

GoveeLife H7129

GoveeLife Smart Air Purifier H7129 User Manual

Model: H7129

1. INTRODUCTION

This manual provides detailed instructions for the safe and efficient operation of your GoveeLife Smart Air Purifier H7129. Please read this manual thoroughly before use and retain it for future reference.

Key Features:

- **High-Efficiency 3-Stage Filtration:** Includes a pre-filter, H13 True HEPA filter, and activated carbon filter to capture particles and odors.
- **Large Room Coverage:** Effectively purifies up to 1162 sq ft.
- **Smart Control:** App and voice control via Alexa and Google Assistant.
- **PM2.5 Sensor & Auto Mode:** Automatically adjusts fan speed based on real-time air quality.
- **Quiet Operation:** Sleep Mode operates at a low 24dB.
- **Night Light:** Customizable ambient LED light.
- **Portable Design:** Features a built-in handle for easy relocation.

Figure 1: GoveeLife Smart Air Purifier H7129 and its mobile application interface.

This image displays the GoveeLife Smart Air Purifier H7129, a cylindrical device with a silver top and white perforated base, alongside a smartphone showing its control app. The app interface indicates various fan speeds, auto mode, and night light settings, highlighting the smart capabilities of the air purifier.

Figure 2: An exploded diagram illustrating the 3-stage filtration system of the GoveeLife Air Purifier H7129.

This diagram visually breaks down the air purifier's internal components, showing the Pre-Filter for hair, lint, and fibers; the Personal HEPA Filter for PM2.5 and other fine particles; and the Active Carbon Filter for odors, smoke, VOCs, and harmful gases.

This image shows a man holding the GoveeLife Air Purifier H7129 by its built-in handle, demonstrating its portability and ease of moving between rooms to provide fresh air anywhere.

2. SETUP

2.1 Unboxing and Filter Installation

1. Carefully remove the air purifier from its packaging.
2. Turn the air purifier upside down. Twist the base counter-clockwise to unlock and remove it.
3. Remove the sealed filter from inside the unit. The filter is typically wrapped in plastic for freshness.

4. Remove all plastic packaging from the filter.
5. Insert the unwrapped filter back into the air purifier.
6. Replace the base by twisting it clockwise until it locks securely.

Figure 4: Steps for unboxing and installing the filter in the GoveeLife Air Purifier.

This image illustrates the process of unboxing the air purifier and preparing it for first use. It shows a person removing the base, extracting the filter from its protective plastic, and reinserting it into the unit.

2.2 Power Connection

- Connect the power adapter to the power port located at the back of the air purifier.
- Plug the power adapter into a standard electrical outlet.

2.3 App Pairing (Govee Home App)

1. Download the **Govee Home** app from the App Store (iOS) or Google Play Store (Android).
2. Register or log in to your Govee Home account.
3. Tap the "+" icon in the top right corner of the app to add a new device.
4. Select "Air Purifier" and follow the on-screen instructions to pair your H7129 model. Ensure your phone's Bluetooth is enabled and the air purifier is powered on.
5. Note: 5GHz Wi-Fi networks are not supported. Ensure your device is connected to a 2.4GHz Wi-Fi network during setup.

Figure 5: Govee Home app interface displaying filter life, night light customization, and air quality monitoring features.

This image shows multiple screenshots of the Govee Home app, illustrating how users can monitor filter life, adjust night light settings, view air quality data, and control various functions of the air purifier remotely.

3. OPERATING INSTRUCTIONS

3.1 Control Panel Overview

The top of the air purifier features a touch control panel for direct operation.

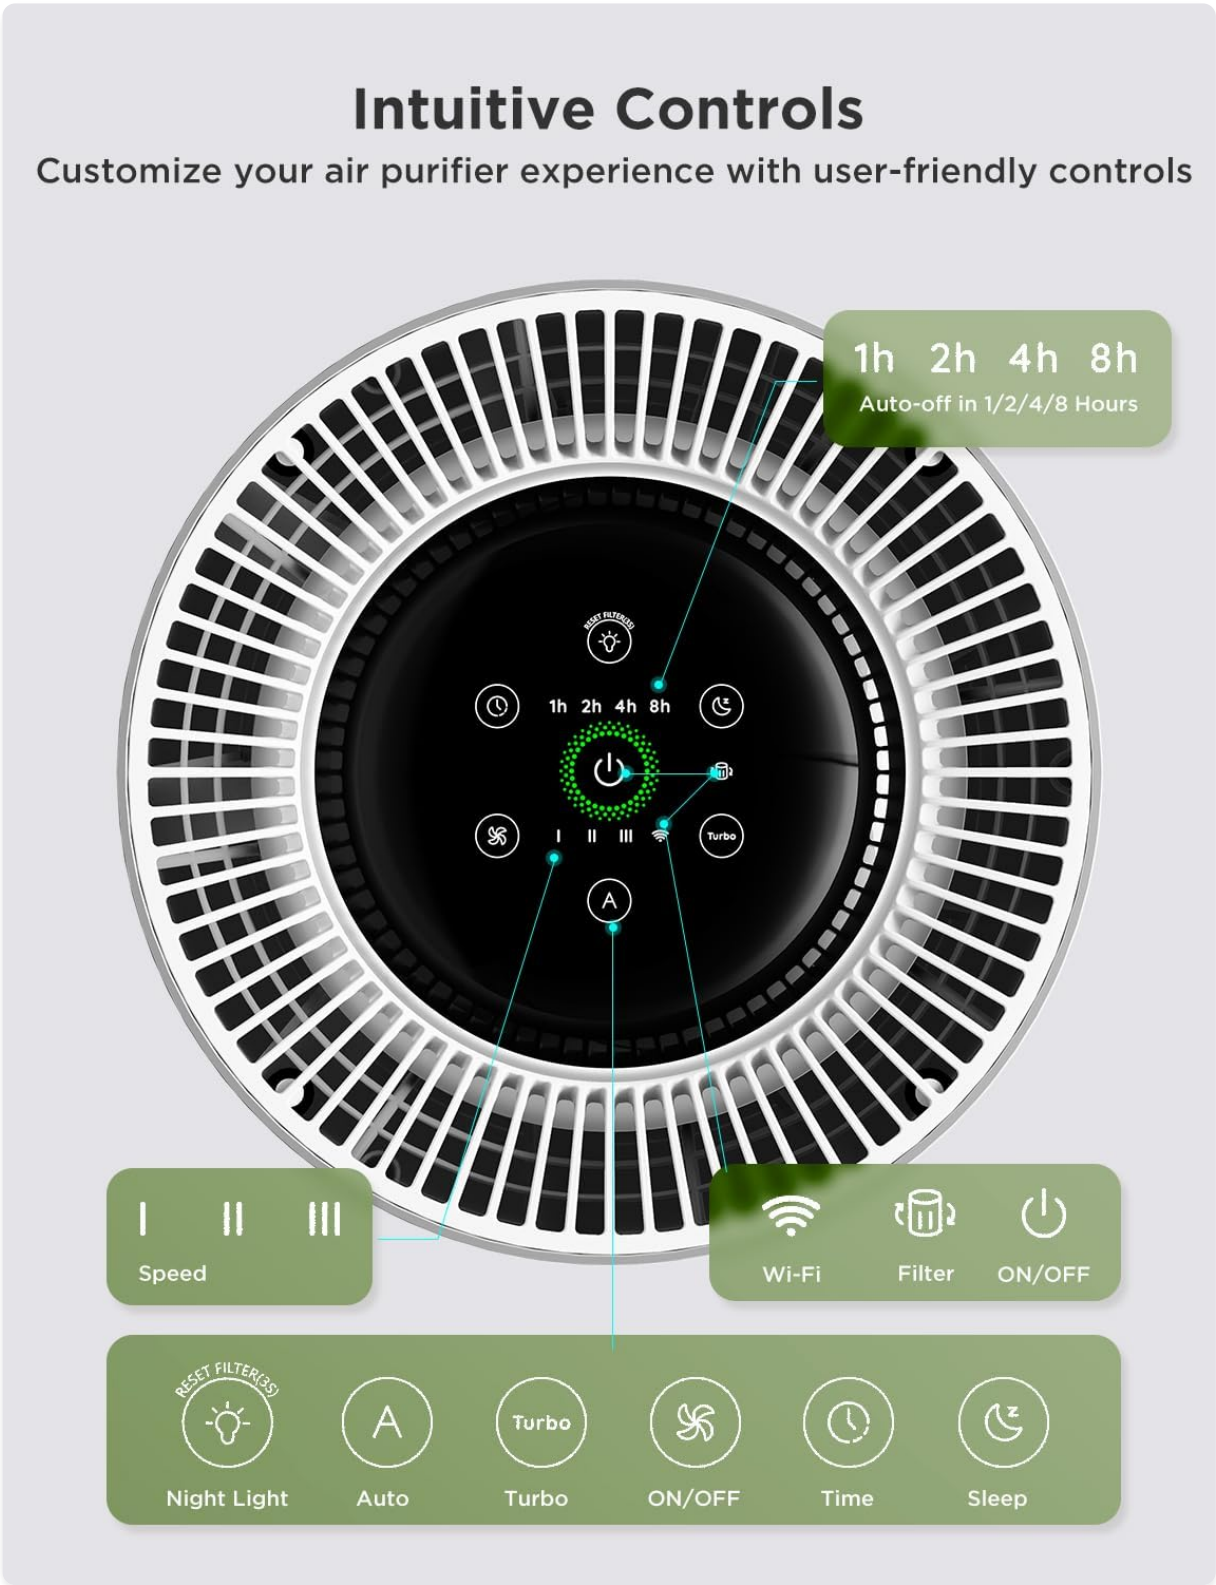

Figure 6: Detailed view of the GoveeLife Air Purifier H7129's intuitive touch control panel.

This image provides a close-up of the air purifier's top panel, showing touch-sensitive buttons for power, fan speed (I, II, III), Wi-Fi, filter reset, night light, auto mode, turbo mode, timer (1h, 2h, 4h, 8h), and sleep mode.

3.2 Fan Speed Adjustment

- **Low (I), Medium (II), High (III):** Press the fan speed button on the control panel or select the desired speed in the Govee Home app.
- **Turbo Mode:** Activates the highest fan speed for rapid air purification. This mode may produce increased noise.
- **Sleep Mode:** Operates at the lowest fan speed with minimal noise (24dB), ideal for nighttime use.

3.3 Auto Mode and PM2.5 Sensor

- When Auto Mode is activated, the built-in PM2.5 sensor continuously monitors the surrounding air quality.
- The air purifier automatically adjusts its fan speed based on the detected PM2.5 levels to maintain optimal air quality.
- Air quality is indicated by a color-changing LED light on the unit:
 - **Green:** Excellent (0-35 $\mu\text{g}/\text{m}^3$)
 - **Blue:** Good (36-75 $\mu\text{g}/\text{m}^3$)
 - **Yellow:** Moderate (76-115 $\mu\text{g}/\text{m}^3$)
 - **Red:** Poor (>115 $\mu\text{g}/\text{m}^3$)

Auto Mode & PM 2.5 Sensor

Effectively purify the air in the house

Figure 7: The air purifier's LED indicator displaying different colors corresponding to air quality levels.

This image illustrates the GoveeLife Air Purifier H7129 in a room with a cat, showing how the device's LED light changes color to reflect real-time air quality, ranging from Excellent (green) to Poor (red) based on PM2.5 levels.

3.4 Night Light Function

- Press the Night Light button on the control panel or use the Govee Home app to turn the ambient LED light on/off.
- In the app, you can customize the color, brightness, and scene effects of the night light.

3.5 Timer Function

- Set a timer for 1, 2, 4, or 8 hours using the control panel or the Govee Home app. The air purifier will

automatically turn off once the timer expires.

3.6 Voice Control

- Once paired with the Govee Home app, you can link your air purifier to Amazon Alexa or Google Assistant for hands-free voice control.
- Use commands such as "Alexa, set the air purifier to high" or "Hey Google, turn on the air purifier."

Figure 8: A family interacting with the GoveeLife Air Purifier H7129 using voice commands, demonstrating its smart home integration.

This image depicts a family in a kitchen setting, with one person giving a voice command "Alexa, set the air purifier to high" and another responding "Okay," illustrating the convenience of hands-free control for the GoveeLife Air Purifier H7129.

4. MAINTENANCE

4.1 Filter Replacement

- The filter life is displayed in the Govee Home app. Replace the filter when the app indicates it's due or when the filter change indicator on the control panel lights up.
- To replace, follow the filter installation steps in Section 2.1.
- After replacing the filter, press and hold the "Filter Reset" button on the control panel for 3 seconds, or reset it via the app, to clear the indicator.

Figure 9: The 3-stage replacement filter for the GoveeLife Air Purifier H7129.

This image shows the cylindrical 3-stage replacement filter, highlighting its pleated design for efficient air purification.

4.2 Pre-Filter Cleaning

- The detachable pre-filter can be cleaned regularly to extend the overall lifespan of the main filter.
- Carefully remove the pre-filter (outer mesh layer) and gently brush or vacuum away accumulated dust and debris.
- Ensure the pre-filter is completely dry before reattaching it.

5. TROUBLESHOOTING

- **Device not turning on:** Ensure the power adapter is securely plugged into both the air purifier and a working electrical outlet. Check if the filter is correctly installed and its plastic packaging removed.
- **Poor air purification:** Check if the filter needs replacement. Ensure the air intake and outlet are not blocked. Clean the pre-filter.
- **App connection issues:** Ensure your Wi-Fi network is 2.4GHz. Restart your router, phone, and air purifier. Re-attempt the pairing process.
- **Auto Mode not responding:** Ensure the PM2.5 sensor is clean and not obstructed. The sensor is located on the side of the unit.

6. SPECIFICATIONS

Model Number	H7129
Product Dimensions	8.66"D x 8.66"W x 15.55"H
Item Weight	6.61 Pounds
Power Source	Corded Electric
CADR	Up to 150 CFM
Coverage Area	Up to 1162 sq ft (purifies 5 times per hour for 232 sq ft)
Noise Level (Sleep Mode)	24dB
Certifications	Energy Star, ETL, FCC, CA65
