## Superior Sound & Independent Bass

Figure 2.2: Internal speaker components, including a 2-inch tweeter and 5.25-inch subwoofer for balanced sound output.

Figure 2.3: The speaker system features anti-interference and anti-whistling technology for clear audio, along with dual microphones and EQ effects.

## 3. SETUP

### 3.1 Charging the Speaker

1. Connect the provided charging cable to the speaker's charging port.
2. Plug the other end into a suitable power adapter (not included) or USB port.
3. The charging indicator will illuminate. A full charge takes approximately 6 hours.
4. The speaker offers up to 12 hours of playing time on a full charge, powered by a 5200mAh battery.

Figure 3.1: Battery life and charging details for the JYX 66 PRO speaker.

### 3.2 Powering On/Off

- To power on, press and hold the power button located on the control panel.
- To power off, press and hold the power button again.

### 3.3 Microphone Setup

- Insert batteries into each wireless microphone (battery type not specified, typically AA or AAA).
- Power on the microphones. They should automatically pair with the speaker. If not, refer to the troubleshooting section.

## 4. OPERATING INSTRUCTIONS

### 4.1 Bluetooth Pairing

1. Ensure the speaker is powered on and in Bluetooth mode (indicated by a 'BLUE' display).
2. On your smartphone, tablet, or laptop, enable Bluetooth and search for available devices.
3. Select "JYX-66 Pro" from the list of devices.

4. Once connected, the speaker will emit an audible confirmation.

## 4.2 Microphone Usage

- Once paired, the wireless microphones are ready for use.
- Adjust microphone volume using the dedicated controls on the speaker's panel.
- The microphones feature anti-interference and anti-whistling capabilities for clear vocal performance.

## 4.3 Ambience Light Modes

The speaker features 6 distinct ambience light modes to enhance your audio experience:

- Circling light
- Energy light
- Flashing light
- Breathing light
- Mono-color rhythm
- Multi-color rhythm

Use the dedicated light mode button on the speaker or remote control to cycle through these modes.

### Splendid Ambience Light

6 modes are at your disposal, spiritually visualize and dance with the music.

**Circling light**

**Energy light**

**Flashing light**

**Breathing light**

**Mono-color rhythm**

**Multi-color rhythm**

## 5. MAINTENANCE

### 5.1 Cleaning

- Wipe the speaker and microphones with a soft, dry cloth.
- Do not use abrasive cleaners, alcohol, or solvents, as these may damage the surface.

### 5.2 Storage

- Store the device in a cool, dry place away from direct sunlight and extreme temperatures.
- If storing for an extended period, charge the speaker periodically to maintain battery health.

## 6. TROUBLESHOOTING

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Speaker does not power on	Low battery; Power button not pressed correctly	Charge the speaker; Press and hold the power button for a few seconds
No sound from speaker	Volume too low; Incorrect input mode; Device not connected	Increase volume; Switch to correct input mode (e.g., Bluetooth); Ensure device is paired
Microphones not working	Microphone batteries low/dead; Microphones not powered on; Not paired	Replace microphone batteries; Power on microphones; Ensure microphones are within range and paired
Bluetooth connection unstable	Device too far from speaker; Interference	Move device closer to speaker; Avoid obstacles; Disconnect and reconnect Bluetooth
