Tribesigns F1879-F1961

Tribesigns F1879-F1961 70.87" Modern Farmhouse Dining Table User Manual

Model: F1879-F1961

Brand: Tribesigns

1. INTRODUCTION

Thank you for choosing the Tribesigns F1879-F1961 70.87" Modern Farmhouse Dining Table. This manual provides essential information for the safe assembly, proper use, and maintenance of your new dining table. Please read these instructions carefully before beginning assembly and retain this manual for future reference.

2. SAFETY INFORMATION

- **Weight Capacity:** Do not load the table with more than 350 lb (approximately 158 kg). Exceeding this limit may compromise the table's structural integrity and lead to damage or injury.
- **Sharp Edges:** Exercise caution during assembly and use, as some components may have sharp edges.
- **Child Supervision:** Always supervise children around the table to prevent accidents. Do not allow children to climb on or play under the table unsupervised.
- **Stable Surface:** Ensure the table is placed on a flat, stable, and level surface to prevent wobbling or tipping.
- **Proper Assembly:** Follow all assembly instructions precisely. Incorrect assembly can lead to instability and potential hazards.

3. PACKAGE CONTENTS

Before assembly, verify that all components are present and undamaged. If any parts are missing or damaged, please contact customer support.

- Tabletop Sections (Engineered Wood)
- Table Legs (Solid Wood)
- Support Beams/Reinforcement Bars
- Hardware Kit (Screws, bolts, cam locks, dowel pins, adjustable foot pads, Allen wrench)
- Instruction Manual

4. ASSEMBLY INSTRUCTIONS

Assembly typically requires two adults. A screwdriver (not included) may be needed in addition to the provided Allen wrench. Follow these general steps for assembly:

1. **Unpack and Identify Parts:** Carefully unpack all components and lay them out on a soft, clean surface to prevent scratches. Identify each part using the provided parts list.
2. **Attach Support Beams to Legs:** Secure the support beams to the table legs using the designated bolts and cam locks. Ensure all connections are snug but do not overtighten until all parts are aligned.
3. **Assemble Tabletop Sections:** Connect the tabletop sections using dowel pins and any specified connectors. For sections secured with cam locks, ensure the cam screws are fully inserted and then tighten the cam locks to pull the pieces together firmly.
4. **Attach Legs to Tabletop:** Carefully align the assembled leg structure with the underside of the tabletop. Secure the legs to the tabletop using the provided hardware. Ensure all bolts are fully tightened for stability.
5. **Install Adjustable Foot Pads:** Screw the adjustable foot pads into the bottom of each table leg. These can be adjusted to level the table on uneven floors.
6. **Final Tightening:** Once the table is fully assembled and upright, re-check all bolts and screws and tighten them securely. Avoid overtightening, which can strip threads or damage wood.

Sturdy and Durable Construction: Enjoy Dining Together

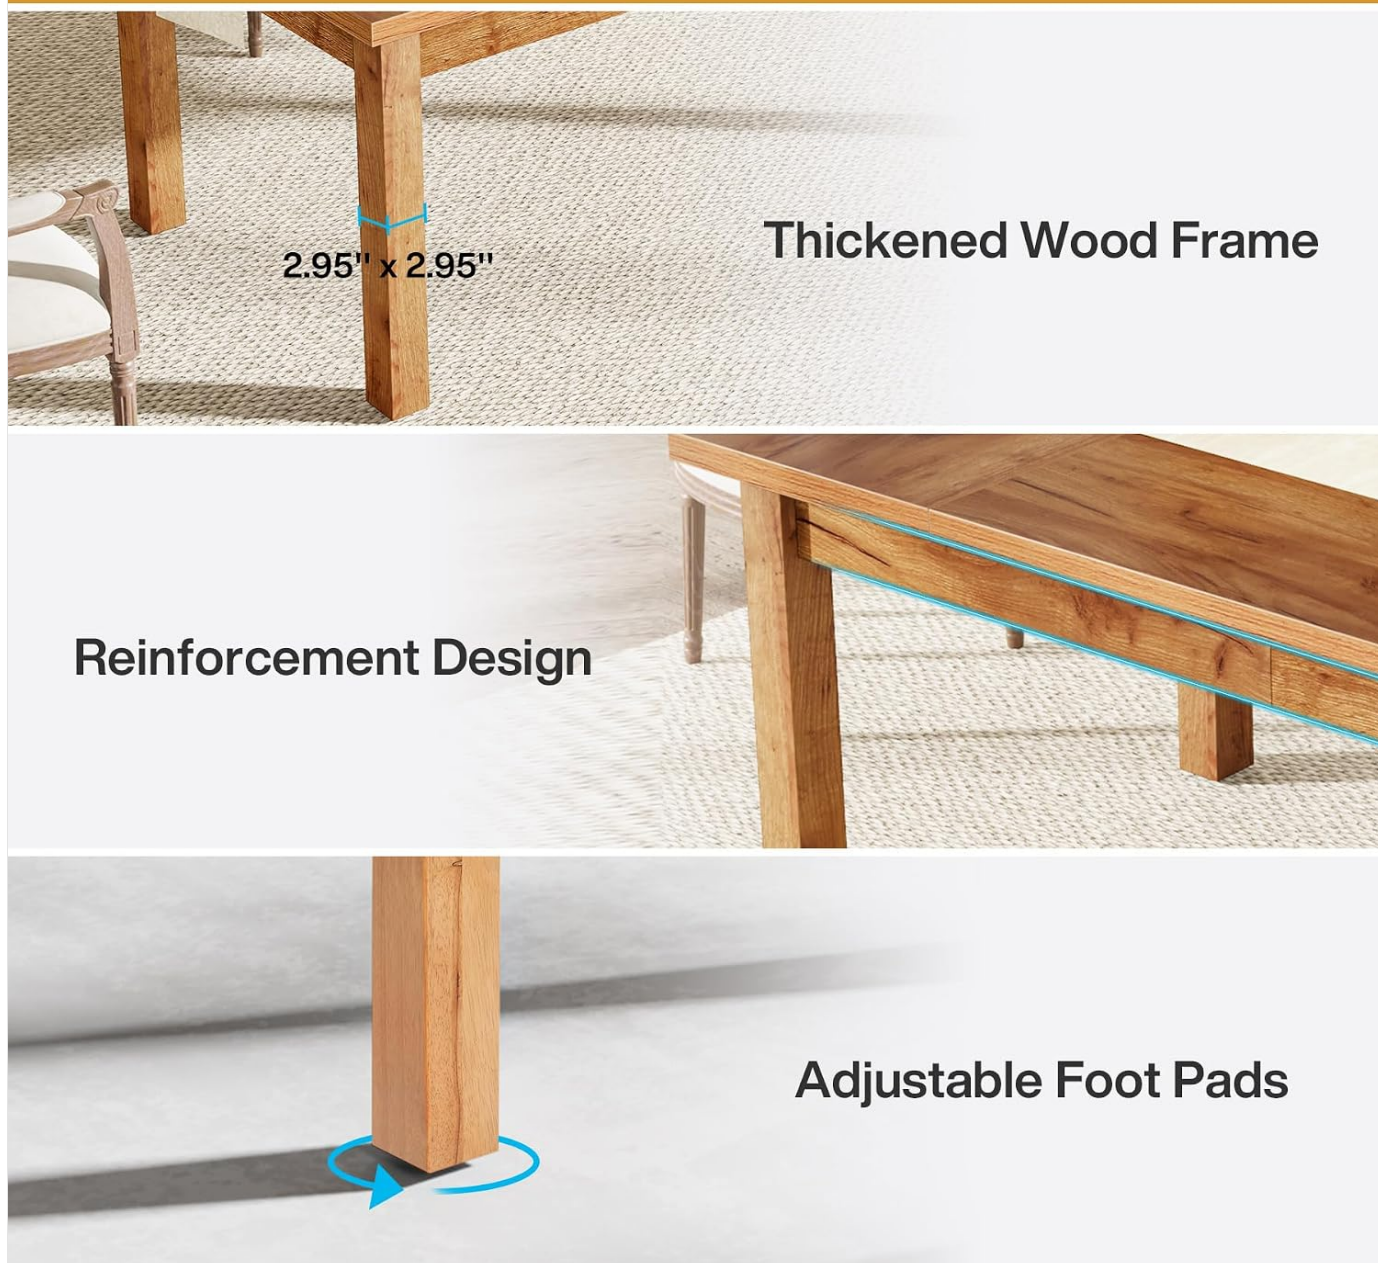

Figure 1: Illustration of the table's sturdy construction, including thickened wood legs (2.95" x 2.95"), reinforced design, and adjustable foot pads for stability.

Product Size

Easy Installation

Product dimensions are measured manually and there may be minor deviations

Figure 2: Product dimensions diagram, indicating a length of 70.87 inches, a width of 35.43 inches, and a height of 29.92 inches.

5. OPERATING INSTRUCTIONS

- **Seating Capacity:** This dining table is designed to comfortably seat 6 to 8 people.
- **Chair Clearance:** The table features ample legroom, allowing most dining chairs to be neatly stowed underneath when not in use.
- **Versatile Use:** While primarily designed for indoor dining, the table's durable construction and walnut finish allow for use as an outdoor table in covered or protected areas. Prolonged exposure to harsh weather conditions is not recommended.

Outside Table

Perfect for relaxing family meals and game nights on the patio, swimming pool, or sunroom

Figure 3: The dining table shown in an outdoor setting, demonstrating its versatility for use on patios or sunrooms.

6. MAINTENANCE

- **Cleaning:** Wipe the table surface with a damp cloth. Avoid using harsh chemicals or abrasive cleaners, which can damage the finish.
- **Spills:** Clean up spills immediately to prevent staining or moisture damage to the engineered wood surface.
- **Heat Protection:** Always use placemats or coasters under hot dishes to protect the tabletop from heat marks.
- **Regular Inspection:** Periodically check all bolts and screws to ensure they remain tight. Retighten as necessary to maintain stability.

70.9 Inches Extra Long & Spacious Tabletop

Offer Comfortable environment for 4-6 people to enjoy dinner

Waterproof

Anti-Scratch

Easy to Clean

Figure 4: The tabletop surface is designed to be waterproof, anti-scratch, and easy to clean, simplifying maintenance.

7. TROUBLESHOOTING

• Table Wobbles:

- Ensure the table is on a level surface. Adjust the foot pads on the bottom of each leg to compensate for uneven flooring.
- Check all assembly bolts and cam locks. If any are loose, tighten them firmly. Ensure cam screws are fully inserted before tightening cam locks.

• Tabletop Sections Not Flush:

- Verify that dowel pins are correctly seated in their holes.
- Ensure all cam locks are fully engaged and tightened, pulling the tabletop sections together. If cam screws appear to have 'blown out,' they may not have been properly seated or tightened. Disassemble and re-assemble carefully.

• Difficulty Assembling:

- Refer to the assembly diagrams and ensure all parts are oriented correctly.
 - Do not force parts together. If a part does not fit, re-check the instructions and part identification.
 - Ensure you have the correct tools (Allen wrench provided, screwdriver may be needed).
- **Limited Legroom Under Table:**
 - The table's design includes support rails under the tabletop. While designed for ample clearance, individual chair dimensions and user height may affect comfort. Consider chair height and design for optimal fit.

8. SPECIFICATIONS

Feature	Specification
Model Number	F1879-F1961
Dimensions (L x W x H)	70.87 x 35.43 x 29.92 inches (180 x 90 x 76 cm)
