
