

HOROW HR-S5138D

HOROW 20x15 Inch Undermount Bathroom Sink Instruction Manual

Model: HR-S5138D | Brand: HOROW

PRODUCT OVERVIEW

The HOROW 20x15 inch undermount bathroom sink is designed for both full and half bathrooms, offering a seamless, built-in look that maximizes countertop space. Crafted from high-quality glazed ceramic, this sink features a deep basin, curved bottom for efficient drainage, and an overflow hole to prevent spills. Its durable surface resists stains, acids, corrosion, fading, and yellowing, ensuring a lasting pristine white appearance.

KEY FEATURES

- **Perfect Size:** Measuring 20.28" x 15.16" x 7.87", ideal for various bathroom sizes.
- **Deep Basin & Overflow:** Reduces splashing and ensures fast drainage. The overflow hole prevents water from spilling over, protecting your vanity.
- **Easy to Clean:** Undermount design eliminates hard-to-clean rims, allowing easy sweeping of water and debris directly into the sink.
- **Durable Ceramic:** High-quality glazed clay resists stains, acids, corrosion, fading, and yellowing.
- **Standard Drain Fit:** The drainage hole is compatible with all standard 1 3/4" drains.

HOROW®

Enduring Quality

Scratch and stain resistant

Smooth and Polished Surface

Low water absorption, easy to clean and maintain

Seamless Design

No signs of seams or lines

Overflow Hole Design

Prevent water from spilling

Large Capacity

Provide plenty of room for cleaning

Under-counter Installation

Under-counter installation and standard 1 3/4" drain opening

INSTALLATION

This undermount sink is designed for installation beneath your countertop. Professional installation is recommended. Ensure you have the necessary tools and materials, including a screwdriver, silicone sealant, and a compatible 1 3/4" pop-up drain (not included).

General Installation Steps:

- 1. Prepare Countertop:** Ensure the countertop opening is correctly sized for the sink.
- 2. Clean Surfaces:** Thoroughly clean the underside of the countertop and the rim of the sink where sealant will be applied.

3. **Apply Sealant:** Apply a continuous bead of silicone sealant around the top edge of the sink rim.
4. **Position Sink:** Carefully lift the sink and align it with the countertop opening from below. Press firmly to ensure good adhesion.
5. **Secure with Clips:** Attach and tighten the mounting clips (if included) to secure the sink to the countertop. Do not overtighten.
6. **Install Drain:** Install your chosen pop-up drain assembly according to its manufacturer's instructions.
7. **Connect Plumbing:** Connect the drain to your plumbing system.
8. **Cure Time:** Allow the sealant to cure completely before using the sink, as per the sealant manufacturer's recommendations.

CARE AND MAINTENANCE

To maintain the pristine condition of your HOROW ceramic sink, follow these care instructions:

- **Regular Cleaning:** Wipe with a dry cloth after each use to prevent water spots and mineral buildup.
- **Gentle Cleaners:** Use mild soap and water for routine cleaning. Avoid abrasive cleaners, scouring pads, or harsh chemicals that can damage the glazed surface.
- **Stain Removal:** For stubborn stains, a non-abrasive ceramic cleaner can be used. Always test in an inconspicuous area first.
- **Avoid Impact:** Do not drop heavy or sharp objects into the sink, as this can chip or crack the ceramic.
- **Heat Protection:** Avoid placing extremely hot items directly into the sink without protection.

Easy to Clean

The under-counter installation allows water on the countertop to flow directly into the sink, reducing the clean task.

TROUBLESHOOTING

If you encounter any issues with your HOROW undermount sink, consider the following common solutions:

- **Slow Drainage:** Check the drain for blockages. Remove and clean the pop-up drain assembly. If the issue persists, inspect the P-trap for clogs.
- **Leaks Around Drain:** Ensure the drain assembly is properly sealed and tightened. Reapply plumber's putty or silicone sealant if necessary.
- **Water Spots/Stains:** Use a non-abrasive cleaner specifically designed for ceramic surfaces. Regular wiping after use can prevent buildup.
- **Sink Movement:** If the sink feels loose, check and tighten the mounting clips underneath the countertop. If clips are damaged, replace them.

For persistent problems or issues not covered here, please contact HOROW customer service.

WARRANTY AND SUPPORT

HOROW stands behind the quality and durability of its products. Your bathroom sink comes with a **12-month warranty** and **lifetime after-sales service**.
