HOGOKIDS HG-DZ1014

HOGOKIDS Space Building Toys for Kids

Astronaut Building Block Set with Stand - Model HG-DZ1014

Introduction

This instruction manual provides detailed guidance for assembling and maintaining your HOGOKIDS Space Building Toy set. This 540-piece building block set allows children to construct an astronaut, rocket, and various space elements, forming a 3D space painting frame. It is designed to foster creativity, spatial thinking, and an interest in space exploration.

The HOGOKIDS Space Building Toy set, featuring a detailed astronaut, rocket, and various celestial elements, designed to be displayed on an adjustable stand. The product packaging is visible on the left.

Safety Information

WARNING: CHOKING HAZARD - Small Parts. Not for children under 3 years.
This building set contains small parts that may pose a choking hazard for young children. Adult supervision is recommended during assembly and play, especially for children at the lower end of the recommended age range (6 years and up).

Package Contents

Upon opening the package, please verify that all components are present. Your HOGOKIDS Space Building Toy set includes:

- 540 Building Block Pieces (various shapes, sizes, and colors)
- Instruction Manual (colorful and detailed)

- Components for Astronaut Figure
- Components for Rocket and Satellite Models
- Components for 3D Space Painting Frame and Stand

If any parts are missing or damaged, please refer to the Customer Support section for assistance.

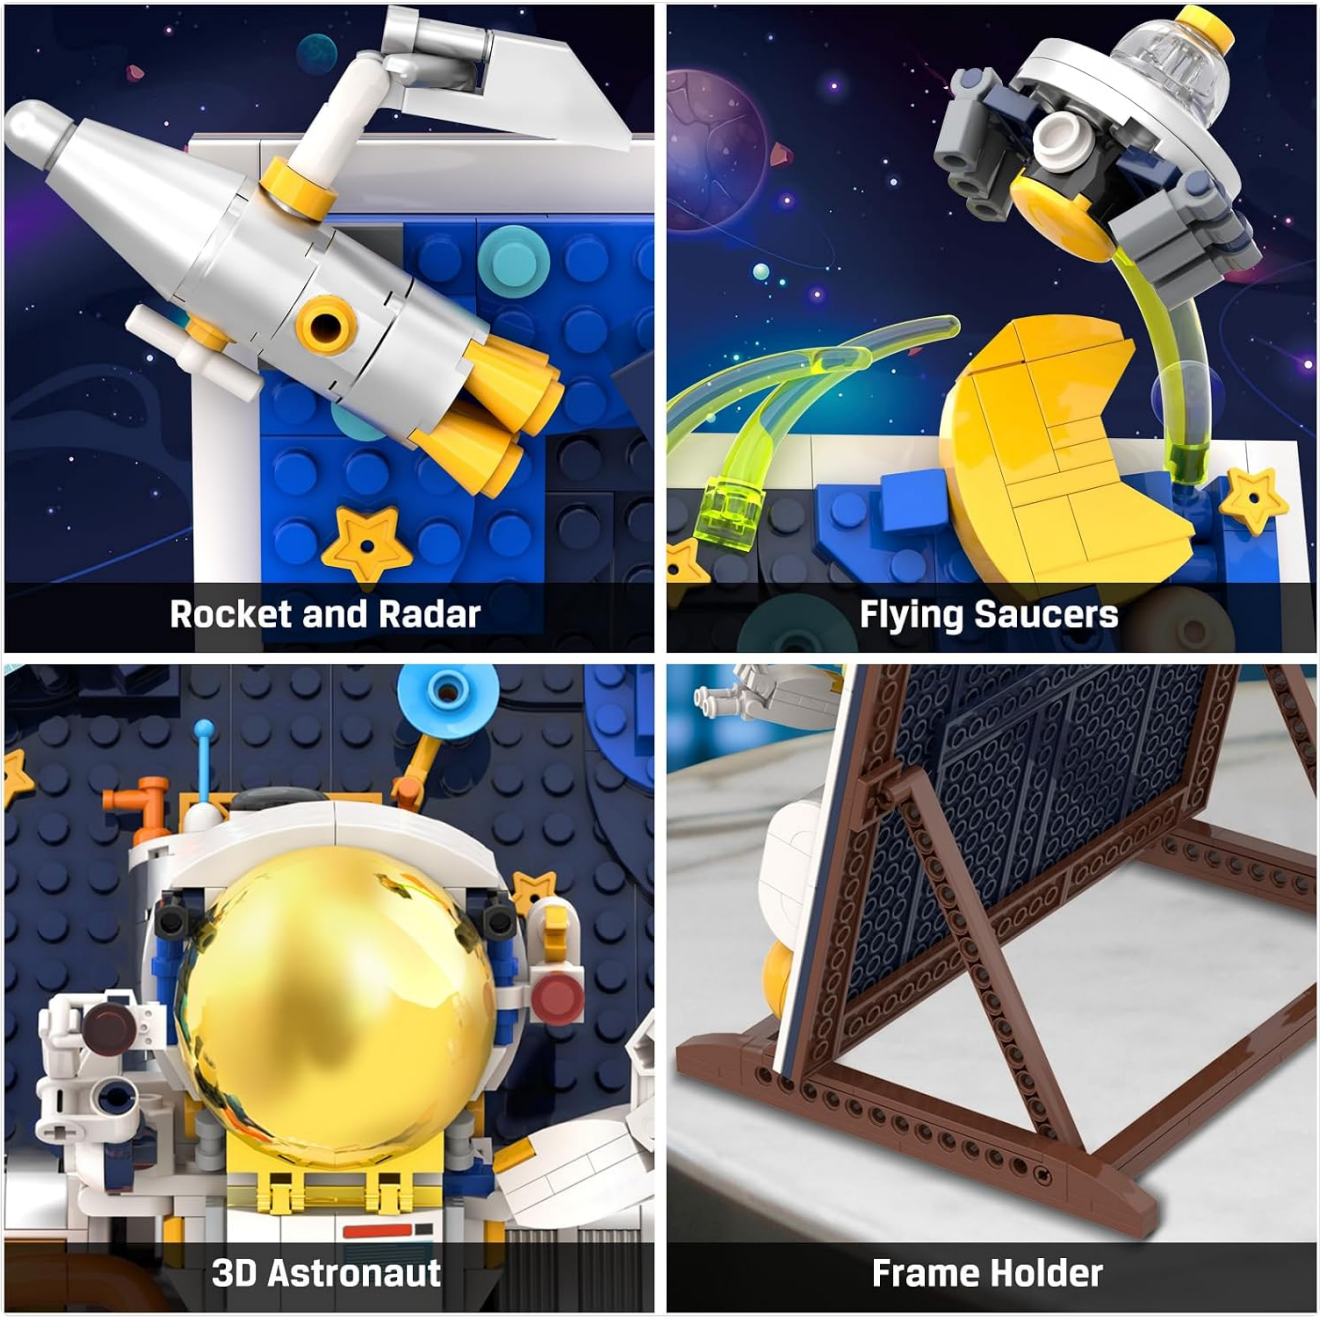

Assembly Instructions

The assembly process for the HOGOKIDS Space Building Toy is designed to be engaging and educational. Follow the steps outlined in the included colorful instruction manual for best results.

1. **Preparation:** Unpack all building blocks and organize them by color or shape as suggested in the manual. Ensure you have a clean, flat surface for assembly.
2. **Follow the Manual:** The instruction manual provides step-by-step visual guides. Pay close attention to the images and part indicators for accurate placement.
3. **Connect Pieces Securely:** Ensure each block is firmly connected to the next to create a stable structure. A satisfying 'click' often indicates a secure connection.
4. **Build Sub-Assemblies:** The manual will guide you through building smaller sections (e.g., the astronaut, rocket, or moon) before combining them into the main 3D frame.
5. **Assemble the Stand:** The adjustable stand is also constructed from building blocks. Follow the instructions to build the base that will support your space frame.
6. **Final Assembly:** Once all sub-assemblies are complete, attach them to the main frame and secure the frame onto its stand.

Children engaged in the assembly process of the HOGOKIDS Space Building Toy, demonstrating the interactive and engaging nature of the building experience.

This image provides a closer look at key components of the building set: a detailed rocket and radar assembly, miniature flying saucers, the central 3D astronaut figure with a golden helmet, and the sturdy frame holder that allows for display.

Product Features and Usage

Once assembled, the HOGOKIDS Space Building Toy transforms into a captivating 3D space painting frame, perfect for display.

- **3D Space Painting Frame:** The completed model serves as a dynamic art piece, depicting a vibrant space scene with an astronaut, rocket, stars, and celestial bodies.
- **Adjustable Stand:** The integrated stand allows you to adjust the angle of the display, providing flexibility for placement on shelves, desks, or tables.
- **Interactive Elements:** While primarily a display piece, some elements may be repositionable, encouraging imaginative play and exploration of the space theme.

The completed HOGOKIDS Space Building Toy functions as a vibrant 3D art piece, suitable for display in a child's room or any space-themed decor.

Maintenance and Care

To ensure the longevity and appearance of your HOGOKIDS Space Building Toy, follow these simple care guidelines:

- **Cleaning:** Use a soft, dry cloth to gently wipe away dust. For more stubborn dirt, a slightly damp cloth can be used, but ensure the blocks are completely dry before storage. Avoid harsh chemicals or abrasive cleaners.
- **Storage:** When not on display, store the building blocks in a clean, dry place away from direct sunlight and extreme temperatures. Keeping them in their original box or a dedicated storage container can prevent loss and damage.
- **Handling:** Handle the assembled model with care to prevent accidental disassembly. Avoid dropping or applying excessive force to the structure.

Troubleshooting

While the HOGOKIDS Space Building Toy is designed for straightforward assembly, you may encounter minor issues. Here are some common concerns and their solutions:

- **Missing Pieces:** Carefully re-check the packaging and the assembly area. Small pieces can sometimes be overlooked. If a piece is genuinely missing, please contact customer support with details of the missing part (refer to the part list in the instruction manual).
- **Difficulty Connecting Blocks:** Ensure the blocks are correctly oriented as shown in the manual. Apply firm, even pressure. If a block is unusually tight, try wiggling it slightly while pushing. Do not force pieces together, as this can cause damage.
- **Model Instability:** Review previous steps in the instruction manual to ensure all connections are secure and no steps were skipped. Loose connections can lead to an unstable final model.
- **Instructions Unclear:** The colorful instruction manual is designed to be clear. If a particular step is confusing, try looking ahead to the next few steps to understand the overall structure being built. Sometimes, a different perspective can help.

Specifications

Attribute	Detail
Product Dimensions (Assembled)	10.2 inches (Height) x 7.5 inches (Length) x 6.3 inches (Width)
Item Weight	1.72 pounds
Model Number	HG-DZ1014
Recommended Age	6 years and up
Number of Pieces	540 PCS
Material	High-quality ABS material
