Bruni Bruni Basics-Clear 4052225789723

Bruni Screen Protector User Manual

Compatible with Kozen P8 Protector Film

INTRODUCTION

Thank you for choosing the Bruni Screen Protector for your Kozen P8 device. This protective film is designed to offer crystal clear display protection, maintaining touch sensitivity and vibrant colors. Made from scratch-resistant PET material, it ensures durability and easy application. This manual provides comprehensive instructions for installation, operation, maintenance, and troubleshooting to help you get the most out of your screen protector.

SETUP (INSTALLATION GUIDE)

Proper installation is key to the performance and longevity of your screen protector. Follow these steps carefully for a bubble-free application.

Image: Contents of the package, including the screen protector, installation tools, and manual.

Preparation:

1. **Clean the Device Screen:** Use the provided microfiber cloth to thoroughly clean the screen of your Kozen P8. Ensure there are no dust particles, smudges, or fingerprints. For stubborn marks, a screen cleaning solution can be used, but ensure the screen is completely dry before proceeding.
2. **Work in a Dust-Free Environment:** Choose a clean, well-lit area to minimize dust settling on the screen during application.

Application Steps:

3. **Peel Off Layer 1:** Carefully peel back a small portion of the protective film labeled "Layer 1" (or similar indicator) from one end. Avoid touching the adhesive side.
4. **Align the Protector:** Align the exposed adhesive edge of the screen protector with the corresponding edge of your device screen. Pay close attention to cutouts for cameras, sensors, and speakers.
5. **Slowly Apply:** Once aligned, slowly lower the rest of the screen protector onto the screen, gradually peeling off the remaining "Layer 1" as you go. Use a squeegee (if provided) or a credit card wrapped in the microfiber cloth to gently push out any air bubbles towards the edges as you apply.
6. **Remove Layer 2:** After the protector is fully applied and all bubbles are removed, carefully peel off the top protective layer, usually labeled "Layer 2" (or similar indicator).

The Bruni screen protector is designed for bubble-free application and can be removed or repositioned at any time without leaving residue.

OPERATING

Once installed, the Bruni Screen Protector seamlessly integrates with your Kozen P8, preserving its original functionality.

Touch Sensitivity:

The film is optimized for use on touch displays, ensuring unadulterated display of screen contents and no impairment of usability. Your device's touch response will remain lightning fast, highly sensitive, and precise.

Display Clarity:

The crystal clear nature of the protective film ensures that the original colors and brightness of your Kozen P8's display are maintained without any attenuation or distortion.

MAINTENANCE

To ensure the longevity and clarity of your Bruni Screen Protector, follow these simple maintenance guidelines.

Cleaning:

- Use a soft, lint-free cloth, such as the microfiber cloth provided, to gently wipe the screen protector.
- For smudges or fingerprints, lightly dampen the cloth with water or a mild, screen-safe cleaning solution. Avoid harsh chemicals or abrasive materials.

- Wipe in one direction to avoid streaks.

Protection:

The Bruni Screen Protector is made of scratch-resistant PET material, offering robust protection against daily wear and tear, including scratches from keys and other sharp objects.

TROUBLESHOOTING

If you encounter any issues during or after installation, refer to the following common problems and solutions.

Bubbles After Installation:

- **Small Bubbles:** Many small bubbles will naturally disappear within 24-48 hours as the adhesive settles.
- **Large Bubbles:** Gently lift the nearest edge of the screen protector and use a squeegee or credit card to push the bubble towards the lifted edge, then slowly re-apply the section.

Dust Particles Under the Protector:

- Carefully lift the edge of the screen protector closest to the dust particle.
- Use a piece of adhesive tape to gently dab the dust particle off the screen or the adhesive side of the protector. Avoid touching the adhesive with your fingers.
- Slowly re-apply the protector, ensuring no new dust settles.

Misalignment:

- The Bruni screen protector is designed to be repositionable. Carefully lift the entire protector from one corner.
- Re-align it with your device screen and slowly re-apply, following the installation steps.

SPECIFICATIONS

Feature	Detail
Product Dimensions	6.1 x 2.95 x 0.5 inches (6.1"L x 3"W)
Item Weight	0.353 ounces
ASIN	B0D1T464WB
Item Model Number	Bruni Basics-Clear 4052225789723
Special Features	Compatible with Kozen P8, Very easy to apply, Residue-free removable, Made in Germany, Crystal clear Protector Film
Color	Basics-Clear
Manufacturer	atFoliX GmbH
Country of Origin	Germany
Material	Polyethylenterephthalat
Item Hardness	4H
Compatible Devices	Kozen P8

WARRANTY AND SUPPORT

Bruni products are manufactured in Germany, adhering to high-quality standards. While specific warranty details are not provided in this manual, the product is designed for durability and reliable performance. For further assistance or inquiries, please refer to the contact information provided on the product packaging or the manufacturer's official website.
