Bibilock 61011

Bibilock Micro Blocks Cherry Bonsai Tree Building Set

Model: 61011

Brand: Bibilock

Introduction

This instruction manual provides detailed guidance for assembling your Bibilock Micro Blocks Cherry Bonsai Tree Building Set, Model 61011. This kit contains over 2000 micro-sized building blocks designed to create an intricate Sakura tree house model. Please read all instructions carefully before beginning assembly to ensure a smooth and enjoyable building experience.

Safety Information

- **Choking Hazard:** This product contains small parts and is not suitable for children under 14 years of age. Keep all micro blocks away from young children and pets.
- **Material Safety:** The building blocks are made from Acrylonitrile Butadiene Styrene (ABS) material, which is non-toxic and non-irritating.
- **Handling:** Handle blocks with care to avoid misplacing small pieces.

Package Contents

Upon opening the package, verify that all components are present:

- Approximately 2000+ Micro Building Blocks
- 1 x Colorful Instruction Manual

If any parts are missing or damaged, please refer to the "Troubleshooting" section for assistance.

Setup and Assembly

Assembling this micro block set requires patience and attention to detail. Follow the steps outlined in the included colorful manual. It is recommended to sort the blocks by color and shape before starting.

Preparation

1. **Clear Workspace:** Ensure you have a clean, well-lit, and spacious area to work on. This will help prevent loss of small pieces.
2. **Sort Blocks:** Carefully open the block bags and sort the pieces. Grouping similar colors and shapes can significantly speed up the assembly process.
3. **Review Manual:** Briefly review the entire instruction manual to understand the overall construction sequence.

Assembly Steps

Refer to the colorful instruction manual provided in your package for step-by-step visual guides. The manual will detail the construction of the base, the tree trunk, the tree house elements, and finally the cherry blossom foliage.

- **Base Construction:** Begin by assembling the foundation of the bonsai tree, as shown in the manual.
- **Trunk and Branches:** Proceed to build the main trunk and primary branches, ensuring secure connections.
- **Tree House Elements:** Integrate the small tree house components into the structure.
- **Foliage:** Attach the numerous micro blocks that form the cherry blossom leaves and flowers. This step often involves repetitive placement of small pieces.

Pay close attention to the orientation and color of each block as depicted in the manual. Incorrect placement may affect the stability and appearance of the final model.

Image 4: A detailed perspective of the model's base, illustrating the textured ground, tree trunk, and miniature landscape features such as grass and a small pond.

Displaying Your Model

Once assembled, your Bibilock Cherry Bonsai Tree is ready for display. Choose a stable, flat surface away from direct sunlight and excessive heat to preserve the integrity of the plastic blocks.

- **Placement:** Place the model on a shelf, desk, or display cabinet where it can be admired.
- **Stability:** Ensure the model is placed in a location where it will not be easily knocked over, as micro blocks can be delicate.

Maintenance

To keep your Bibilock Cherry Bonsai Tree looking its best, follow these simple maintenance guidelines:

- **Cleaning:** Gently dust the model regularly with a soft brush or a can of compressed air. Avoid using harsh chemicals or abrasive materials, which can damage the plastic.
- **Storage:** If disassembling for storage, keep all blocks in a sealed container to prevent loss and protect them from dust.

Troubleshooting

Here are solutions to common issues you might encounter during assembly or display:

Problem	Solution
Missing pieces	Carefully re-check your workspace and the packaging. Due to the small size of micro blocks, they can be easily overlooked. If pieces are still missing, contact Bibilock customer support (refer to the "Warranty and Support" section).
Difficulty connecting blocks	Ensure blocks are correctly oriented and aligned. Apply gentle, even pressure. Avoid forcing blocks, which can cause damage.
Model is unstable	Double-check all connections according to the instruction manual. Ensure all blocks are fully pressed together.

Specifications

Feature	Detail
Model Number	61011
Brand	Bibilock
Number of Pieces	2000+
Material	Acrylonitrile Butadiene Styrene (ABS)
Recommended Age	14 years and up
Assembled Dimensions (approx.)	15.2 cm (6 in) Height, 9.5 cm x 9.5 cm (3.7 in x 3.7 in) Base
Package Dimensions	22 x 4.98 x 29.97 cm
Product Weight	326.59 g (11.6 ounces)
Educational Objective	Construction Skills
