Breezary 72 inch

Breezary 72-inch Black Industrial Ceiling Fan User Manual

Model: 72 inch

1. IMPORTANT SAFETY INSTRUCTIONS

Please read all instructions carefully before beginning installation and retain this manual for future reference. Improper installation or operation can lead to electric shock, fire, or personal injury.

- **Electrical Safety:** Ensure the power is turned off at the circuit breaker before installation or servicing. All wiring must be in accordance with national and local electrical codes.
- **Mounting:** The ceiling fan must be mounted to a ceiling joist or support structure capable of supporting a minimum of 35 lbs (15.9 kg).
- **Blade Clearance:** Maintain a minimum clearance of 7 feet (2.13 meters) from the floor to the bottom edge of the fan blades.
- **Ventilation:** Do not operate the fan in areas with high humidity or where it may be exposed to water.
- **Remote Control:** Keep the remote control away from children.

2. PACKAGE CONTENTS

Verify that all components listed below are included in your package. If any parts are missing or damaged, contact customer support before proceeding with installation.

- 1 x 72 inch 8-Blade Ceiling Fan
- 1 x Remote Control
- 2 x Downrods (1 x 7", 1 x 24")
- 1 x User Manual

3. PRODUCT FEATURES

The Breezary 72-inch Industrial Ceiling Fan is designed for optimal air circulation and lighting in large indoor and covered outdoor spaces. Key features include:

- **Large Airflow:** 72-inch span with 8 aluminum blades for efficient air movement.
- **Integrated LED Light:** Dimmable 22W LED light with three color temperature options (3000K Warm White, 4500K Natural White, 6000K Cool White).
- **Reversible DC Motor:** Energy-efficient DC motor allows for downdraft mode in summer for cooling and updraft mode in winter for warm air circulation. Operates quietly below 35dB.
- **6-Speed Control:** Adjustable fan speeds for customized comfort.
- **Remote Control:** Full-function remote for convenient operation of fan speeds, light settings, direction, and timer.
- **Durable Construction:** High-quality aluminum blades and metal motor housing for longevity.

4. INSTALLATION GUIDE

Professional installation is recommended. Ensure all power is disconnected at the circuit breaker before beginning installation.

4.1 Pre-Installation Checklist

- Verify that the mounting location can support the fan's weight.
- Ensure you have all necessary tools (screwdriver, wire strippers, ladder, etc.).
- Confirm all package contents are present.

4.2 Mounting Options

The fan supports both standard downrod mounting and sloped ceiling installations up to 12 degrees. Two downrods (7" and 24") are included to accommodate different ceiling heights.

Image: Visual guide to the fan's dimensions and compatible mounting types, including standard downrod and sloped ceiling

(up to 12 degrees).

4.3 General Installation Steps (Summary)

1. Secure the mounting bracket to the ceiling junction box.
2. Assemble the downrod and canopy to the fan motor.
3. Hang the fan assembly onto the mounting bracket.
4. Connect electrical wiring (Live, Neutral, Ground) according to local codes.
5. Attach the fan blades to the motor housing.
6. Install the LED light kit and acrylic cover.
7. Restore power and test the fan.

5. OPERATING INSTRUCTIONS

Your Breezary ceiling fan is operated using the included remote control. Ensure 2 AAA 1.5V batteries (not included) are installed in the remote.

5.1 Remote Control Functions

Image: Overview of the remote control and its various functions for operating the fan and light.

- **ON/OFF:** Powers the fan and light on or off.
- **Fan Speeds (1-6):** Adjusts the fan speed from 1 (lowest) to 6 (highest).
- **Light Switch:** Toggles the LED light on/off.
- **Color Temperature:** Cycles through 3000K (Warm White), 4500K (Natural White), and 6000K (Cool White).
- **Forward Rotating (Summer Mode):** Activates downdraft mode for a cooling breeze.
- **Reverse Rotating (Winter Mode):** Activates updraft mode to circulate warm air.
- **Natural Wind:** Simulates a natural breeze by varying fan speeds.
- **Timer (1H/2H/4H):** Sets the fan to turn off automatically after 1, 2, or 4 hours.
- **Match Code/Fan OFF:** Used for pairing the remote with the fan.

5.2 Fan Speed Settings

The fan offers 6 distinct speed settings:

- **Speed 1-2:** Low, comfortable wind for gentle air circulation.
- **Speed 3-4:** Medium, natural wind for general comfort.
- **Speed 5-6:** High, cooling wind for maximum airflow.

Image: Explanation of the 6 adjustable fan speeds and their recommended uses.

5.3 Light Color Temperature Adjustment

The integrated LED light provides three color temperature options to suit different moods and activities:

- **3000K:** Warm White, ideal for relaxing environments.
- **4500K:** Natural White, suitable for everyday tasks.

- **6000K:** Cool White, best for focused work or bright illumination.

3 COLOR TEMPERATURES

Adjust to create the perfect ambiance for any moment

6000K

Image: Visual representation of the three adjustable color temperatures (3000K, 4000K, 6000K) provided by the fan's LED light.

5.4 Reversible Motor Function

The reversible DC motor allows you to optimize air circulation for different seasons:

- **Summer Mode (Downdraft):** Press the 'Forward Rotating' button on the remote. Blades rotate counter-clockwise, pushing cool air downwards.
- **Winter Mode (Updraft):** Press the 'Reverse Rotating' button on the remote. Blades rotate clockwise, drawing air up towards the ceiling to circulate warm air.

6. MAINTENANCE

Regular maintenance ensures optimal performance and longevity of your ceiling fan.

- Cleaning:** Use a soft, damp cloth to clean the fan blades and motor housing. Do not use abrasive cleaners or solvents. Ensure power is off before cleaning.
- Blade Balance:** If the fan wobbles, check that all blade screws are tight. Balancing kits are available if needed.
- Light Source:** The integrated LED light is designed for long life and is not user-replaceable. Contact customer support if the light fails.

7. TROUBLESHOOTING

Refer to the following table for common issues and their solutions.

Problem	Possible Cause	Solution
Fan does not start	No power supply; Loose wiring; Remote not paired.	Check circuit breaker; Verify wiring connections; Pair remote control (refer to remote instructions).
Light does not work	Loose wiring; LED failure.	Check light kit wiring; Contact customer support for LED issues.
Fan wobbles	Loose blade screws; Unbalanced blades; Loose mounting bracket.	Tighten all blade screws; Use a balancing kit; Ensure mounting bracket is secure.
Remote control not working	Dead batteries; Remote not paired.	Replace batteries; Re-pair the remote control with the fan.
Fan makes noise	Loose screws; Motor issue.	Check and tighten all screws; If noise persists, contact customer support.

8. SPECIFICATIONS

Detailed technical specifications for the Breezary 72-inch Ceiling Fan.

Feature	Specification
Brand	Breezary
Model Name	72 Inch 8-Blade Silver Ceiling Fan with LED Lights (Black variant)
Color	Black
Product Dimensions	72"D x 72"W x 18.1"H
Item Weight	31.5 pounds
Power Source	DC
Wattage	60 watts
Voltage	120 Volts (DC)
Number of Blades	8
Air Flow Capacity	12 Cubic Feet Per Minute
Number of Power Levels	6 (Fan Speeds)
Light Type	Integrated Dimmable LED (22W)
Color Temperature	3000K/4500K/6000K

Feature	Specification
Control Method	Remote Control
Special Features	Adjustable Height, Adjustable Tilt, Low Noise, Reversible Motor
Indoor/Outdoor Usage	Indoor, Covered Outdoor
Assembly Required	Yes

9. WARRANTY AND CUSTOMER SUPPORT

Breezary provides a comprehensive warranty and dedicated customer support for your product.

- Warranty:** This ceiling fan includes a 30-day free replacement or refund policy and a 2-year warranty.
- Customer Support:** For any questions, technical assistance, or warranty claims, please contact Breezary customer support. Our team is available to provide assistance and ensure your satisfaction.
