## Meowant MW-SC02

# MeoWant Self-Cleaning Cat Litter Box User Manual

Model: MW-SC02

## INTRODUCTION

This manual provides detailed instructions for the setup, operation, maintenance, and troubleshooting of your MeoWant Self-Cleaning Cat Litter Box. Designed for convenience and hygiene, this automatic litter box features a spacious 75L capacity, integrated safety mechanisms, APP control for health monitoring, and effective odor control. Please read this manual thoroughly before using the product to ensure proper function and safety.

## PACKAGE CONTENTS

Upon opening the package, please verify that all the following items are included:

- Automatic Litter Box x 1
- Cat Litter Mat x 1
- Litter Box Liner x 1
- Deodorant Gel x 1
- Adapter x 1
- Instruction Manual x 1

## SAFETY INFORMATION

The MeoWant Self-Cleaning Cat Litter Box is equipped with advanced safety features to protect your pet.

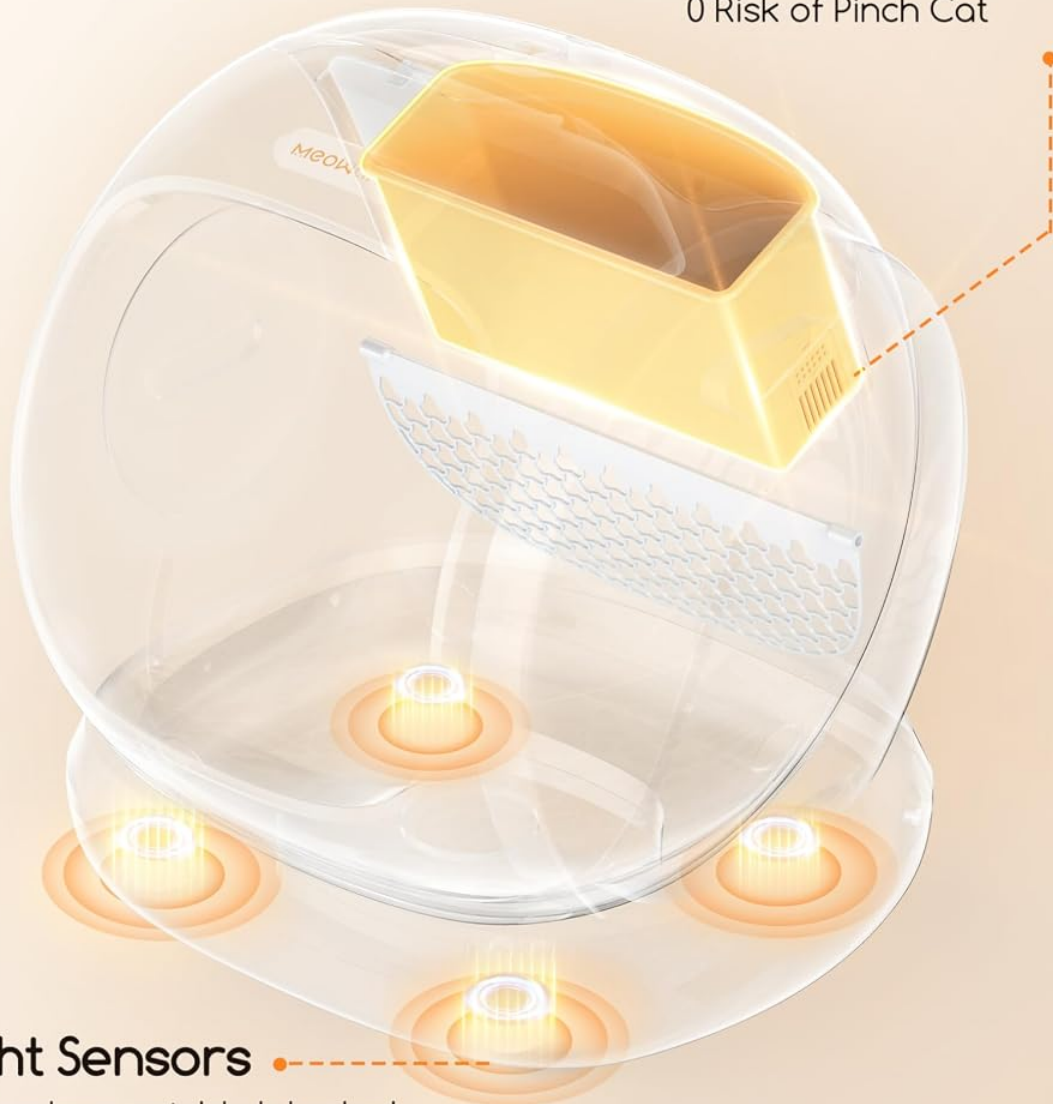

- **Anti-Pinch Structure:** The unique integrated design eliminates the risk of cats getting caught between the litter chamber and the drum during operation.
- **High-Precision Sensors:** Equipped with 9 sensors for weight detection and motion stopping. The cleaning cycle will pause immediately if a cat enters the box.
- **Abnormality Alerts:** The system provides alerts for unusual conditions, ensuring continuous monitoring of your cat's safety.

**Important: Do not place the cat litter mat directly under the litter box, as this may interfere with the weight sensors and lead to inaccurate readings or operational errors.**

# Integrated Safety Protection

## Integrated Design

0 Risk of Pinch Cat

## 4 Weight Sensors

Auto stops when weight detected

## APP Monitoring

Recives notifications for abnormalities

## SETUP GUIDE

1. **Unboxing:** Carefully remove all components from the packaging. Retain packaging for future transport or storage.

2. **Placement:** Place the litter box on a flat, stable surface in a well-ventilated area. Ensure there is enough space around the unit for proper operation and maintenance.
3. **Litter Liner Installation:** Open the litter compartment and place the provided litter box liner securely inside.
4. **Add Cat Litter:** Pour clumping cat litter into the litter compartment. Ensure the litter level does not exceed the warning line inside the drum. The box is compatible with various clumping cat litter types with a length of less than 15mm.
5. **Power Connection:** Connect the adapter to the litter box and plug it into a standard electrical outlet. The unit will perform an initial calibration cycle.
6. **Initial Calibration:** Allow the litter box to complete its initial calibration. Do not disturb the unit during this process.

# Suitable for All Clumping Cat Litter

Easy to Add Cat Litter

**Plant**

**Bentonite**

**Mixed**

**Other**

Tips: It is not recommended to use long strips of cat litter above 15MM.

## OPERATING INSTRUCTIONS

The MeoWant Self-Cleaning Cat Litter Box is designed for automatic operation.

- **Automatic Cleaning Cycle:** The litter box will automatically initiate a cleaning cycle after your cat exits the box and a preset delay has passed. During this cycle, the waste is separated and deposited into the enclosed waste bin.
- **Manual Cleaning:** You can initiate a cleaning cycle manually via the control panel on the unit or through the AIRPET mobile application.
- **Waste Bin Management:** Regularly check and empty the waste bin to prevent overflow and maintain optimal hygiene. The system may alert you when the bin is full.

# 75L Open Toilet Space

## Comfortably Accommodates Large Cats

### APP CONTROL & HEALTH MONITORING

Enhance your experience by connecting your MeoWant Self-Cleaning Cat Litter Box to the AIRPET app.

1. **Download App:** Download the AIRPET app from your smartphone's app store (available for iOS and Android).
2. **Connect to Wi-Fi:** Ensure your litter box is powered on and connect it to your home's 2.4GHz Wi-Fi network following the in-app instructions.
3. **Remote Control:** Control cleaning cycles, set schedules, and manage settings from anywhere.
4. **Health Monitoring:** The app provides real-time data on your cat's weight and activity, pushed periodically. This allows you to monitor their health trends.

**Note: The AIRPET app supports monitoring for up to 6 cats. Cats of similar weight may cause minor errors in individual weight tracking.**

# Smarter Pet Care with APP

Real-time Tracking & Insights to Your Cat's Health

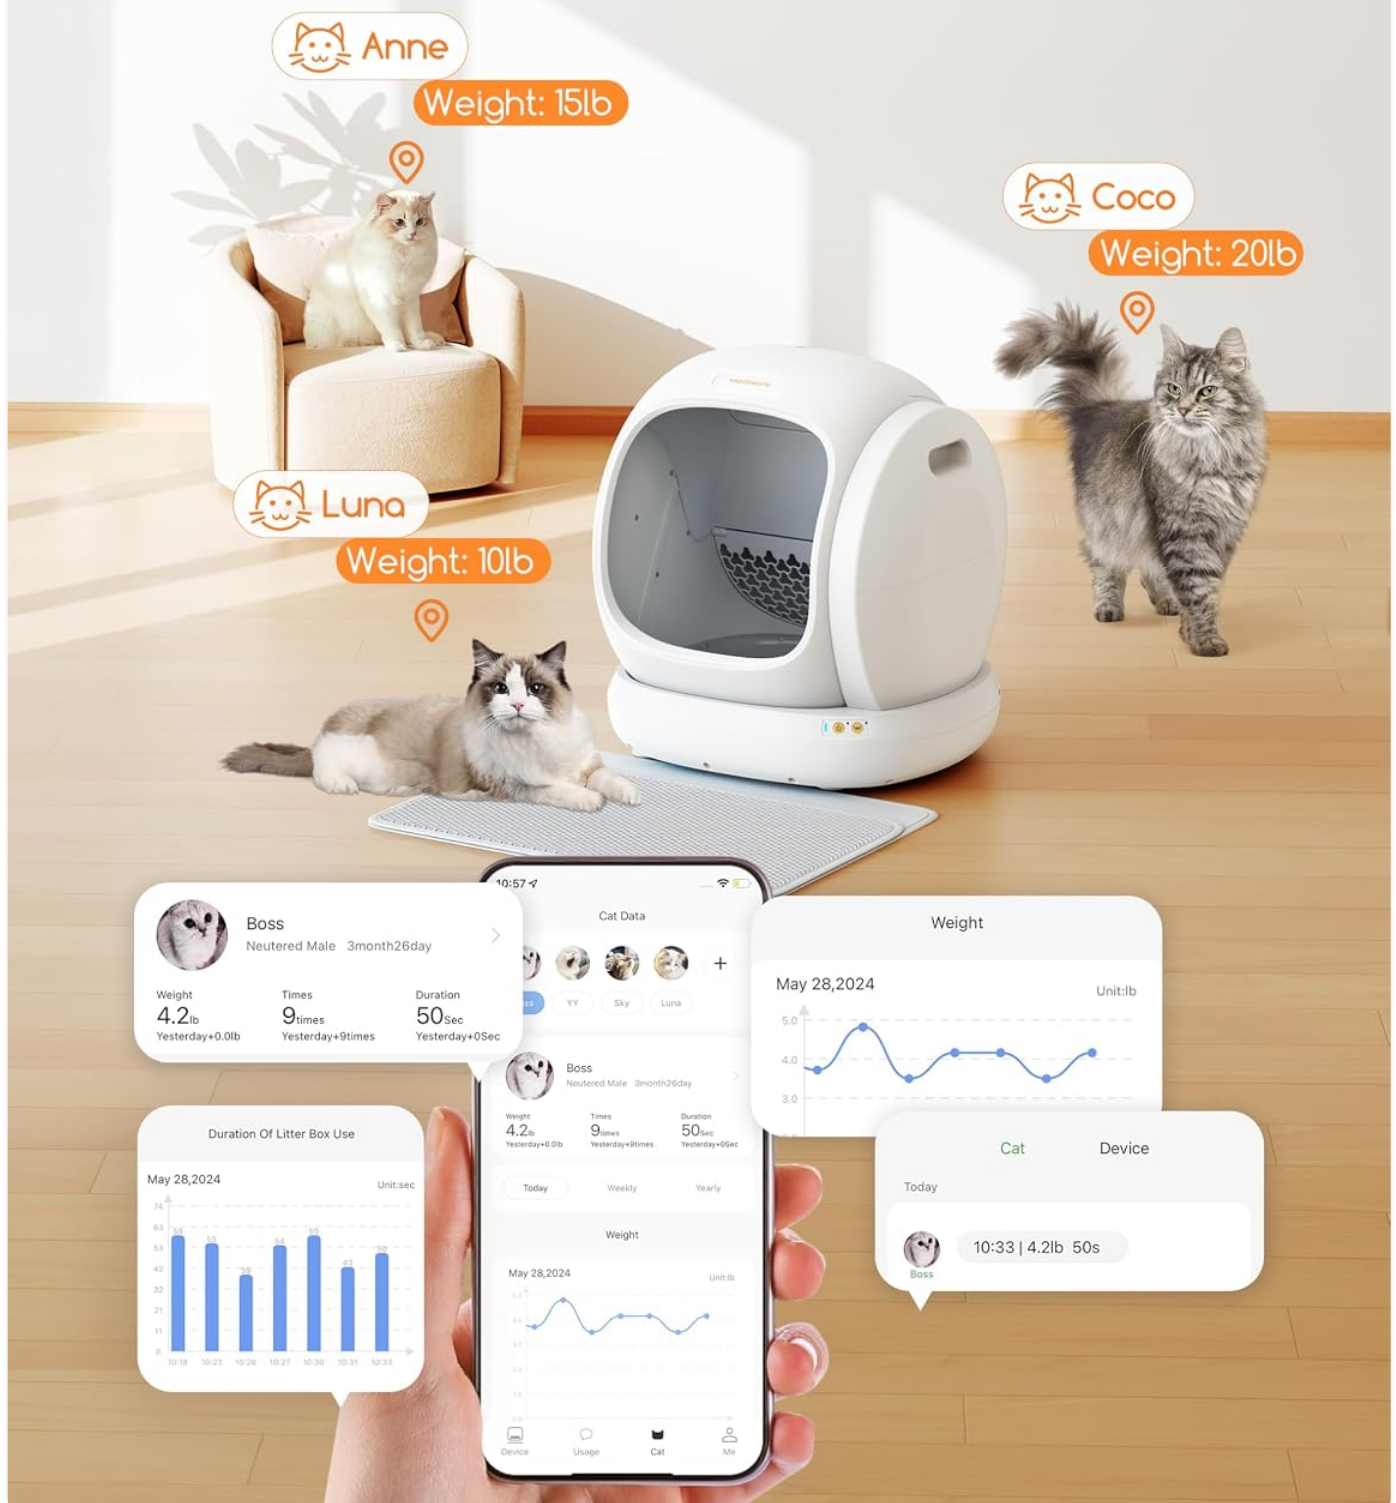

Image: A smartphone screen showing the AIRPET app interface with graphs and data related to cat weight and activity, alongside a cat and the litter box. This illustrates the app's health monitoring capabilities.

## MAINTENANCE

### Litter Management

- **Compatible Litter:** Use only clumping cat litter with a particle length less than 15mm. Examples include plant-based, bentonite, or mixed litters.
- **Litter Level:** Do not overfill the litter compartment beyond the indicated warning line. Excess litter will be removed during cleaning cycles.
- **Waste Bin Emptying:** Regularly empty the waste bin. The frequency depends on the number of cats and their usage.

## Odor Control

- **Deodorant Gel:** The included deodorant gel helps to physically isolate odors. Replace the gel as needed to maintain freshness.
- **Enclosed Waste Bin:** The design of the waste bin helps to contain odors effectively.
- **Ventilation:** Ensure the area around the litter box is well-ventilated.

## Cleaning the Unit

- **Exterior:** Wipe the exterior surfaces with a damp cloth and mild detergent. Avoid abrasive cleaners.
- **Interior:** For deeper cleaning, unplug the unit and remove the litter compartment. Clean with pet-safe cleaning solutions. Ensure all parts are completely dry before reassembly and powering on.

# Say Goodbye to Odors
