# Blue Mountain Fans 48" Primo Ceiling Fan User Manual

Model: Primo

## INTRODUCTION

---

This manual provides detailed instructions for the installation, operation, and maintenance of your Blue Mountain Fans 48" Primo Brushed Nickel Finish Ceiling Fan. Please read this manual thoroughly before installation and retain it for future reference. This ceiling fan is designed for indoor use and features a brushed nickel finish, 5 reversible silver and oak blades, an integrated LED light kit, and a full-function remote control.

## SAFETY INFORMATION

---

Always follow basic safety precautions when installing and operating electrical appliances. Failure to do so may result in fire, electric shock, or personal injury.

- Ensure the power is turned off at the circuit breaker before installation or maintenance.
- All wiring must be in accordance with national and local electrical codes.
- The mounting structure must be capable of supporting the fan's weight (approximately 17.16 pounds).
- Do not operate the fan with damaged blades or housing.
- Keep hands, hair, and clothing away from moving fan blades.
- This fan is for indoor use only.

## PACKAGE CONTENTS

---

Verify that all components are present before beginning installation:

- Ceiling Fan Motor Assembly
- 5 Reversible Blades (Silver and Oak finish)
- Light Kit with Opal Glass
- 2 Dimmable LED Bulbs
- 6-inch Downrod
- Mounting Bracket
- Full Function Handheld Remote Control
- Hardware Pack (screws, washers, wire nuts)
- Instruction Manual

## SETUP AND INSTALLATION

---

Professional installation is recommended. Follow these general steps for setup:

1. **Turn off Power:** Disconnect power at the main circuit breaker to prevent electrical shock.
2. **Mounting Bracket Installation:** Secure the mounting bracket to the ceiling junction box. Ensure the junction box is securely fastened to the building structure and can support the fan's weight.
3. **Downrod Assembly:** Insert the downrod through the canopy and coupling. Feed the fan wires through the downrod.
4. **Hang Fan:** Carefully lift the fan motor assembly and hang it on the mounting bracket.
5. **Wiring Connections:** Connect the fan's electrical wires to the household wiring according to the wiring diagram provided in the full PDF manual. Ensure all connections are secure.
6. **Blade Attachment:** Attach the 5 reversible blades to the motor housing using the provided screws. Choose either the silver or oak side facing down.
7. **Light Kit Installation:** Connect the light kit wires and secure the light kit to the fan motor assembly. Install the two dimmable LED bulbs and attach the opal glass shade.
8. **Canopy Installation:** Slide the canopy up and secure it to the mounting bracket, covering the wiring connections.

## OPERATING INSTRUCTIONS

---

Your Blue Mountain Fans Primo ceiling fan comes with a full-function handheld remote control for convenient operation.

*Image: The 48" Primo ceiling fan shown with its remote control, highlighting its remote operation capability.*

## Remote Control Functions:

- **Fan Speed Control:** The remote allows you to select between 3 fan speeds (High, Medium, Low).
- **Light On/Off and Dimming:** Control the integrated LED light kit. The light is fully dimmable.
- **Reversible Motor:** The 3-speed reversible motor allows for year-round comfort.
  - **Summer Mode (Counter-clockwise):** Creates a downward airflow, providing a cooling effect.
  - **Winter Mode (Clockwise):** Creates an upward airflow, circulating warm air trapped near the ceiling. The reverse switch is typically located on the fan motor housing.

## MAINTENANCE

---

Regular maintenance will ensure the longevity and optimal performance of your ceiling fan.

- **Cleaning:** To clean the fan, wipe with a soft, damp cloth. Do not use abrasive cleaners or solvents as they may damage the finish or blades.
- **Blade Cleaning:** Dust the blades regularly to prevent dust buildup, which can affect fan balance and performance.
- **Tighten Screws:** Periodically check all screws on the fan and light kit to ensure they are tight. Vibration from normal operation can cause them to loosen over time.
- **Lubrication:** The motor is permanently lubricated and does not require oiling.

## TROUBLESHOOTING

If you experience issues with your ceiling fan, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Fan does not start	No power to the fan; Loose wire connections; Remote control battery low.	Check circuit breaker; Verify all wire connections are secure; Replace remote control battery.
Fan wobbles	Loose blades or blade holders; Unbalanced blades; Loose mounting bracket.	Ensure all blade screws are tight; Use a balancing kit (not included) if necessary; Tighten mounting bracket screws.
Light does not work	Loose wire connection; Faulty bulb; Remote control issue.	Check light kit wiring; Replace LED bulbs; Ensure remote is paired and battery is good.
Noisy operation	Loose screws; Motor hum; Blades hitting an obstruction.	Tighten all screws; Some motor hum is normal; Ensure blades have clearance.

## SPECIFICATIONS

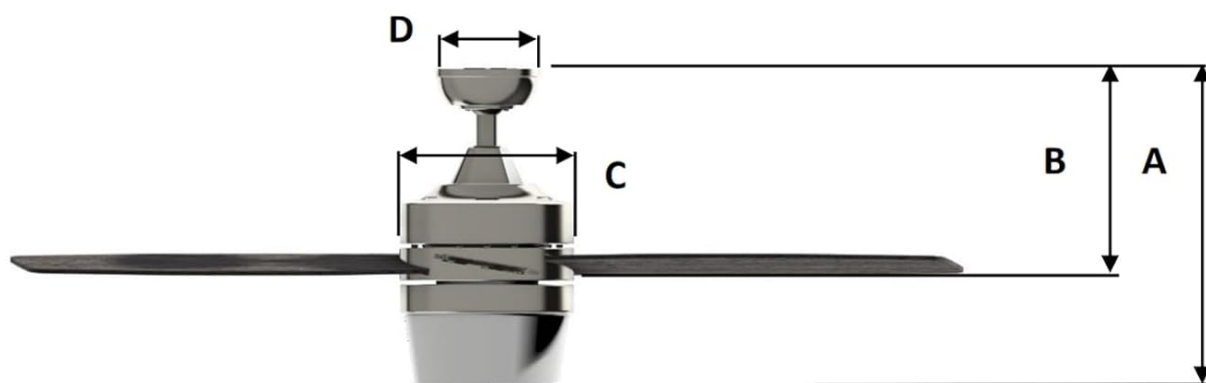

Detailed specifications for the Blue Mountain Fans 48" Primo Ceiling Fan:

Feature	Detail
Brand	Generic
Model Name	Primo
Color	48" Primo (Brushed Nickel Finish)
Electric Fan Design	Ceiling Fan
Power Source	AC
Style	Contemporary
Product Dimensions	48"D x 48"W x 15.4"H
Room Type	Kitchen, Living Room, Bedroom, Home Office, Dining Room
Special Features	Multi-Speed, Reversible Airflow, LED Light, Remote Control, Adjustable Tilt
Recommended Uses	Ventilating, Cooling, Air Circulation
Finish Type	Brushed
Number of Blades	5
Air Flow Capacity	2966 Cubic Feet Per Minute
Included Components	Light Kit, Downrod, Remote, Cord
Indoor/Outdoor Usage	Indoor
