## 4.2 Bluetooth Remote Pairing

To pair the Bluetooth voice remote control:

1. Ensure the TV box is powered on and connected to your TV.
2. Insert two AAA batteries (not included) into the remote control.
3. Press and hold the 'OK' button and the 'Volume Down' button on the remote control simultaneously.
4. Keep the remote close to the TV box. Release the buttons after the remote control indicator light flashes.
5. The remote should automatically pair with the TV box. A confirmation message will appear on the screen.

## 4.3 Network Connection

For internet access, you can connect via Wi-Fi or Ethernet:

- **Wi-Fi:** Navigate to Settings > Network & Internet > Wi-Fi. Select your network from the available list and enter the password.
- **Ethernet:** Connect an Ethernet cable from your router to the LAN port on the TV box. The connection should be established automatically.

## 5. OPERATING INSTRUCTIONS

### 5.1 Navigating the User Interface

The Lemon TV L1 runs on Android 10.0 OS, providing a user-friendly interface. Use the directional buttons on your remote to navigate through menus and select applications. The 'OK' button confirms selections, and the 'Back' button returns to the previous screen.

### 5.2 Voice Control

The included remote control supports voice commands. Press the dedicated voice button on the remote and speak your command clearly. This allows for quick searches, app launches, and system control.

*Using Google Voice Assistant for navigation and search.*

### 5.3 Casting and Screen Mirroring

The Lemon TV L1 supports various casting technologies, including Miracast, DLNA, and Airplay. This allows

you to share content from your mobile devices or tablets directly to your television screen.

- Access the pre-installed casting software or compatible apps to initiate screen mirroring.
- Follow the on-screen instructions on both your mobile device and the TV box to establish a connection.

*Efficient video switching with the remote control.*

## 6. KEY FEATURES

- **Android 10.0 OS & H313 Chipset:** Equipped with a stable Android 10.0 operating system and powered by the Allwinner H313 Quad Core ARM Cortex A53 Mali-450MP2 CPU and ARM G31 MP2 GPU for smooth performance.
- **Dual WIFI 2.4G/5G Connectivity:** Features built-in 2.4G/5GHz dual-band Wi-Fi and BT 5.4 for stable and fast wireless connections. Supports 10/100M Ethernet LAN.
- **4K H.265 & 3D Support:** Decodes and plays popular audio and video formats, delivering true-to-life 4K@60fps HD video quality. Supports 3D content for an immersive viewing experience.
- **Mirroring Cast & Dual USB 2.0:** Includes casting software for Miracast, DLNA, and Airplay. Two USB 2.0 ports allow for convenient connection of multiple peripherals.

### 4K HDR

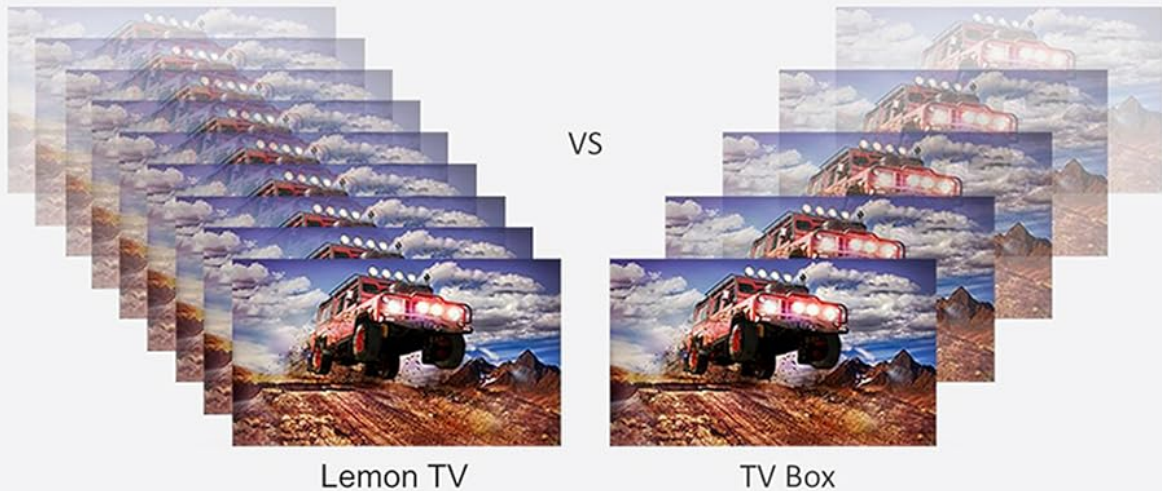

- 4K gives you a crisper picture using four times more pixels than standard HD.
- High Dynamic Range (HDR) delivers brighter, more realistic colors and greater detail.

*Understanding 4K HDR capabilities.*

# 4K 60FPS

handle up to 60 frames per second - that's double what other set-top boxes can do. It's an advantage you'll notice naturally when you watch NBA live or play a racing game.

Benefits of 4K 60fps for smoother video playback.

## 7. SPECIFICATIONS

Feature	Detail

Product Dimensions	5.07 x 2.73 x 0.7 inches
Item Weight	1.03 pounds

## 8. TROUBLESHOOTING

## 8.1 Common Issues

- **No Power:** Ensure the power adapter is securely connected to the TV box and a working power outlet. Check if the power indicator light on the box is on.
- **No Signal on TV:** Verify the HDMI cable is correctly connected to both the TV box and the TV. Ensure your TV is set to the correct HDMI input source.
- **Remote Not Responding:** Check the batteries in the remote control. Re-attempt Bluetooth pairing as described in Section 4.2.
- **No Internet Connection:** For Wi-Fi, ensure the correct password is entered and the signal is strong. For Ethernet, check the cable connection to the router and the TV box. Restart your router if necessary.
- **App Issues/Freezing:** Close and reopen the application. If the issue persists, try clearing the app's cache (Settings > Apps > [App Name] > Clear Cache). Restart the TV box if needed.

## 8.2 Support FAQs

- **For TV Box / TV Stick Issues:** If you encounter any operational or usage issues that cannot be resolved, please contact BOXPUT Official Support and provide your device's MAC address. Our technical team will assist you within 24 hours to help resolve the problem.
- **For Remote Issues:** If you encounter any operational or usage issues that cannot be resolved, please contact BOXPUT Official Support. Our technical team will assist you within 24 hours to help resolve the problem.

## 9. MAINTENANCE

---

To ensure the longevity and optimal performance of your BOXPUT Lemon TV L1, follow these maintenance guidelines:

- Keep the device in a cool, dry place away from direct sunlight, heat sources, and moisture.
- Avoid blocking the ventilation holes on the device to prevent overheating.
- Clean the device and remote control regularly with a soft, dry cloth. Do not use liquid cleaners or aerosols.
- Do not attempt to open or repair the device yourself, as this will void the warranty.
- Unplug the device during lightning storms or when unused for long periods.

## 10. WARRANTY AND SUPPORT

---

Your BOXPUT Lemon TV L1 Smart Streaming TV Box comes with a manufacturer's warranty. For specific warranty terms and conditions, please refer to the documentation included with your purchase or contact BOXPUT Official Support.

If you require further assistance or have any questions not covered in this manual, please contact BOXPUT Official Support. Our technical team is available to provide solutions and support.

**Contact Information:** Refer to your product packaging or the official BOXPUT website for the most current support contact details.
