nanoblock NBCC164

nanoblock Demon Slayer: Kimetsu no Yaiba - Tanjiro Kamado (Sun Breathing) Building Kit Instruction Manual

Model: NBCC164

Introduction

This instruction manual provides detailed guidance for assembling your nanoblock Demon Slayer: Kimetsu no Yaiba - Tanjiro Kamado (Sun Breathing) Character Collection Series Building Kit. This kit allows you to construct a miniature model of Tanjiro Kamado, featuring his Sun Breathing form.

The completed model stands approximately 2.48 inches (6.3 cm) tall and consists of 230 micro-sized building pieces. The assembly difficulty for this model is rated as Level 3 on a scale of 1 to 5, where 1 is the easiest and 5 is the most advanced. This kit is recommended for individuals aged 15 years and older.

nanoblock pieces are manufactured to high tolerances, ensuring a precise fit for creating intricate 3D art. Each set includes comprehensive step-by-step instructions to guide you through the building process.

Safety Information

WARNING: CHOKING HAZARD - Small parts. Not for children under 3 years.
Keep all small parts away from young children to prevent accidental ingestion. Adult supervision is recommended for younger builders within the recommended age range.

Setup and Preparation

1. **Unpack Contents:** Carefully open the product box and remove all nanoblock pieces and the instruction manual.
2. **Prepare Workspace:** Choose a clean, flat, and well-lit surface for assembly. This will help prevent losing small pieces and ensure clear visibility of the instructions.
3. **Organize Pieces:** It is recommended to sort the nanoblock pieces by color and shape before beginning assembly. This can significantly streamline the building process.
4. **Review Instructions:** Familiarize yourself with the entire instruction manual before starting. Pay close attention to the symbols and diagrams used.

Assembly Instructions (Operating)

Follow the detailed step-by-step diagrams provided in the included instruction booklet. Each step illustrates which pieces to use and where to place them.

- **Step-by-Step Guidance:** Proceed through the instructions one step at a time. Ensure each piece is securely attached before moving to the next step.
- **Piece Orientation:** Pay close attention to the orientation of each nanoblock piece as shown in the diagrams. Incorrect orientation can affect the stability and appearance of the final model.
- **Small Pieces:** Due to the micro size of the blocks (as small as 4mm x 4mm x 5mm), using tweezers can aid in precise placement and handling, especially for smaller or hard-to-reach areas.
- **Pressure Application:** Apply gentle, even pressure when connecting blocks to ensure a firm fit without damaging the pieces or the structure.

Maintenance

- **Cleaning:** To clean your assembled nanoblock model, gently wipe it with a dry, soft cloth. For stubborn dust, a soft brush or compressed air can be used. Avoid using water or chemical cleaners, as these may damage the blocks or cause discoloration.
- **Storage:** Store the assembled model in a stable location away from direct sunlight, extreme temperatures, and high humidity to prevent warping or fading of the plastic. If disassembling for storage, keep all pieces in a sealed container to prevent loss.

Troubleshooting

- **Missing Pieces:** While nanoblock sets typically include extra pieces, if you believe a crucial piece is missing, double-check your workspace and the packaging. If a piece is genuinely missing, refer to the support section for assistance.
- **Loose Connections:** If parts of your model feel unstable or loose, re-examine the corresponding steps in the instruction manual. Ensure that all blocks are fully pressed down and correctly aligned. Sometimes, slight adjustments to surrounding blocks can improve stability.
- **Difficulty with Assembly:** If you encounter difficulty with a particular step, take a break and re-approach it with fresh eyes. Verify that you are using the correct pieces and that their orientation matches the diagram precisely.

Specifications

Product Name	nanoblock Demon Slayer: Kimetsu no Yaiba - Tanjiro Kamado (Sun Breathing) Character Collection Series Building Kit
Model Number	NBCC164
Number of Pieces	230

Assembled Dimensions	Approximately 1.5 x 2.5 x 2.48 inches (3.8 x 6.35 x 6.3 cm)
Item Weight	1.09 ounces (30.9 grams)
Recommended Age	15 years and up
Manufacturer	Kawada
