

ANRAN C3-2 Pack

ANRAN 2K Solar Security Camera Wireless Outdoor Instruction Manual

Model: C3-2 Pack | Brand: ANRAN

1. INTRODUCTION

Thank you for choosing the ANRAN 2K Solar Security Camera. This manual provides detailed instructions for setting up, operating, and maintaining your wireless security camera system. Designed for both indoor and outdoor use, the ANRAN C3 offers reliable surveillance with its integrated solar panel, ensuring continuous power and a truly wire-free experience.

Key Features:

- **Integrated Solar Panel & 100% Wireless:** Efficient solar charging provides up to 180 days of battery life from a single charge, eliminating the need for constant recharging.
- **2K Crisp Image & Color Night Vision:** Capture clear 2K (2048 x 1536) resolution video day and night. Choose between black and white or full-color night vision modes with built-in spotlights.
- **PIR Motion Detection & Instant Alerts:** Accurate human movement detection triggers automatic floodlights, siren, and instant notifications to your smartphone via the ANRAN app.
- **Two-Way Talk & Multi-User Access:** Communicate with visitors or deter intruders using the built-in microphone and speaker. Share camera access with family and friends.
- **Remote Control & No Hidden Costs:** View and control the camera remotely through the app. Enjoy local storage options with no monthly fees for basic functionality.
- **Weatherproof Design:** IP67 waterproof rating ensures the camera withstands extreme weather conditions.

2. PACKAGE CONTENTS

Please verify that all items are included in your package:

Item	Quantity
ANRAN Security Camera	2
Screw Pack	2
Type C Cable	2
Sticker	2
Double Sided Adhesive	2

3. SETUP GUIDE

3.1 Initial Charging

Before first use, fully charge the camera using the provided Type C cable. A full charge ensures optimal performance and battery life.

3.2 App Download & Pairing

Download the ANRAN or CloudEdge app from your smartphone's app store (available on Google Play and Apple App Store). Follow the in-app instructions to register an account and pair your camera using the QR code. Ensure your Wi-Fi network is 2.4GHz for successful connection.

Figure 3.1: Getting Started - App Download and Connection.

3.3 Installation

The ANRAN C3 camera is designed for easy, wire-free installation. Choose a location with good Wi-Fi signal and sufficient sunlight exposure for the integrated solar panel. Use the provided screw pack or double-sided adhesive for mounting.

4. OPERATING INSTRUCTIONS

4.1 Live View & Recording

Access live footage anytime through the ANRAN app. You can manually record video or capture screenshots directly from the live view. Recorded footage can be stored locally on an SD card (up to 128GB, not included) or via optional cloud service.

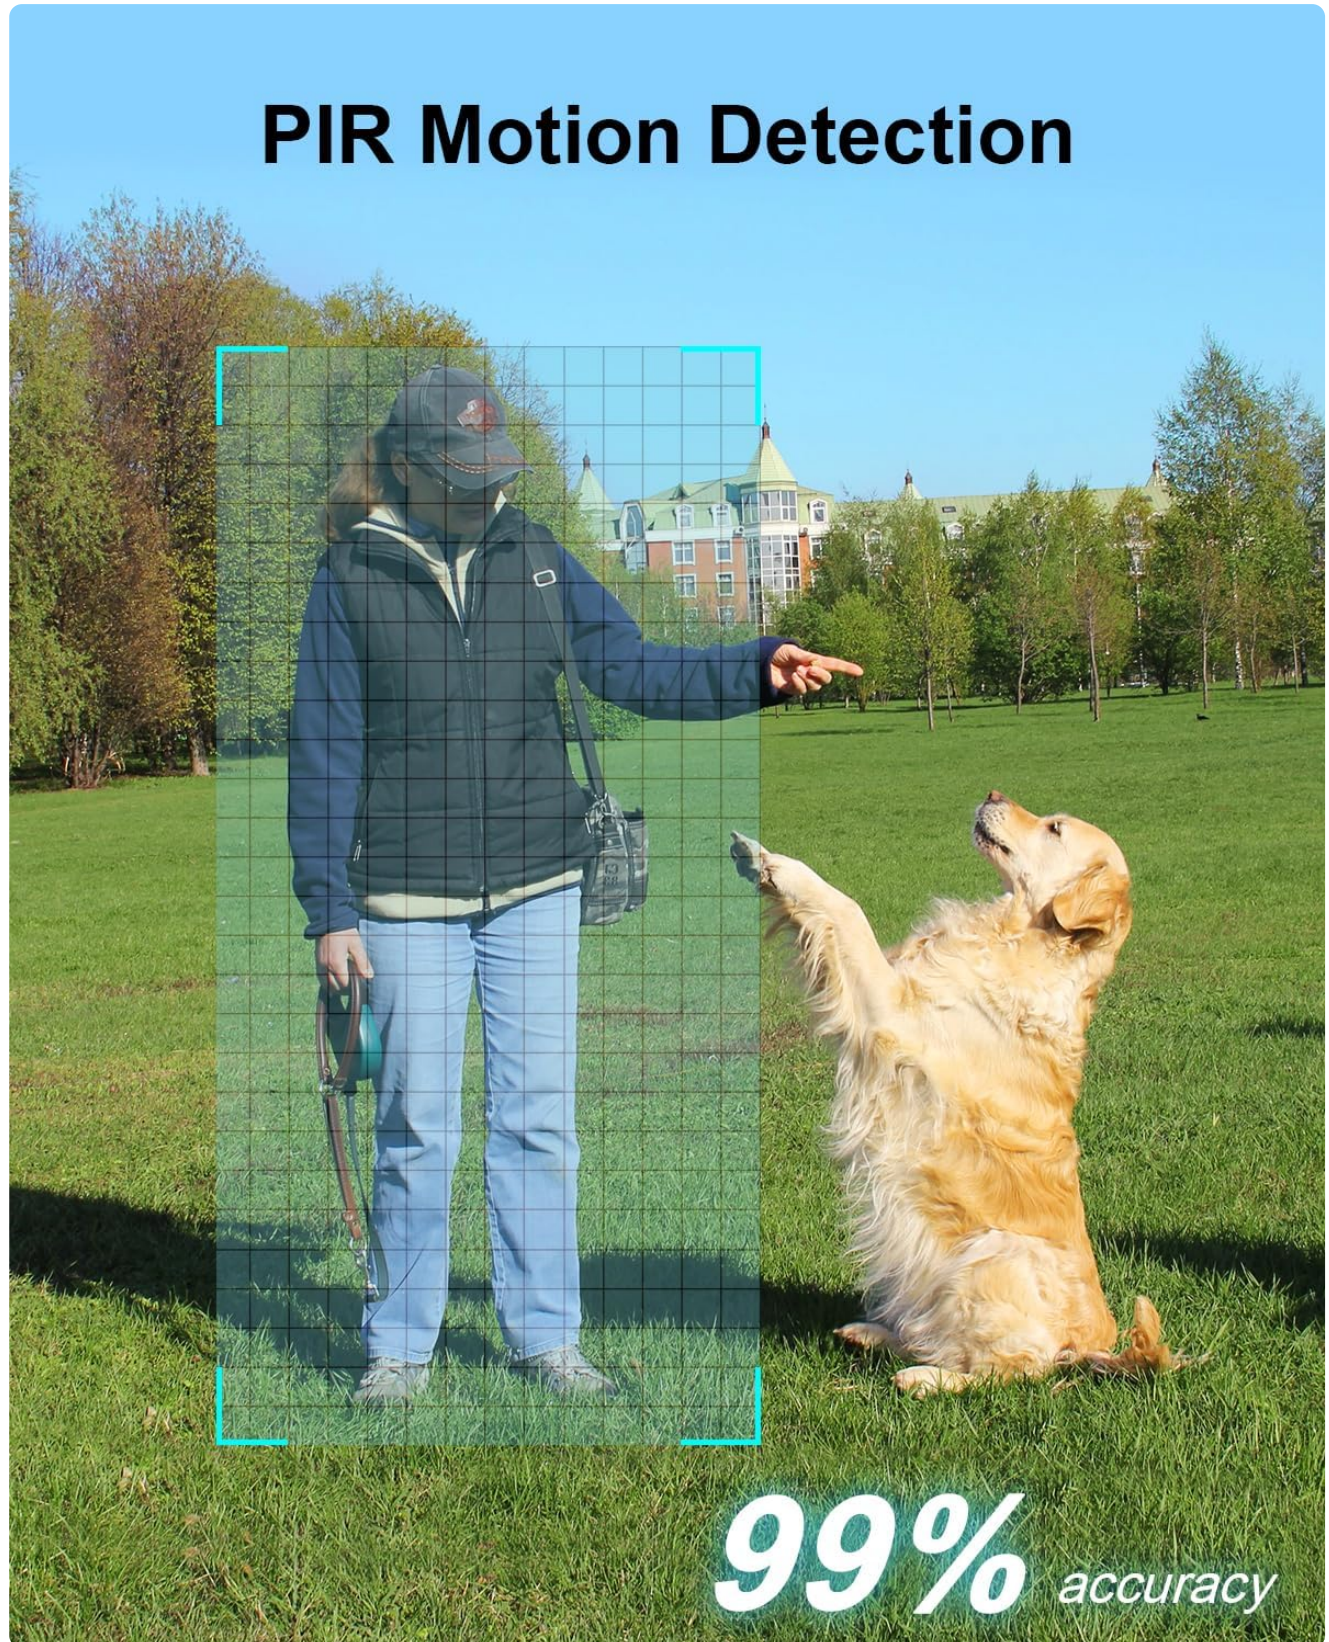

Figure 4.1: Crisp 2K Image Quality.

4.2 Motion Detection

The camera features a built-in PIR detection sensor for accurate human movement detection. Customize motion detection zones and sensitivity levels within the app to reduce false alarms. When motion is detected, the camera can automatically activate floodlights and a siren, and send instant notifications to your smartphone.

4.3 Two-Way Audio

Utilize the integrated microphone and speaker for two-way communication. This allows you to speak with visitors, delivery personnel, or deter unwanted guests directly through the camera via the app.

Figure 4.4: Two-Way Talk Functionality.

4.4 Night Vision

The camera offers three night vision modes: Color Mode (with spotlights on), Infrared Mode (spotlights off for

discreet black and white viewing), and Alarm Mode (activates light and siren upon detection). This ensures clear visibility even in low-light conditions up to 55 feet.

Figure 4.5: Color Night Vision vs. Infrared Mode.

4.5 Digital Zoom

The camera supports 4x digital zoom, allowing you to magnify specific areas of the live view or recorded footage for closer inspection.

4.6 Smart Home Integration

The ANRAN C3 camera works with Alexa, allowing for voice control and integration into your smart home ecosystem.

5. MAINTENANCE

5.1 Solar Panel Care

To ensure optimal charging efficiency, periodically clean the surface of the integrated solar panel to remove dust, dirt, or debris that may obstruct sunlight. Position the camera in an area that receives at least 3 hours of direct sunlight daily.

Rechargeable Battery & Solar Power

Uninterrupted Power Supply for Continuous Safety

Figure 5.1: Rechargeable Battery & Solar Power.

5.2 Weather Resistance

The camera has an IP67 waterproof rating, meaning it is protected against dust and can withstand immersion in water up to 1 meter for 30 minutes. While designed for outdoor use in various weather conditions, avoid prolonged submersion or high-pressure water jets.

Ready For Anyweather, Anywhere

Figure 5.2: Ready for Any Weather.

5.3 Storage

The camera supports local storage via a Micro SD card (up to 128GB, Class 10 recommended). Insert the SD card into the designated slot. Cloud storage options are also available through the ANRAN app for additional backup and convenience (optional subscription).

6. TROUBLESHOOTING

- **Camera not connecting to Wi-Fi:** Ensure your Wi-Fi is 2.4GHz. Check Wi-Fi signal strength at the camera's location. Restart your router and camera.
- **Poor image quality:** Ensure the camera lens is clean. Check for obstructions in the field of view. Verify sufficient lighting for night vision.
- **Short battery life:** Ensure the solar panel receives adequate direct sunlight daily (at least 3 hours). Reduce motion detection sensitivity or frequency of recordings if battery drains quickly.
- **Motion alerts not received:** Check app notification settings on your phone. Ensure motion detection is enabled in the camera settings. Verify network connectivity.
- **Two-way audio issues:** Check microphone and speaker permissions for the app on your phone. Ensure there are no obstructions blocking the camera's speaker or microphone.

7. SPECIFICATIONS

Feature	Detail
Model Name	C3-2 Pack
Video Capture Resolution	2K (2048 x 1536)
Effective Still Resolution	3 MP
Connectivity Technology	Wireless (2.4GHz Wi-Fi)
